**Tojessor woods him Restorator.*—We call the attention of all, old and young, to this wood deful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a centinual flow of the natural fluids; and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the grey, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks, or the witching curl, ever be without it. Its praise is upon the tongue

f thousands. The Agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

Deep River, Con., July 23, 1858. Mr. Levenworth—Sir: I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out, scurf and hair togetherr I saw in a New Haven paper about "Wood's Hai.

Restorative" as a cure. I called at your store on the 1st of April last, and purchased one bott lc to try it and I found to my satisfaction it was the thing, it re-moved the scurf and new hair began to grow; it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this.— I don't know as any of the kind is used in this place, you may have a market for many bottles after it is known here. I have tried other preparations without any benefit whatever. I think from my own personal recommendation I can induce many others to try it.

Yours respectfully, D. R. THOMAS, M. D.
