TRY HIM BY HIS RECORD.

Edward McPherson, the Black Republican candidate for member of Congress for this district, in his speech at this place, on Tuesday night of Court week, challenged the voters of Bedford county to try him by his Congressional record. We take up the gauntlet thrown down by Mr. McPherson, and refer to one very dark spot on that record. Our readers, doubtless, remember the protracted and violent struggle for the Speakership of the National House of Representatives, which took place last Winter. The original nominee of the Republican party, was JOHN SHERMAN, of Ohio, an ultra anti-slavery man, whom the Northern fanatics in Congress had determined to force upon that body as its presiding officer. Mr. Sherman was opposed by all the conservative members, whether Democrats, Americans, or Whigs. He had endorsed the infamous HELPER BOOK, a work which counsels abolition of Slavery by fire and sword, which urges the irrepressible conflict between the North and the South, which regards the Union as a mere wisp of straw to be consumed by the negro incendiary's torch, and which looks to the disruption of this Government as preferable to the continuance of Southern Slavery. This reasonable and dangerous book was circulated broadcast over the country by the ultra Republicans, and was recommended to the people by JOHN SHERMAN, of Ohio. On this account, Mr. Sherman encountered the opposition of the conservative men in Congress, of all parties, and was finally compelled to withdraw from the contest. But Mr. McPherson, notwithstanding the opposition made to Sherman, by many Whigs and Americans, voted steadily for the HELPER candidate, freely and fully endorsing his ultraism and his unpatriotic and treasonable conduct. This is a part of Mr. McPherson's record by which he asks the people of Bedford county to try him. How many Republicans are there who may read this article, that will approve this portion of Mr. McPherson's record? Where is the man that will dare say that he endorses directly and positively the Abolition of slavery? Has Republicanism come to this in Bedford county, that the Helper Book is to be endorsed and the men who recommended its incendiary doctrines, to be sustained? It cannot be. However much the masses of the Opposition may be opposed to the Democracy, they cannot, will not swallow HELPERISM.—The leaders may be ready and willing to do it; the people, never. The record of Edward McPherson will be condemned and his vote for JOHN SHERMAN, the Helper candidate for Speaker, will be most effectively rebuked.

PERSONAL ABUSE.

The organ of Jordan & Co., still persists in its malignant vituperation of Maj. S. H. Tate. The columns literally teem with articles assailing that gentleman. We said some time ago, that we would not answer any personal abuse, whether of ourself or of our candidates, that might appear in that sheet, and lest those who did not see our former article, should misconstrue our silence, we repeat here what we said then. Mr. Russell, in his recent communication on the subject of the Bedford Railroad, took occasion to tell the editor of that paper that he (the editor) did not himself believe what he said in regard to the Directors of the Railroad company. When men of his own party have such an opinion of his character for truth and veracity, it would certainly be a waste of time for us to contradict his statements.

Ominous. The lettering on the flag raised by the Lincolnites up street, is fast peeling off, and the bunting presents a ragged and tattered appearance, portentous of the condition of the Republican party after the 6th of November. The name of Curtis had travelled out almost entirely, on Saturday last, disappearing in advance of Lincoln and Hamlin, indicating merely that the election for Governor precedes that for President. The omens are decidedly evil for the Woollys.

OUR NOMINEE FOR CONGRESS. Having returned from the Congressional Conference at Chambersburg, just as our paper is going to press, we can only announce the gratifying fact that our townsman, HON. W. P. SCHELL, has received the unanimous nomination of the Democracy of the District, as our candidate for Congress. This is glorious news not only for the people of Bedford county, but for the Democratic party everywhere, as the election of Mr. Schell is almost a certainty.—The nomination of Mr. Schell is hailed with the greatest delight and enthusiasm by his numerous friends, and the people of the District rally to his support, irrespective of party ties or political bias.

Democratic Meeting. A Democratic Meeting will be held at St. Clairsville, on Saturday, the 22d inst. Speakers from Bedford, will be present. The Democratic party and people generally are invited to attend. Pictures.—Persons desiring portraits or Photographs of themselves, by MA. VALLADE, should apply to that gentleman soon, as he will leave this place in a short time. He may be found at the Mengel House, or at Gettys' Gallery.

Remember the Douglas and Foster club meets every Saturday evening at the Court House, for the purpose of carrying on the campaign. Let every Democrat and conservative man attend.

