B. F. Meyers & G. W. Benford, Editors. THE IMPOSTORS OF THE LAST CAM-PAIGN.

We need not remind the readers of this journal, that during the last campaign we did our best to warn the people against the frauds and hypocrisy of the leaders of the Opposition .-We prophesied that all their ranting about "procome to the unanimous conclusion that parties and politics are so shaped in the present Congress, that nothing will be effected during this session, concerning a modification of the Tariff." This, being interpreted, means that those "Republican" Senators and Representatives, "are determined that nothing shall be effected during this session of Congress concerning the modification of the Tariff." They reckon that as they were able, last winter, to defeat the President's Kansas Bill, they will, (by a conbination similar to that by which they succeeded in doing the former) be alike successful in preventing the establish ment of a proper Tariff .-Their object in opposing the revision of the Tariff, is to keep the question open for future discussion. They found it useful to them at the last election, and they suppose that having blind-folded certain people once, they can do for collection and settlement. See notice. it again. They want the Revenue to fall short, so that the Government will lack the means of paying its debts, and then they intend to raise such a howl about "extravagant expenditures" of the Administration, as will ring in the ears of the Democracy for all time to come. And now selling out her entire stock of Goods at if, perchance, the "hard times" should contin- first cost. ue, they think to bellow as lustily as ever for a. high Tariff, and to make the people believe that it was not their fault that the Congress of 1858-9, suffered the Tariff of 1857 to remain unchanged. Such impostors as these deserve to be "whipped naked through the world," and if the people do not soon protect themselves against their imposition, they may look to be swindled. not only out of their votes, but out of their rights as free and independent citizens.

MEETING OF THE LEGISLATURE.

The State Legislature convened at Harrisburg on Tuesday last, but at the present writing we have no account of its doings. The Opposition members of the Lower House, have nominated W. C. LAWRENCE, of Dauphin, for Speaker, flooring Col. McClure, of Franklin. Lawrence will, of course, be elected, as there is a decided majority of the ring-streaked and striped in that body. The Democrats have nominated P. G. Gritman, of Luzerne, for the same office, and Jacob Zeigler, of Butler, for Chief Clerk.

From the following which we take from the Harrisburg correspondence of the Pittsburg True Press (edited by a Republican) one might be led to suppose that "Simon" will soon point
