Don't neglect a Cough. - Of all diseases Don't neglect a Cough.—Of all diseases to which we are exposed there is none more deserving of our immediate attention, than what is usually termed a "cough or cold," for the reason that if not arrested, they are apt to run into some fixed disease of some of the air passages, or pulmonary tissues, ending in consumption, or incarable brone lifts. The way to prevent this, is to get a bottle of Dr. Keyser's Pectoral Cough Syrup, made by that gentlemen, at his great drug and needleine clore, Pittsburgh, Pa. The preparation of Dr. Keyser has received the recommendation of hosts of respectable persons in Pittsburgh, where it is made and will not fail to cure most incipient cases of pulmonary disease.
