DEMOCRATIC UNION MEETING.

The Democratic citizens of Bedford county, and all others opposed to the uncompromising, coercive and war-producing policy of the "Republican" party...

MONDAY EVENING, FEBRUARY 1st, at 7 o'clock.

LET ALL COME who sustain the doctrine of President BUCHANAN that this Union can never be cemented by the blood of its citizens shed in civil war.

The Editor has gone to Harrisburg, which accounts for the lack of editorial in this number.

UNDER WHICH KING?—The Abolition organ up street has been in the habit of praising both Wade and Cameron in the most unqualified terms.

STAND STILL, AND SEE THE SALVATION OF THE LORD.—Lovejoy, the exclamation of a rampant Abolitionist, is the exclamation of a rampant Unionist.

The Republican party, by its aggressions upon Southern rights and Southern institutions; by its legislative action in every State, where it had the power, nullifying the laws of Congress; by its John Brown raids, the legitimate results of the teachings of its leaders; and finally, by its election of a sectional President upon a sectional issue, has brought upon the country financial, commercial and manufacturing ruin and distress.

Pursuant to the following call, a large number of our citizens assembled at the City Hall, on Saturday night: GRAND UNION MASS MEETING.—THE CITIZENS OF PITTSBURGH and vicinity, without distinction of party, who appreciate the inestimable value of the UNION, component of the dangers which threaten its existence, and who believe that the restoration of the Missouri Compromise proposed by the Honorable J. J. Crittenden, as a constitutional amendment, would effectually settle the great cause of contention now existing between them are requested to meet at the CITY HALL on SATURDAY EVENING NEXT, AT 7 o'clock.

For two or three days this call appeared in the public papers of our city, both Democratic and Republican, signed by several hundred of citizens of all parties and all classes.

Immediately upon its appearance the Republican papers began to warn the people against any compromises or concessions, and the Journal especially on Saturday morning, had several articles of the most ultra Abolition and anti-Union character, pronouncing the Crittenden Compromise to be identical with the Breckinridge platform, and warning its abolition cohorts to stand firm in their position.

On Friday it was evident to those who are accustomed to watch popular movements, that the leaders of Black Republicanism were organizing a plan to defeat the object of the conservative citizens who had called the meeting. On Saturday morning, in the Dispatch, appeared the following advertisement, in itself almost a direct invitation to resort to mob law:

Let the proposition of Gov. Bigler before the Senate, or the Crittenden resolutions, be adopted, and give the people, the source of all rightful power, an opportunity to vote thereon, and the whole matter will speedily be settled, and peace, prosperity, and happiness be restored to the country.

When this consummation, so devoutly to be wished, is had, then we can stand still and see the salvation of the Lord, who, in his wrath, will grind this Abolition party to powder.—Then will be realized the idea of the poet—The widows of Ashur are led in their wail, And the idols are broke in the temple of Baal, And the might of the Gentile, smote by the sword, Hath melted like snow in the glance of the Lord.

CUMBERLAND VALLEY LYCEUM.

Agreeably to previous adjournment, the members of the "Cumberland Valley Lyceum," convened at the place appointed on Friday evening, January 18th.

The minutes of the last meeting were then read and approved. The question for discussion, "Resolved, That three thousand dollars is worth more to a young man of twenty one years than a good English Education," was then read by the Secretary, and an animated discussion ensued between Messrs. A. Growden, C. M. McLaughlin, J. Simons and J. McLellan, on the affirmative, and Messrs. T. Fisher, H. and A. Smith, on the negative.

The Georgia Convention has approved the course of the Governor in seizing the forts. Governor Hicks has appointed a strong Union delegation, to meet the Virginia Commissioners at Washington. The Mississippi Convention has elected delegates to the Southern Congress to meet at Montgomery, passed an ordinance to raise eight regiments of troops, and elected Jefferson Davis Major General.

It is rumored from Washington that the government has dispatched reinforcements to Fort Sumter, in Charleston harbor, and Fort Pickens, at Pensacola, and this report is somewhat confirmed by the departure of the steam sloop-of-war Brooklyn, from Norfolk, on Thursday bound South, with sealed orders, having on board two companies of soldiers from Fort Monroe.

There was a report current in Washington yesterday that the Grand Jury of the District had indicted Mr. Floyd, ex-Secretary of War, for malfeasance in office.

A telegraphic correspondence has passed between Senator Toombs, of Georgia, and Mayor Wood, relative to the recent seizure of arms in New York city. Mr. Toombs inquired if it was true that the arms had been seized by the public authorities. The Mayor responded that the arms had been seized by the police, but that the city of New York should in no way be held responsible for the outrage.

