DR. M'LANE'S VERMIFUGE. PREPARED BY FLEMING BROS. OF PITTS-BURGH.

During a practice of more than twenty years Coco-bay, Dr. M'Lane had attended innumerable relations af-flicted with every form of worm disease, and was induced to apply all the energies of his mind to the discovery of a vermifuge, or worm destr over, cerdiscovery of a verminge, or worm destroyer, ter-tain in its effects; the result of his labors is the A-merican Worm Specific, now before the public, Market and Stiff Joints, Elephantiasis, prepared by Fleming Bros. of Pittsburgh, which is perfectly safe, and may be given alike to children of the most tender age, or to the aged adult; it the words - Hoctoway, New York and Love purges mildly and subdues fever, and destroys are discersible as a Water-mark in every leafor worms with invariable success. It is easy of ad- book of directions ministration, and as it does not contain mercury in any form whatever, no restrictions are necessary dering such i with regard to drinking cold water, nor is it capa- tion of any par led by this great vermifage-

Yet how preposterous it is to talk in this style-granted, even that they have consulted medical men, without success, that does not imply that they are incurable-else would thousands, abandoned as past hope, be left to the barrowing tortures of despair-the question lies in this have they tried Holloway's Pills and Ointmenthave they read, or put in practice the plain direc-197 the cure they are so anxious for.

------Bad Legs, Bad Breasts, Sores and Ulcers.

All description of sores are remediable by the proper and diligent use of this inestimable preparation. There again bread and water poultices, after the rubbing in of the Onitment, will do great service. This is the only sure treatment for females, cases of cancer in the somach, or where there may be a general bearing down.

Blotches, as also swellings, can, with certainty, be radically cured if the Ointment be used Ireely, and the Pills to take a night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this Ointment will remove the humour from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a lasting cure.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every mer It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels,

coperate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspensia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Billious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, a.c., these Bitters have no equal.

Diarrhea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspensia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive overans, can be away with the distributed to derangements of the digestive be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated head are a provincial to the control of the con

above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. For Persons in Advanced Vears, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the nother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.