Never mind the rookbacks of the Black Republicans among our candidates, or their large stories about what they intend doing. Go right ahead, with your face to the future. Do your duty and all will be well. The Opposition always yell before they are out of the woods. Vermont and Maine have gone Black Republican all over, as they have done uniformly for the last six years.

Vote not as your interest, your passions, or your prejudices dictate, but as your conscience tells you to do.

Who says this Union cannot endure permanently half slave and half free? ABRAHAM LINCOLN.

The following letter descriptive of a Democratic pole-raising at Rainsburg, will serve to show the feeling of the people in the present contest.

RAINSBURG, Sept. 6th, 1860. I presume a short account of a meeting of the Democracy of Rainsburg and vicinity, for the purpose of erecting a Foster pole, will not prove uninteresting to some, at least of the numerous readers of your glorious independent herald of Democracy. On Tuesday, the fourth inst., we called a special meeting for the above named purpose. The ladies who had in charge the making of our flag, soon completed it, some twenty of them having engaged in the glorious work. It is needless to say that it was made with that exquisite taste and beauty, which always characterize the workmanship of the ladies. At half past nine o'clock we commenced raising the pole, and amid the enthusiastic cheers of the Democracy, its tall top soon pierced the clouds, and the beautiful Foster flag, bearing thirty three stars, was flung to the breeze, bidding defiance to the Curtinians and Woolly headed. Three cheers were then given for Henry D. Foster, after which a speech from Prof. William P. Totten, was loudly called for. The gallant Professor unhesitatingly responded, and in an able and eloquent address, set forth the true character of the Abolitionists, and urged the importance of uniting on one electoral ticket. After Professor Totten had concluded, Mr. J. Livingston offered the following resolution:

Resolved, That the Democracy of Rainsburg and vicinity do express their sincere and cordial thanks to the fair and patriotic ladies who constructed our beautiful flag, the emblem of truth, liberty, and democracy. May their lives ever prove as pure and faithful as at present, and they will most certainly realize the favours and blessings, not only of freedom and liberty, but of the smiles of heaven.

HELPER BOOK.

The true principles of Black Republicanism made Manifest.

What the Sixty-Eight Black Republican Members of Congress Approved when they Cordially Indorsed the Opinions of Hinton Rowan Helper.

The Impending Crisis of the South—a work every where received and hailed by the advocates of free labor as one of the most impressive demonstrations of the justice of their cause, and of vital importance to its triumph, and to our National well-being. Were every citizen in possession of the facts embodied in that book, we feel confident that slavery would peacefully pass away, while a Republican triumph in 1860 would be morally certain.

Horace Greeley, James Kelly, Chas. S. Johnson, John Jay, Gen. Com. N. Y. W. C. Bryant, J. C. Underwood, Thurlow Weed, R. H. McCardy, E. D. Smith, Marcus Sprig, B. S. H-drick, W. C. Noyes, Geo. A. Kennedy, W. C. Noyes, "Abram Wakeman."

The Representatives who Endorsed the Sentiments of the Helper Book, and recommended its circulation: MAINE: John M. Parker, John Thompson, Freeman H. Morse, Chas. B. Hoar, Francis E. Spinner, Stephen C. Foster, Silas M. Burrows, John M. Wood, O. B. Mattison, NEW HAMPSHIRE: J. W. Sherman, James V. Tappan, Mason Pike, NEW JERSEY: George R. Robbins, Isaiah B. Clawson, VERMONT: William Stewart, Robert B. Hall, Samuel A. Parvian, JOHN COVODE, G. A. Grow. MASSACHUSETTS: William B. Curtis, Edward Wade, JOHN SHERMAN, John A. Bingham, Benjamin Stanton, C. B. Tenpkins, Philomen Bliss, Valentine B. Horton, Richard Mitt, WISCONSIN: John F. Potter, C. C. Washburn, INDIANA: Schuyler Colfax, Chas. Cass, David Kilgore, James Wilson, ILLINOIS: Owen Lovejoy, Wm. K. Wadsworth, E. B. Washburn, J. F. Farnsworth, IOWA: Samuel Curtis, Timothy Davis.

To give the public some knowledge of the import of the work entitled "The Impending Crisis of the South," we append a few extracts from the first edition of the work published in 1857, selected carefully from those portions which give prominence to its character in the Abolition cause—and particularly among the Black Republican Members of Congress, who with such acrimony "Cordially Indorsed the Opinions of Mr. Helper," and recommended an extensive circulation of the incendiary document, throughout the Northern States. A new edition of the "Crisis" has been issued recently for the present National contest, and for the benefit of Mr. Lincoln, which is considerably ameliorated in tone from the former edition. The extracts given below—having been "Cordially Indorsed" by 68 members of Congress, cannot fail of exhibiting conclusively the state of mind among the Republican leaders on the question of slavery. When the utterance of such sentiments elicits such emphatic approval from the leaders of a party, it is impossible to resist the conclusion that the supporters of such leaders are either imbued with parallel doctrines, or that they are not fully informed of the true position of their representatives.

