IS THE WORLD UNGRATEFUL?

THE FRIENDS OF LAMARTINE THINK IT IS. We are utterly disgusted with the self-laudation which some of our second class great men are in the hoart of practicing; and we mean to expose it, even though the task is a distasteful one. The vice is peculiarly, though not exclusively, French; and is found among the second class of great men, but never among the first who are the real benefactors of the

Thomas Holloway, one of the latter, whos name is idolized in all parts of the world, and to whom it is not too much to say that millions of all creeds and complexions are indebted for DING the preservation of their lives. - Thomas Holloway, we say, is never heard appealing either to the gratitude or generosity of those who have derived the greatest of all earthly blessings from his skill; he contents himself with the assurance that his work has been done, and that

the price has been paid.

We have been led into these reflections by an appeal which is now put forward on behalf of a second class French poet. Monsieur Alphonse Lamartine, it seems, though munificently paid for the productions of his pen, neglected to lay up any sufficient store for the support of his declining days; and now his voice is raised against "the ingratitude of the buman The argument which he produces to strengthen his claim, is one which should rather make him blush for his extravagance : he says that millions of his productions have been sold, and that therefore the world is in his debt But why? Was he not paid the price he as-ked for every copy? Or does he think that it

bounds like common prose honesty to ask to be He will answer, doubtless, that his poems gave a pleasure the value of which their price could not approximate. Let us admit this rule, and apply it to another case to test its merits. Health, we all know, is the chief of earthly blessings; and a boon which must be purchased, let the cost be what it may; a blessing, to be blessed with which the sinking monarch would

resign his kingdom. Suppose then, that Holloway, instead of fixing such a price on his remedies as would afford him (when myriads) were his customers) a fair and honorable profit. had apportioned the price of his pills and ointment to the exigencies of each case and the ability of the sufferer to pay for his physical salvation! Why, in such a case, the great physician would long ago have owned all Europe in fee simple, and three-fourths of the remainder of the world-for the royalties and nobilities of Europe were among his earliest patients, but are still too proud to acknowledge that they owe their lives to the same simple but all sufficing remedies which have been brought, by Holloway's philanthrophy, within reach of the meanest of their serfs.—"Les Belle's Lettres."

A RARE CHANCE.

dinary example that arises in business, or arrive at the result of any estimate required.

The chief aim of the author has been to eschew theory and philosophy in figures, aiming only at facts and simplicity, believing that business men care little about spending time in discussing the philosophy of rules or the science of figures, deem ing it sufficient for their purpose to be able at a moment, by reference, to arrive at the true result. The calculator differs in this respect from all Arithmetics of the day, and kindred works—it is a key to practical business calculations—it is, in the bands of the business man, what the key to mathematical works is in the hands of the teacher in the school-room—it facilitates time and insures correctness.

A Book of Plain Rules and Calculations for Business
Operation, By Martin M. Robrer, Practical
Surveyor and Conveyancer. New Edition, Published by J. B. Lippincott
& Co., Philadelphia.

This work contains 204 pages, and upwards of 500 Rules and Examples, entirely and thoroughly practical, such as arise every day in the common pursuits of Business. It has already passed through a number of Editions in rapid succession, and is pronounced by all classes of business men to be the handiest book of reference, pertaining to calculations, that has ever been published.

Every example in the book is worked out in full and stated in a plain manner, so that when a parallel case arises, those referring to the work will find no difficulty in readily solving it; in a word, the general arrangement of the Calculator is so simple, that ary one who knows how to add, substract, multiply, or divide, can easily solve any ordinary example that arises in business, or arrive at the result of any estimate required.

Aper's Sarsaparilla, FOR PURIFYING THE BLOOD.

And for the speedy cure of the subjoined varieties of Disease: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Pimples, Pustules, Blotches, Roils, Blains, and all Skin Disconses.

ORLAND, Ind., 6th June, 1859.

J. C. Ayer & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inhedred a Scrofisious infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my lands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and leathsome beyond description. I tried many medicines and several physicians, but without much reited from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared on alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teappoint orer a month, and used almost three bottles. New and healthy skin son began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Elingworm, Sore Eyes, Bropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1839, that he has cured an invelerate case of Drepsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilia, and also a dangerous attack of Meligrand Erysipelas by large desc of the same; says he cures the common Eruptions by it constantly.

cous swelling on the neck, which I had suffered from over two years."

Lencorrheca or Whites, Ovarian Tumor, Uterine Ulceration, Pessale Discases.

Br. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying! have found your Sarssparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but ospecially in Fessile Discases of the Scrothlens diathesis. I have cured many inveterate cases of Lencorrhea by it, and some where the complaint was caused by electrics of the electric. The ulceration itself was some cured. Nothing within my knowledge equals it for these fennele denagements?

Edward S. Marrow, of Newhury, Ala, writes, "A dangitum searian temor on one of the females in my family, which had defeed all the remedies we could employ, has it length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirgation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your grandy cight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New ORLEANS, 25th August, 1859.

Dr. J. C. Aten: Sir. I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparille.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had Syphilitic ulces in his throat, which were consuming his pelate and the top of his mouth. Your Sarsaparila, steedily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been ulcers heried, and he is well again, not of course without some dissignation to his face. A woman who had been treated for the same disorder by mercury was suffering from this pelson in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was carred entirely by your Sarasparilla in a few wells. I know from its formula, which your agent gave me, that this Prejaration from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th Joiy, 1859.

Dr. J. C. Aten: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which befiled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsquarilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, wribes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing falled to reheve me; and I have been a broken-bown man for some years from no other cause than decomponent of the Liver. My beloved pustor, the Hev. Mr. Exp., advised me to try your Sarsquarilla, because he said he knew you, and any thing you made was worth trying. By the biessing of God it has cured me, and have so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough." Holloway's Pills.

Nervous Disorders. What is more fearful than a breaking down of the rvous system? To be excitable or nervous in a mall degree is most distressing, for where can a mall degree is most distressing, for where can a emedy be found? There is one: - drinkbut little, remedy he found? There is one:—drinkbut little wine, heer, or spirits, or far better none; take no coffee—weak tea being preferable; get all the fresh air you can; take three or four Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be at plenty in mind and strong in body, and forget o "" any nerves. ny nerves.

Mothers and Daughters

If there is one thing more than another for which hese Pills are so famous it is their purifying properties, especially their power of cleansing the blood rom all impurities, and removing dangerous and aspended secretions. Universally adopted as the me grand remedy for female complaints, they never fail, never we ken the average. never fail, never we ken the system, and always oring about what is required.

Sick Headaches and Want of Appetite.

These feelings which so sadden us, most frequen I nese feelings which so sadden us, most frequen ly arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unfit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow as a natural consequence as great appartial. a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.
