EASON AND COMMON SENSE.

Definition of the cure of Epileptic Fits.

Mow, in doing so we have been actuated by the very best motives, viz: the alleviation of human suffering. From circumstances which have lately come to our knowledge, we fear there is a certain class of persons who are not disposed to try this remedy in a common sense manner. We allude to the fact of electing a particular case in a town where perhaps there are six or eight cases, and trying it on one there are six or eight cases, and trying it on one case. Now, perhaps the case selected might be the only one in the whole aumber that it would not only one in the whole aumber that it would not only one in the whole aumber that it would not only one in the whole aumber that it would not only one in the whole aumber that it would not only one in the whole aumber that it would not only one in the whole aumber that it would not only one in the whole aumber that it would not only one of the wh only one in the whole number that it would not only one in the whole number that it would not only one in the whole number that it would not down with cholera in one town or neighbothood, would they all send for a physician, or would only one employ him, and see if he cured the first patient? That pian of procedure would be most absurd. So in the case of Dr. Hance's remedy, every one who has fits should try it for a reasonable length of time. It will not cure in a glay or week; nothing worth doing can be accomplished at once. What is easily done, is easily undone. The growth of time is enduring. From the most respectable testimony we have examined, we feel assured that by a proper perseverance in this remedy, nine cases of proper perseverance in this remedy, nine cases of Epilepsy out of ten may be cured. The Pills are sent by mail free of postage to any part of the world. Price : one box \$3; two \$5; twelve \$24. You will find the address above.

AVE YOU A DISEASED LIVER ? The question though startling, is sufficiently suggestive when the fact is taken into consideration that diseases of the Liver
have become most alarming frequent in the United
States. Indeed, there are few formidable diseases
that are ret in some way. States. Indeed, there are few formidable diseases that are not in some way traceable to a deranged state of that important organ. Many of the complaints usually classed under the head of Consumption, have their origin in the Liver. "Any remedy that would insure regularity and healthful action in the Liver, would be a blessing to mankind!" has been found; it is safe and sure. When a fair trial has been afforded it, it has never been known to fail.

Reader, have you any disease of the Liver, or disease which you believe proceeds from hepatic deparangement? Lose not a moment, but purchase a Box of Dr. M'Lane's Pills, prepared by Fleming Brost, Pittsburg, Pa., and they will restore you to health. It is the only remedy yet discovered in which implicit confidence may be placed.

Thurses will be careful to ask for DR. M'LANE'S CELEBRATED LIVER PILLS manufactured by FLEMING BROS., of Prittsburgh, Pa. All other Liver Pills in comparison are worthless. Dr. M'Lane's genuine Liver Pills, can now be had at all respectable drug stores. None genuine without the signature of FLEMING BROS.

CHILLS AND FEVER!

One of the greatest remedies that has ever been laid before the public for Fever and Ague, and which have received the highest encominms from the press and the people is Dr. Hostetter's Celebrated Bitters. Who would endure the tortures arising from this terrible disease waen it can be so easily cured? Who would endure sleepless nights, burning fevers, and rey chills alternately, when a remedy can be obtained for a mere trifle? And yet how many families linger out a painful existence under this deadly blight, and do nothing but gulp down quinine, until it becomes as common as their daily meals, and yet they are not relieved. None but the foolish and weak would besitate to procure these valueble Bitters, and save then.s-ives intense agony. Sold by druggists and dealers generally, everywhere. WE beg leave to call the atten-tion of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE, For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS. For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled. and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every mem-ber of the human family is subject to disease of disturbance of the bodily functions; but, with the aid of a good tenic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has in-troduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters operate powerfully upon the stomach, bowels and liver, restoring them to a healthy and vigorous action, and thus, by the simple pro-cess of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nau-

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., theso Bitters have no equal.

Diarrhesa dysentery or flux, so generally contracted by new settlers, and censed principally by the change of water and diet, will be specifily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why, not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Agus.—This trying and provok-ing disease, which fixes its relentices grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the

RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Fears, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION .- We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS. and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the eork, and observe that our autograph signature is on the label.

Holloway's Ointment.

Bad Legs, Bad Breasts, Sores and Ulcers. All description of sores are remediable by th proper and diligent use of this inestimable prepara tion. To attempt to cure bad legs by piestering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains the skin unite, a boggy diseased condition remains underneath to break out with temfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflamma-tion in and about the wound, and to soothe the neighboring parts by rubbing in plenty of the Ointt, as sait is forced into meat.

Diptheria, Illcerated Sore Throat, and Scarlet and other Fevers.

Any of the above diseases may be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part whereas the Ointment will do its work at once.— Whoever tries the ungeunt in the above manner, for the diseases named, or any similar disorders afterting the chest and throat, will find themselves re-

Piles, Fistulas, Strictures.

The above class of complaints will be removed by nightly fomenting the parts with warm water, and then most effectually rubbing in the Ointment. Persons suffering from these direful complaints lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be ta-ken into the system, whence it will remove any hidden sore or wound as effectually as though pal-pable to the eye. There fagain bread and water poultices, after the rubbing in of the Ountment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general heating days. there may be a general bearing down.

Indiscretions of Youth ; - Sores and Ulcers. Blotches, as also swellings, can, with certaint be radically cured if the Ontment be used freely, and the Pilis be taken might and morning as recommended in the printed instructions. When treated many other way they only dry up in one place to break out in nother; whereas this Ointment will remove the humour from the system, and leave the patient a vigorous and healthy being. It will re-quire time with the use of the Pilis to ensure a las-

Dropsical Swellings, Paralysis and Stiff

Joints. Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in comparatively short space of time, when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the printed directions accompanying each box.

Both the Ointments and Pills should be used in

the following cases: Gout, Glandular Swellings, Bad Breasts, Lumbago, Rheumatism, Bites of Moschetoes and Sand-Flies, Scalds, Sore Nipples. Sore-throats, Skin Diseases, Chilblains, Chapped Hands, Corns (Soft) Scarvy, Sore-heads lancers, contracted and Stiff Tumors,