We commend a perusal of the appended extracts, and ask the reader to bear in mind the important fact, that they embody a complete exposition of the sentiments of the Republican party, who are now struggling to elevate Mr. Lincoln to the office of Chief Magistrate of this Union. Again, we say, read: "The Interdiction of Northern Manufactures. The North is the Mecca of our merchants, and to it they must, and do make two pilgrimages per annum, one in the spring and one in the fall. All our commercial, mechanical, manufacturing, and literary supplies come from there. Instead of keeping our money in circulation at home, by patronizing our own mechanics, manufacturers and laborers, we send it all away to the North, and there it remains; it never falls into our hands again." Impending Crisis, p. 22.

Legal Opinions. "We contend, moreover, that slave-holders are more criminal than common murderers." "We mean precisely what our words express, when we say, we believe thieves are, as a general rule, less amenable to the moral law than slaveholders." p. 139.

The Liberty of Republican Leaders. "Down with the oligarchy! Ineligibility of slaveholders—never another vote to the trafficker in human flesh!" p. 331.

"Compensation to slaveholders, for the negroes now in their possession! The idea is preposterous. The suggestion is criminal. The demand is unjust, wicked, monstrous, damnable. Shall we pat the blood-hounds of slavery for the sake of doing them a favor? Shall we feed the cars of slavery in order to make them rich at our expense? Shall we pay the whelps of slavery for the privilege of converting them into decent, honest, upright men? No, never!" p. 328.

