T. LITTLETON LYON, A. M., }
THE Spring session of this Institution will open on Friday, the 17 day of February 1860.
It is the design of the Principals, to make this Academy, in all respects, a first class Institution, for the thorough instruction of youth of both sexes, and to prepare them for any profession or position in life.

The beauty of the scenery and the salubrity of the climate render Bedford a most desirable location for such a school.

Daily, except Sundays for Consumption, Asthma, Bronchitis, and all other Chronic Complaints, complicated with or causing pulmonary diseases, including Catarrh, Heart Disease, Affections of the Liver, Dyspepsia, Gastritis, Female Complaints, &c. DR. FITCH & SIKES, would state that their treatment of Consumption is based upon the fact that the disease exists in the blood and system at large, and therefore employ Mechanical, Hygienic and Medicinal Inhalations, which they value highly, but only as Fallacies, (having no Curative effect when used alone), and Inhalants are earnestly cautioned against using the precious time of curability on any treatment based upon the plausible, but false idea that the seat of the disease can be reached in a direct manner by Inhalation, for as before stated, the seat of the disease is in the blood and its effects only in the lungs.
NO CHARGE FOR CONSULTATION.
A list of questions will be sent to those wishing to consult by letter.
