Permanent Office.

Complying with the urgent request of hundreds of their patients, DR. C. M. FITCH & J. W. SIKES, Have concluded to remain PERMANENTLY IN PITTSBURGH, and may be consulted at their office, NO. 191 PENN STREET, Opposite St. Clair Hotel.

Daily, except Sundays for Consumption, Asthma, Bronchitis, and all other Chronic Complaints, complicated with or causing pulmonary diseases, including Catarrh, Heart Disease, Affections of the Liver, Dyspepsia, Gastritis, Mucous Complaints, &c. DR. FITCH & SIKES, would state that their treatment of Consumption is based upon the fact that the disease exists in the blood and system at large, both before and during its development in the lungs, and they therefore employ Mechanical, Hygienic and Medicinal Inhalations, which they value highly, but only as Palliatives, (having no Curative effect when used alone), and Inhalants are carefully cautioned against using the precious time of curability on any treatment based upon the plausible, but false idea that the seat of the disease can be reached in a direct manner by Inhalations, for as before stated, the seat of the disease is in the blood and its effects only in the lungs.

NO CHARGE FOR CONSULTATION. A list of questions will be sent to those wishing to consult us by letter.

Evans & Watson

Have had the sorest demonstration in the following certificate that their manufacture of Salamander Safes has at length fully warranted the representations which have been made of them as rendering an undoubted security against the terrific element of Fire. Messrs. EVANS & WATSON, Gentlemen,—It affords us the highest satisfaction to state to you, that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some few months since, we saved a large portion of our jewelry, and all our books, papers, &c., exposed to the calamitous fire in Kanstedt Place, on the morning of the 11th instant.

When we reflect that these Safes were located in the fourth story of the building we occupied, and that they fell subsequently into a heap of burning ruins, where the vast concentration of heat caused the brass plates to melt, we cannot but regard the preservation of their valuable contents as most convincing proof of the great security afforded by your Safes.

We shall take much pleasure in recommending them to men of business as a sure reliance against fire. GEORGE W. SIMONS & BRO., Jewellers. Who have purchased six large Safes since. April 29, 1859, lyr.
