Author of The Green Book," Not.

The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the awild consequences of self-abuse may be effectually removed without Medicine and without dangerous Surgical operations, bougles, instruments, rings or cordials; pointing out a mode of cure at once certain and effectual, by which every sufferer, once certain and effecting, by which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically. This Lecture will prove a boon to thousands and thousands.
