This difference added to the cost of each one per week, for the ten last years, \$1.71, this concluded all expenses of Poor House, embracing Steward's salary, his family, Physician's salary, Directors, Clerks, &c. From a thorough and rigid investigation of every Treasurer's and Steward's report, which involved an examination of every single item in each one for ten years, nothing was detected but a fair and full statement of income and out-lay. Some bills taining expenses of Poor House, over and above years, nothing was detected but a fair and full statement of income and out-lay. Some bills were allowed occasionally which looked extravagant, but they would not have been paid without checks being granted by the Directors. There is some room for economizing; but the Jasas In testimony whereof I have hereunto avoidable cost of a very large family of say 60 J.S.J. set my hand and seal of said court, at Bedpeople (including Steward and family) to be fed and clothed all the time; following in its train, Physician's bills, medicines, burial expenses, Clerks, Directors, Justices, making out warrants, constable's fees in bringing paupers Sec. &c. These latter things make up a large bill of items each year, which are not seen, but on the 20th day of April, A. D. 1860, before the Judges of the said court,

manner in which some are made out, it is impossible to get items seperated so as to get them exactly under the proper head. It is suggested, hereafter, that for ready information, and a clear exhibit of facts the Treasurer with the suggested of tion, and a clear exhibit of facts, the Treasurer

STATISTICS OF THE POOR and Steward keep their accounts, and make out House of Bedford County for their reportshowing the income of the Mill, Ten Years, including Receipts in one column; the expenses in another, and care not to trespass on the lands of the subscrithe same with regard to the farm and Poor bers, after this date, otherwise they will be dealt House property. They are three separate with according to law. House property. They are three separate concerns, and the accounts should be kept so.

The varied amount of expenses in different years is accounted for from the facts that more checks were lifted in some years than others. The first three of the above ten, shows the average cost of paupers small; the next column of receipts by Treasurer explains it in the amount of taxes received, and consequently the small amount paid out.

Too loose a practice has prevailed in allowing exonerations to collectors; a more rigid rule would save the honest, willing tax-payers a large amount.

Collectors, if allowed, get in the habit of putting every bddy on the 'scape list who don't pay just when asked; this practice has been a source of considerable burthern to the tax payers within ten years. Collectors should bear in mind that no man can plead the three bondred dollar law against taxes; and this rule enforchd, will leave very few in Bedford county unable to contribute their mite to the support of the Poor.

The yield of 124 per cent on the investment at original cost, may probably admit of a small deduction; but very little. Under no circumstances could it get below 10. The board of commissioners appointed to sell the property and buy another, &c., are satisfied that such a change would be realized. a change would be useless and unwise. The objection to the property being on the turn-pike is no objection when it is taken into consideration that the way-faring population must a change would be useless and unwise. The be supported any how; it will not do to let them starve; the poor-house is made for the them starve; the people of the county may as well keep them as those who live along the road; the tax-payers along the turnpike have, as it is, more than their share of beggars.

besides this, if the Institution were eight or ten miles, or three or four miles from town on a larm, a great many way-farers would resort to it at all events; the Physicians would have to ride further, and charge more, the paoper's clothing would have to be hauled and carried er and Leonard Negum's heirs situate in said town. clothing would have to be hauled and carried to them; the grand jury would have to visit them at a big expense; a Stdward and a hand or two would have to be constantly on the go to furnish supplies; the expense of several hands on a farm; a large number of horses and cattle constantly to feed and all the other expenses attending a grain-glowing farm with its vast amount of labor, make it in their opinion, highly expedient and proper to keep what they now have rather than venture on untried experiments. An improvement, however, should be made; a new house ought to be built for the paupers; this can be done without much outclothing would have to be hauled and carried er and Leonard Nycum's heirs, situate in said townpaupers; this can be done without much outlay, and should be so arranged as to have a place or department exclusively for the sick and another place separately for the way-farers. These places properly attended to and cleansed as they should be, will relieve the rest of the paupers from suffering, and the Steward from a great deal of trouble and odium.

BEDFORD COUNTY, ss.

At an Orphans' Court held at Bedford, in and for the County of Bedford,

The mill and farm taken together exhibit an astonishing result. No real estate property in the county pays like it. The mill is a source of steady increase, yielding as much as most tarms alone, after paying all its expenses, whilst the farm and gardens, are still more interesting in their results.

It is not a grain growing farm; but with a large meadow, and its yield of corn, with work done principally by the Steward and paupers, the net increase is large, and the garden still larger. From 2500 to 3000 hears of cabbage, larger is more interesting in Cedar county, lowa, Barbara, who was intermarried with John Devore, in Ohio, since dead, larger. larger. From 2500 to 3000 hears of cabbage, 2 & 300 doz. cucumbers are the annual yield of the garden, including beets, parsnips, beans it, a proportion. The best thing about it, is, the work costs nothing, or very little. It is a kind of work, paupers can and will do.

The above table is as near correct as it could be made from the reports. From the mixed manner in which some are made out, it is impossible.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing It is a fact that, at some period, every mer troduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple pro-

vigorous action, and thus, by the simple sys-cess of strengthening nature, enable the sys-tem to triumph over disease. For the cure of Dyspepsia, Indigestion, Nau-sea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps Dysentery, Colle, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally con-Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy recole they. not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provok-

ing disease, which fixes its relentless grasp on the body of man, reducing him to a mere sha-dow in a short time, and rendering him physically and mentally uscless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any claunge of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invainable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indis

only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is incdequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.