"Even that system however the worst, which seems to have been practised to a considerable extent by those venerable OLD FOGGIES, ABRAHAM, ISAAC, and JACOB, was one of the monstrous inventions of Satan that God winked at," p. 275. "Horrible Sentiments. The oligarchs say we cannot abolish slavery without infringing on the rights of property. Again we tell them, we do not recognize property in man," p. 123. "It is for you to decide whether we are to have justice peaceably or by violence, for whatever consequences may follow, we are determined to have it one way or the other. Do you aspire to become the victims of white-noon slave-holding vengeance by day, and of barbarous massacre by the negroes at night? Sirs, you must emancipate them—speedily emancipate them, or we will emancipate them for you," pp. 128, 129. "Republicanism and Abolitionism Synonymous. Then we are an Abolitionist! Yes! Not merely a free-soiler, but an ABOLITIONIST, in the fullest sense of the term. We are not only in favor of keeping slavery out of the Territories, but carrying our opposition to the institution a step further, we here unhesitatingly declare ourself in favor of its immediate and unconditional ABOLITION, in every State in this Contendency, where it now exists." pp. 25, 26. "Hitherto as mere free-soilers, you approached but half way to the line of your duty; now for your own sakes and for ours, and for the purpose of perpetuating this glorious Republic, which your fathers and our fathers founded in septennial streams of blood we ask you, in all seriousness, to organize yourselves as one man under the banners of Liberty, and to aid us in exterminating slavery, which is the only thing that militates against our complete agraggrandizement as a nation. "In this extraordinary crisis of affairs, no man can be a true patriot without first becoming an ABOLITIONIST. (a free-soiler is only a tadpole in an advanced state of transformation; an Abolitionist the full and perfectly developed frog)" p. 116. "Abolition is but another name for patriotism and its other special synonyms are generosity, magnanimity, reason, prudence, wisdom, religion, progress, justice and humanity," p. 118. "To connive at the perpetuation of slavery is to disobey the commands of Heaven. Not to be an Abolitionist is to be a wilful and diabolical instrument of the devil. The South needs to be free, the South SHALL be free!" pp. 367, 358. "Our motto, and we would have you to understand it, is the Abolition of Slavery, and the perpetuation of the American Union. Sirs, you can neither ful nor intimidate us; our purpose is as firmly fixed as the eternal pillars of Heaven; we have determined to abolish slavery, and so help us God, abolish it we will, p. 186. "We are determined to Abolish Slavery at all hazards—in defiance of all the opposition of whatever nature, which it is possible for the slaveholders to bring against us. Of this they may take due notice, and govern themselves accordingly," p. 119. "Once and forever, at least as far as this country is concerned, the infernal question of slavery must and shall be disposed of," p. 121. "No recognition of pro-slavery men, except as ruffians, outlaws and criminals." "No patronage to slave-holding merchants—no questing in slave-holding hotels—no fees to slave-holding lawyers—no employment to slave holding physicians—no audience to slave-holding parsons." "Immediate death to slavery, or if not immediate, unqualified proscription of its advocates during the period of its existence." "No co-operation with slave-holders in politics—no fellowship with them in Religion—no affiliation with them in society," pp. 136, 137. Republican Universal for 1860. (New edition of the "Impending Crisis," page 434.) "In concert with the intelligent free voters of the North, we, the non-slaveholding whites of the South, desire and expect to elevate to the Presidency in 1860, an able and worthy representative of the great principles enunciated in the Republican Platform adopted at Philadelphia in 1856, and that forever thereafter we will, if we can by our suffrages, hold the Presidential chair and other high official position in the Federal Government, sacredly intact, from the occupancy and corruption of Pro-slavery demagogues; whether from the North or from the South; and, furthermore, that in any case, the Oligarchs do not quietly submit to the will of a constitutional majority of the people, as expected at the ballot box, the first battle between Freedom and Slavery will be fought at home—and may God defend the Right!" "Mr. Seward says of the 'Impending Crisis' 'I have read the 'Impending Crisis' of the South with deep attention. It seems to me a work of great merit, rich, yet accurate, in statistical information, and logical in analysis.' "We also give an extract from a letter of Joshua R. Giddings on this subject. WASHINGTON, D. C. Feb. 5th, 1860. "Our friends at home should be slow to censure their Representatives for deserting Mr. Sherman. They did so for the purpose of electing a speaker, and defeating a party that has long wielded the Federal power to the support of Slavery. They felt the humiliation of discarding a candidate because he had endorsed the doctrine of Helper's Book, every sentiment of which finds a response in the hearts of all true REPUBLICANS. J. R. GIDDINGS, To the editor of the 'Ashtabula Sentinel'." "And now fellow countrymen of every political creed, we ask you to pause and consider the consequences that must certainly follow the wide dissemination of such treasonable doctrines as those we have just quoted; and especially so since they are endorsed by the leading men of a large and influential party. How greatly at variance are such sentiments with those of our venerated Washington, as given in his Farewell Address: "One of the expedients of party to acquire influence, within particular districts. You cannot shield yourselves too much against the jealousies and heart-burnings which spring from these misrepresentations. They tend to render alien to each other those who ought to be bound together by fraternal affection." Let us, then, as true patriots, band together for the sake of driving back the foes of our glorious country (whether they be Fanatics of the North, or the Extremists of the South,) and uphold the Constitution, the Laws, and the Union, now and forever, one and inseparable." OLD LINE WHIG. LATER EROM HONDURAS—MOVEMENTS OF GEN. WALKER. Boston, Sept. 8.—The barque Carib arrived at this port this evening, from Truxillo, August 18th. It is stated that General Walker's force consists of only ninety-two men. He was

the monstrous inventions of Satan that God winked at," p. 275.

AGREABLE INFORMATION FOR PORK-EATERS. The "Academie des Sciences," of Paris, has just received a communication, which has literally caused the quills upon that frolic prescriber to stand on end with horror. A savant of Wurtemberg, M. Wirschoff by name, announces the fearful discovery he has just made, of the existence of a dreadful microscopic animal, the *trichina spiralis*, in the flesh of hogs, no matter how prepared, whether you call it pork, ham, bacon, sausages or polony. When an individual happens to eat of this animal in abundance, he is observed to grow pale and emaciated in a few days afterwards, his strength deserts him, and he dies at the end of the sixth week. A post mortem examination shows the muscles of the body to be filled with *trichina spiralis*, which proves that death must be occasioned by muscular consumption, owing to the attacks of this horrible little monster.

ACCIDENT TO M. BLONDIN.—Two PERSONS KILLED.—Dublin, August 23.—During the performance of M. Blondin on a tight rope at the Portobello Gardens last night, the rope broke, and two poles at one end supporting a small platform fifty feet from the ground, on which two men were stationed for the purpose of holding lights, gave way, precipitating the men to the ground, who, on being brought to the hospital, were found to be dead. M. Blondin, who also fell to ground, was unhurt. At the request to-day the jury gave their opinion that sufficient diligence had been used by M. Blondin and his agent, M. Meret, in testing the rope before the performance. The coroner said he would renom M. Blondin and M. Meret, and they were accordingly taken into custody.

