It is a fair precimen of the arguments which the un-encodes opposition to the Democratic party. pecimen of the arguments which the unscrupulous opposition to the Democratic party, make use of, in order to gain votes for their miserable conglomeration of factions. The wheat referred to is a new species, and is imported into this country for seed. The man who would try to make political capital of a matter like this, must be either an idiot, or a scoundrel, or both combined. Shame on a party that depends upon such jugglery as his to give it success ! Read the article, this to give it success. COMPOUNDED ENTIRELY FROM GUMS, Is one of the best purgative and liver medicines now before the public, that acts as a Cathartic, easier, before the public, that acts as a Cathartic, ensier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver re-medy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effect-ually, without any of the painful feelings exper-enced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses will strenthen and build it up with unusual rapid, lr.

A FINE HEAD OF RICH GLOSSY HAIR.

Talk of beauty, and it caunot exist without a fine head of hair, then read the following, and if you ask more, see circular around each bottle, and no one candoubt.

Professor Wood's Hair Restorative. - We Professor Wood's Hair Restorative. — We call the attention of all, old and young, to this won derful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a centinual flow of the natural fluids; and hence, if used as a regular dressing for the bair will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the grey, or diseased in scalp, to use it and surely the young will not. as they value the flowing locks, or the witching not, as they value the flowing locks, or the witching curl, ever be without it. Its praise is upon the tongue

curi, ever be without it. Its praise is upon the tongue of thousands. The Agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since: DEFR Rivers, Con., July 23, 1858. Mr. Levenworth—Sir: 1 have been troubled with dandruff or sourd on my head for more than a year, we have been to come out cause on their three.

my hair began to come out, scurf and hair together. I saw in a New Haven paper about "Wood's Hair Restorative" as a cure. I called at your store on the 1st of April last, and purchased one bott ic to try it and I found to my satisfaction it was the thing, it removed the scurf and new hair began to grow; it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this.--I don't know as any of the kind is used in this place, you may have a market for many bottles after

proving itself beneficial to me. The front, and also the back part of my head almost lost its covering-in fact had. I have used but two half pint bottles of your Restorative, and now the top of my head is wel studded with a promising crop of young hair, and thl front is also receiving its benefit. I have tried other many others to try it.

Yours respectfully, D. R. THOMAS, M. D.
