DEMOCRATIC MEETING. The Democrats of Bedford county, are tespectfully requested to assemble in Mass Meeting, at the Court House, in Bedford, on Monday evening of Court week, Feb. 13th, 1860, for the purpose of selecting delegates to the coming Democratic State Convention and to transact such other business as may come before them. A large attendance is desired. The conservative and Constitution-loving men tice. of other parties are invited to attend.

By order of the Democratic Co. Com. O. E. SHANNON. Chairman

A SPEAKER ELECTED AND DEFEATED. WHO ARE THE DISORGANIZERS NOW?

On Friday last, a scene occurred in the House of Representatives at Washington, which is unparallelled in the whole history of political contests. The long struggle for the Speakership was brought to a close. The Hon. W. N. H. SMITH, of North Carolina, an Old Line Whig, opposed to Know Nothingism and Black Republicanism, but in favor of a higher Tariff than the present, was chosen by a vote of 116 to 106 for Sherman, and 6 scattering. The news flew on lightning wings from one end of the country to the other. The suffering creditors of the Government lifted up their heads in hope. The people, sick of agitation and intestine quarrels, hailed the welcome message with feelings of liveliest joy. The patriotic and conservative men of the country exulted, for they felt that one of their own number was the Speaker of the Thirty Sixth Congress. But how suddenly a change came over the spirit of these good tidings ! They were but as the April sunlight that breaks for a moment through the rift of obscuring clouds. Alas! for the honor, the dignity, the interests of Pennsylvania, four of her representatives, when they found that Mr. Smith was elected, withdrew their votes from him and cast them for Mr. Corwin, of Ohio! These four TRAITORS will be marked forever hereafter in the politics of the country. Let the blackness of darkness surround the record of their names ! Let them be mourned as politically dead, as partizan desperadoes who died by their own hands !

These are the men, the leaders and spokesmen of the super-glorious, and extra-patriotic "People's" party, that have re-plunged Congress into the turmoil, the commotion, confusion, dissension and strife from which it was about emerging. These are the men, these independent, party-untrammelled, liberal-minded, dignified, conservative gentlemen, that by their treachery, puerile and silly though it be, undo the work of patriotism and bring chaos again to the men, the disinterested, high-toned, is corruptible patriots, who go to Congress for nought izers. It has thrown aside its former sectionalism, and may now be fairly considered the organ of American intellect. We will furnish the Atlantic and the Gazette both, one year, for \$3.50.

MR. MEYERS:-Bedford can at last boast of Schoolhouse worthy of her fame, and on that does honor to her free and enlightened cit izens. There will no more be occasion to pacl away her children in ricketty, falling down being now made to secure to the children beautiful and wholesome rooms, with all necessary conveniences for teaching according to the mo approved modern method. The Directors have ing determined to open the public schools it the new "Union Building," on the 6th of February instant (having secured the services of ar enlightened practical Teacher as Superintendent, also of the necessary assistants) I took the opportunity of a few leisure moments to visit the new building. I was much gratified with it and its surroundings; it is beautifully located on the southern border of the town, on a lot o nearly two acres, neatly graded and with a fine southern exposure, in the centre of which the building is placed; it is plain and neat, and presents a chaste front, (without any useless or namentation) of eighty tour feet, including wing at each end of some ten feet; in depth i is sixty four feet, the whole under a handsome ly designed metal roof, surmounted with a neal On entering the building I found the wings fitted up for wardrobes, and with sufficient capacity to admit of ample stairway to the second story. On the first story I found four rooms of admirable dimensions for the purposes designed, being each 25 by 30 feet, ceilthe health of the inmates, and provided with ventilating flues and registers, all communicating by doors in the centre, giving the Superinendent free access ;-each room is provided with the best black surface I ever saw, the work of Mc Fowler, of Philadelphia; it presents the appearance and touch of an immense slate, and is handsomely framed in the wall. On ascending the stairs I found two rooms in front, similar in size, arrangement, and conveniences, blackboards, &c., as those below, ma king six rooms of the capacity mentioned; and on the western side an elegant chamber, sixty feet long by twenty five wide, which until wanted for school rooms, can be used for a genalso all the requisites of the school room. Thus I found the building of sufficient capacity for eight schools of from 50 to 60 pupils each, which will fully meet all the wants of the Borits details, appears complete. The Board of Directors have been active and energetic in prsecuting this work, and must necessarily have workman, and then, when the schools are fultime will have come for which the friends of education have so long wished, and the citizens of Bedford will no more be subjected to sneers and contemptuous remark, for their want of "spirit" in this direction. Messrs. Baker, Fulford, Shuck and dent remarked that the school should be governed like a well regulated family, and that cases may occur in which it is really necessary to use the rod; but it should be used only when all other proper means of government have failed. U. S. CAPITOL, WASHINGTON, Jan. 27. SENATE.-The Sen ate was not in session today, having adjourned, last evening, till Monlav next. On motion of Mr. Maynard, the House deci-

