Scrofula, or King's Evil, Scrofula, or King's Evil, is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofu-lous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. What-ever be its origin, it is hereditary in the constitu-tion, descending "from parents to children unto the third and fourth generation ?" Indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tuber-eles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; con-sequently, vast numbers perish by disorders which, althoueh not scrofulous in their nature, are still ren-

to withstand the attacks of other diseases; con-sequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still ren-dered fatal by this taint in the system. Most of the consumption which decimates the human fareful has its origin directly in this scrofulous contaming-tion, and many destructive disease of the line. nas its origin directly in this scrofulous contantiga-tion; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise

kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause. One quarter of all our people are serofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleans it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in supply in