THE MYRIAD-HANDED MAN; OR THE MIRACLES OF ENTERPRISE AND MERCY.

Familiarity, they tell us, is the mother of contempt. Things which we see and handle every day, lose all distinctive value in our eyes. The very air we breathe is an unrecognized blessing, though, if deprived of it for the twentieth fraction of an hour, the world would cease to live! In like manner we have all of us—no matter of what race or country—been so long accustomed to see the name of THOMAS HOLLOWAY at the head of a medical advertisement that we begin to look upon it as one of the essential components of a newspaper, and hardly pause to enquire into the true significance of this universal name.

Let not our readers fancy that this paragraph is a puff, at the bottom of which they will find a "quill" for the "Universal Remedies," with the name of Professor Holloway associated; it is no such thing. We could say much of the Pills and Ointment; but at present our design is merely to call attention to the biography of a man whose achievements will hereafter be regarded as the surpassing wonder of the nineteenth century!

There are few varieties of the human race unrepresented in the population of this cosmopolitan city. Coolies from China—Malays from the Eastern Archipelago—Rustians from the West—Blackskins from all parts of Africa—Whitemen from Greenland and the regions of the Arctic Pole—bronzed half-breeds from Brazil and the other states of South America—Borneans, Tasmanians, Arabs, Hindoos, Armenians, New Zealanders and Kafirs—these, with the millions from all parts of Europe, make up the motley immigration which our world-embracing commerce throws daily on our shores. Thousands of such, perhaps, have never heard any one of the great names which we have been tracing to regard with reverence; the name of Washington cannot thrill their sluggish blood; of Napoleon Bonaparte, his conquests and his fall, they are utterly ignorant. But hand them a newspaper and see how rapidly their fires brighten! They recognize its friendly promise—they rely on its long- tested truth; they rejoice and are, perhaps, astonished to know that the great physician, whose visit to their own country formed the epoch of a physical regeneration, has likewise been before them on the likeward of mercy to the land of their future adoption! They no longer feel that they are strangers; for Holloway, by genius, his labors, adventures and world-wide travels, has established a connecting link between all tribes and races of the human family. Possessed with a hining zeal to relieve the afflicted, and fearing nothing that men can do, he has made the pilgrimage of the earth and established in every spot he visited not only depots for the sale of his medicines, but likewise journals in the native tongue, through a romance could be framed, from the labors, perils and adventures of such a life!—U. S. Journal.

HOLLOWAY'S PILLS.—A word to Mothers.—Cholera Infantum, Diarrhea,—about one-third of the weekly interments registered by the board of health, may be classed under the head of infant mortality, the majority of which are swept off by diseases of the bowels. We here confidently assert that any case of cholera infantum, or diarrhea as it is termed in the adult stage of life, however violent in its nature, or

whatever its origin, can be radically cured by the use of Holloway's celebrated Pills. The season when this class of disorders becomes prevalent is approaching, "forewarned is forearmed," says the proverb; and mothers should take heed in time. For infants, the Pills should be crushed and dissolved in water sweetened with sugar.

TERRIBLE CALAMITY ON LAKE MICHIGAN.

SINKING OF THE STEAMER LADY ELGIN. OVER THREE HUNDRED LIVES LOST.

CHICAGO, SEPT. 8. The steamer Lady Elgin was run into this morning by a schooner of Waukegan, and sunk within twenty minutes after the collision took place.

She had upward of 350 passengers aboard, including several military and fire companies. Only seventeen passengers have been saved as far as known.

Col. Lumsden, of the New Orleans Pica-yon, and family, are supposed to be among the lost.

LIST OF THE SAVED. CHICAGO, SEPT. 8.—The Black Gages, Green Gages, and several fire companies of Milwaukee, who have been on a visit to this city, were on board the ill-fated steamer.

The names of the saved are H. G. Carrel, clerk; Frederick Rice, steward; Edward Westlake, porter; Robert Gore, Thomas Murphy, Thomas Cunningham, Michael Connor and John E. Hobart, of Milwaukee; Thomas Shaw, Tim O'Brian, W. A. Davis, and Milburn Mills, of Ohio; Lucian Updegr, of Waupun, and H. Ingraham, member of the Canadian Parliament.

A son of the proprietor of the London News is supposed to be lost.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOLLOWAY'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall. They have ascertained that there are no remedies in the pharmacopeia which can compare with this wonderful compound for the treatment of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.
