Holloway's Pills.—Caution the parent of safety. A word of hope.—Delicate females expanding into the full bloom of womanhood are FORWARDING & COMMI frequently condemned by a false polity of society to be the lingering victims of complicated disorders; or prevented by their timid and sencitive natures, or the reprehensible neglect of mothers from acknowledging the cause of their ailments. How many girls have been consigned to the cold and pitiless embrace of death through sheer ignorance, or that want of confidence which should exist between parent and offspring. When mothers behold their daughters droop-the pallor'of the lily substituted for the bloom of the rose-the dim and lack lustre eye-the gradual emaciation of the body-let them take heed-a crisis has arrived which demands their utmost vigilance and solicitude; Holloway's Pills are an effectual remedy for these manifold complaints.

FITS! WHY PROMINENT.

For a long time there was a paragraph making its regular weekly appearance in our columns with the brief, but emphatic words "Fits! Fits!" always at the head, to some an offensive caption, but not so to the benevolent and humane, who could sympathize in the sorrows of others. Some persons are shocked at any indication of disease, and are even thrown into nervous excitement on witnessing a hearse or a coffin. Such are to be pitied. We should always strive to look disease and even death in the face with calmness, and especially take every unity for allowing disease. Viewed in this light, the advertisements of S. S. Hance, of 108 Baltimore street, Baltimore, Md., possess a certain enterest, and those who know of any one suffering from Epilepsy, Spasms, or Fits of any kind, should feel it a pleasure to cut out his advertisement, or in great value of his remedies. They can be sent to any part of the country by mail. Price, \$3 per box. Two, \$5. Twelve, \$24.

IT IS A common observation that there are more sufferers from debility among Americans, than can be found among any other civilized nation .-The reason is obvious. We take too little exercise, and forget the wants of the body in the absorbing pursuits of business. In all such cases, ordinary medicines can do little good. What is required is just such a tonse and invigorator as Dr. J. Hostetter has given to the world, in his Celebrated "Bitters." The weak and pervous denizen of the counting house, the exhausted toiler u pon the shop-board, and the prostrated student of the midnight lamp, have found a wonderful regenerator in the "Bitters," and prefer it to more pretentious, b ut less efficacious me dicines. But it should not be forgotten that the agent which is so magical in its influence upon a frame which is so debilitated, is equally powerful in assisting nature to expel the most terrible forms of disease. Who will not give it a trial?

HOSTETTER'S STOMACH BITTERS.

Ir is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course te pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this nurpose, Dr. Hostetter has inlife. For this purpose, Dr. Hostetter has in-troduced to this country a preparation bearing his name, which is not a new medicine, but one his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, easile the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausca, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colie, Cholera Morbus, &c., these Bitters have no equal.

Bysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various foræs, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infal-lible? All nations have their Bitters, as a prelible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grass no

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Fears, who are suffering from an enfeebled constitution and

suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, And to a child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION — We continue to public against wine.

CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle bas the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label. ar Prepared and sold by HOSTETTER &

Piles, Fistulas, Strictures.

The above class of complaints will be removed by nightly fomenting the parts with warm water, and then most effectually rubbing in the Ointment. Persons suffering from these direful complaints lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There [again bread and water poultices, after the rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

Blotches, as also swelling s, can, with certainty be radically cured if the Ointment be used freely, and the Pills be taken night and morning as secommended in the printed instructions. When treated in any other way they only dry up in one place to break out in nother; whereas this Ointment will remove the humour from the system, and leave the patient a vigorous and healthy being.