ed to proceed to a vote for Speaker. The House proceeded to vote for Speaker amid much excitement, Mr. Mallory of Ken-

tucky, having formally nominated Mr. Smith, of North Carolina.

Mr. Clemens, D., Virginia, said he had voted for Messrs. Bocock, Maynard, Millson, Scott and Gilmer, successively, in the expectation and hope in some degree to contribute to the restoration of harmony. He had gone out like the dove with the olive-branch, but found no spot to rest his foot in the wide waste of waters. He wished to go on no more voyages of discovery, but would vote for the gentleman who would concentrate the votes of his friends. When he voted for Mr. Smith vesterday, he was struck by surprise to find that while Mr Gilmer voted for his own colleague, (Mr. Smith) three other gentlemen of his own party consistently adhered to Mr. Gilmer. When he should discover that any gentleman acting with the twenty-three Southern Opposition members, could concentrate their support, and when the question shall occur as to the ninety odd Democrats joining them, he would consider the propriety of his course. For the present he acted for himself,

and would vote for Mr. McRae. Mr. Mallory replied that they had now rethey would again present him as their candidate. Every member of the American party had voted for him. That was the understanding and the condition fixed upon. If all the Democrats had voted for Mr. Smith he could have been elected and the Republican nominee defeated. Let the country know the fact.

The South Americans voted for Mr. Smith, and various gentlemen seeing a prospect of an abandoned him. election, changed their votes for him. Some of them made brief explanations, stating that they desired to promote harmony and end the contest. Frequent applause and marked attention prevailed on all sides.

Messrs. Morris and Millward of Pennsylvania, Nixon, Scranton and Wood, who had heretofore voted for Mr. Sherman, now voted for Smith.

[Cries on the Republican side of "Announce the result !"]

Before the result was announced, there was a change in the current of feeling, Mr. John Cochrane rising to give reasons why he could vote for none but a Democrat.

Other explanations were made by Deinocrats or a change of their votes to Smith. It was understood that Messrs. Lamar, of

Mississippi, and Ashmore of South Carolina, severally changed their votes to Mr. Smith, the announcement of which was received with oud applause in the galleries and on the Democratic side.
Mr. Sickles, of New York, followed their ex-

ample, saying he had voted for a National con-servative man, and with a sincere desire to allay the existing agitation. [Applause.]

Mr. Craige of North Carolina, (who had uni-formly voted for Mr. Bocock,) believing the contest was about to be ended, voted for Mr.

Mr. Clark of New York, deemed it his duty to yield something of individual opinion to contribute to the repose of the country so far as that result can be effected by the organization of the House. Without waiving any political view, he gave his vote for Mr. Smith. [Applause.

Mr. McRae, of Mississippi, and others changed their votes to Mr. Smith without making any explanations.

Mr. McClernand said at is was now in the power of the Democratic party proper to elect Mr. Smith, he changed his vote for him, and expressed the hope that the Democrats of the Northwest would give him their support.

Mr. Bocock said that he was always willing to unite on any sound man, and voted for Mr.

Other Democratic changes to Smith were made, with occasional remarks, some saying that they desired to give peace to the country and strike a blow at the "irrepressible conflict" party, preferring a National Whig to a sectional Republican. Mr. Morris, of Illinois, said that if his vote

could elect Mr. Smith, he would not give it. Other explanations were made favorable to changes for Mr. Smith, and the most intense interest prevailed throughout the proceedings. Mr. Cobb, of Alabama, made a humorous speech, by way of exhortation, to his dissenting political friends to come up and support Mr. Smith.
