FOR PURIFYING THE BLOOD.

And for the specify cure of the subjoined varieties of Disease:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Biotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. Ayre & Co. Gents: I feel it my duty to acknowledge what your Sarsaparills has done for me. Having inherited a Scrofulous infection. I have suffered from it in various ways for years. Sometimes it buret out in Ulcers on my hands and arms; sometimes it buret out in Ulcers on my hands and arms; sometimes for turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and leathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced

physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sursaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a tenspoorful over a month, and used almost three bottles. New and heitlify skin seon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours.

A greaf tariety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almeinad, which the agents below named are pleased to farmish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melanchoty, Neuvrilgia.

Many remarkable cures of these affection inverse been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

COURT PROCLAMATION.

A N APERIENT AND STOMACHIC PREPARA-A tion of IRON purified of Oxygen and Carbon, by combustion in Hydrogen. Sanctioned by the highest medical authorities, both in Europe and the

United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its ne-cessity in almost every conceivable case. Innox-tous in all maladies in which it has been tried, it has proved absolutely curative in each of the following

complaints, viz:

In Debility, Nervous Affictions, Emacration, Dyspesia, Constitution, Diarrhaus, Dysenters, Inciment Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites Chlorosis, Liver Cmplaint, Chronic Heudaches, Rheumatism, Intermittent Fever, Pimples on the Face, &c.

In cases of General Debility, whether the result of active disease on the scalary of the continued desirations.

of acute disease or of the continued diminution of nervous and muscular energy from chronic com-plaints, one trial of this restorative has proved successful to an extent which no description nor writ-ten attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protrac-ted travel in a distant land. Some very sig-nal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of pervous and dyspeptic aversion to air and exercise for which the physician has no

name.
In Nervous Affections of all kinds, and for reasons familiar to medical men, the operation of this preparation of Iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and over-heating; and gently regularly aperient, even in the most obstinate cases of costiveness, without ever being e gastric purgative, or indicting a discargantile and

or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them. local tendency which forms them.
In Dyspepsia, innumerable as are its causes, a

In Dyspersia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases.

In unchecked Diarrhoa, even when advanced to Dystentery, confirmed, emaciating and apparently malignant, the effects have been equall decisive and

astonishing.
In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, inseveral very gratifying and interesting instances. In Scrafulous Tuberculosis, this medicated from has had far more the good effect of the most causes.

The attention of females cannot be too confident-I be attention of females cannot be too confidently invited to this re medy and restorative, in the cases peculiarly affecting them.
In Rheumatism, both chronic and inflammatory,
in the latter, however, more decidedly, it has been
invariably well reported, both as alleviating pain
and reducing the swellings and stiffness of the joints
and muscles.

In Intermettent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt happy and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Holloway's Ointment.

Bad Legs, Bad Breasts, Sores and Ulcers. Bad Legs, Bad Breasts, Sores and Ulcers.

All description of sores are remediable by th, proper and diligent use of this inestimable preparation. To attempt to three bad legs by plastering the edges of the wound together is a folly; for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound, and to soothe the neighboring parts by rubbing in plenty of the Ointment, as salt is forced into meat.

Bindheria Elegantal Scar Threat and Scalar Diptheria, Ulcerated Sore Throat, and Scarlet

and other Fevers.

Any of the above diseases amay be cured by well rubbing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its influence can be felt in any local part whereas the Ointment will do its work at once. Whoever tries the angeunt in the above manner, to the diseases named, or any similar disorders after ting the chest and throat, will find themselves re lieved as by a charm.

Piles, Fistulas, Strictures.

Pules, Fistulas, Strictures.

The above class of complaints will be removed by nightly fomenting the parts with warm water, and then most effectually rubbing in the Ontment. Persons suffering from these direful complaints lose not a moment in arresting their progress. It should be understood that it is not sufficient merely to smear the Ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There tagain bread and water poultices, after the rubbing in of the Ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down. Indiscretions of Youth ; - Sores and Ulcers.

Blotches, as also swellings, can, with certainse radically cured if the Ointment be used freely and the Pills be taken night and morning as secommended in the printed instructions. When treated in any other way they only dry up in one place to break out in nother; whereas this Ointment will remove the humour from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the Pills to ensure a last thing cure. Dropsical Swellings, Paralysis and Stiff

Joints. Although the above complaints differ widely in

their origin and nature, yet they all require local treatment. Many of the worst cases, of such discases, will yield in comparatively short space of time, when this Ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the Pills should be taken according to the provided treatment of the parts affected. be taken according to the printed directions accom-panying each box. Both the Ointments and Pills should be used in the following cases: Fistulas, Gout, Glandular Swellings, Bad Breasts, Lumbago, Rheumatism, Sand-Flies,

Scalds, Sore Nipples, Sore-throats, Skin Diseases, Scurvy, Sore-heads Tumors, Ulcers, Wounds, Yaws.
