## THE ELECTION.

The news we have thus far received concerning the election which took place on Tuesday last, indicates the defeat of the Democratic State Ticket, though by a much smaller majority than that obtained by the Opposition, last various localities, and if we go into the contest last night. next year as a united party, Pennsylvania will cast her electoral vote, as usual, for the Democratic nominee for President. We have reached the lowest point of depression, and by the Huntingdon and Broad Top Railroad are bound to rise the next time.

As for Bedford county, she has done very well, though a full turn out on the part of our Democracy would have increased our majority several hundred. In several of our heavy townships, fifty or sixty Democratic voters Increase stayed at home. Instead of turning out to Six miles and a half of the B. R. Their lame, their halt and their blind were there. Their aged, their feeble and even their sick were hauled to the polls. Will not Democrats learn that their enemies are always at their post and that it we desire success we must imitate their example?

Our entire county ticket, with the exception and Judge Terry. of the nominee for Associate Judge, has been elected. The majorities will range from 100 to 200. The Democratic State Ticket has about the same majority as last year. The race between Coffroth and Williams, for the Legislature, is close. The defeat of Capt. States, for this melancholy event. Associate Judge, is owing to a practical joke of some excellent Democrats who delight in hearing the mongrel Opposition crow over the defeat of Democratic candidates. Their services are duly appreciated by the party they have be-

## HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every mem ber of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has in-troduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters

that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatalency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoa, dysentery or flux, so generally contracted by new settlers, and cansed principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? Alt nations have their Bitters, as a pre-ventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render un-necessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is re-moved as speedily as is consistent with the pro-

duction of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfectled constitution and suffering from an entreoled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nour-ishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Hostetter's Monach Bitters, is needed to impact temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Ditters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa, and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.