The bids for the half million State loan were scrutinized at Albany yesterday. The offers reached nearly four million dollars. It was taken at within a fraction of two per cent premium. While the Federal Government has been compelled to pay twelve per cent interest New York obtains over two per cent premium on a six per cent stock.

A MAN KILLED BY A LION AT ASTLEY'S THEATRE.—A Thrilling Scene.—On the 7th inst., all the lions at Astley's Royal Amphitheatre, in London, and owned by Mr. Crockett, escaped from their den. The London Times says: Several men who were at work in the building were started by the loud roaring of the lions, and in a few minutes they were horror-struck at beholding one of the lions struggling with a man named Jarvey, a yard-helper in the establishment. On the arrival of Mr. Crockett he rushed on the stage, where the lion was running about with the unfortunate man Jarvey in his mouth, to all appearance quite dead.

Nothing daunted Mr. Crockett entered the box, placed a leather collar around her neck, and having secured her head, she was hauled out of the place by ropes, and finally placed in security. From the private box Mr. Crockett saw another of the animals playing on the stage with a quantity of ribbons and stage properties, and with comparatively little difficulty, it was placed again in the cage—and, after a few minutes search, the third was recaptured. At half past seven yesterday morning, the watchman of the theatre, who is on duty all night, left, at which hour, he says, all was perfectly quiet and safe.

The lioness was the first that was attempted to be secured, but this was a work of extreme danger and difficulty, as the assistants were all afraid of even approaching the beast. On seeing Mr. Crockett, the lioness made a dash through the pit saloon, whence she rushed up the box stairs and entered one of the private boxes, and took up a most threatening attitude.

Nothing daunted Mr. Crockett entered the box, placed a leather collar around her neck, and having secured her head, she was hauled out of the place by ropes, and finally placed in security. From the private box Mr. Crockett saw another of the animals playing on the stage with a quantity of ribbons and stage properties, and with comparatively little difficulty, it was placed again in the cage—and, after a few minutes search, the third was recaptured. LECT. GEN. SCOTT.—General Scott is the largest man in the American service. He is six feet six inches tall, and weighs two hundred and sixty pounds. He is seventy-four years old, yet his health is good, and his whole system is apparently vigorous—much of which is owing doubtless, to his very temperate habits.

A MAIL CARRIER ATTACKED BY WOLVES IN IOWA.—The mail carrier between Bayer Valley and Decatur, Iowa, on his return trip, was startled at hearing the howling of wolves, and, turning discovered, at no great distance, a pack of a hundred or more wolves, apparently frozen with hunger, and with lolling tongues, rapidly lessening the distance between them and the horror-stricken mail carrier.

THE EFFECTS OF JANUARY LIGHTNING.—During the thunder-shower, of Wednesday, the 16th, the lightning struck the house of Mrs. Jacob Loomis in Bloomfield. Over seventy panes of glass were shattered by it, clapboards were thrown off, the plastering was torn from the walls, and a picket fence, in front of the house, was splintered. Two ladies sitting in one of the rooms, upon finding the lively visitor had passed within ten feet of them, fainted, but were not injured. In addition to this, the fluid went into the well, which has since refused to yield any of the aqueous convenience for which it was specially designed.

A Firm in Albany have recently invented and are now manufacturing, a pocket which can be put into any garment, where valuables can be placed beyond the reach of pick-pockets. The pocket is made of two thickness of linen fabric, covering up a network of wire, so arranged as in no way to affect the appearance of a closely fitting garment. At the top of the pocket there is a clasp and a lock, weighing from two penny-weights to half an ounce, according to the size of the pocket. The lock is hid from view, and can only be opened by the key.

LOLA MONTEZ, Countess of Landsfeldt, whose real name was Maria Elizabeth Gilbert, and whose birth place was the city of Limerick, Ireland, died in New York on the 17th inst. Her career was one of the most eventful of modern times. (She passed through every phase of life, from the reigning favorite of a king down to the abyss of sin and debauchery. Possessed of extraordinary talents and great courage, she did just as she pleased, setting all laws of decency and propriety at naught. After twenty years of such a life, she got religion, became a spiritualist, quit drinking, was struck with paralysis, and died.)

SALE OF THE BERDELL HOUSE.—The dwelling house No. 21 Bond street, New York, the scene of the Burdell murder some years ago, was on Monday sold at public auction. The place where Harvey Burdell was so mysteriously butchered, where Mrs. Cunningham, Coroner Coney, the tozuz baby, and all the other tragic, comic and farical actors in that strange, dissolute drama of domestic life played their several parts, was eagerly bid for, and after a spirited competition knocked down at \$17,050 to Mr. Anthony S. Hope.

DISEASES OF THE LIVER.—You may always know when your liver is out of order, or order when you are what is called bilious, by any of the following symptoms; pain in the side and back, dizziness, dull headache, a bad taste in mouth in the morning, sallow colored complexion, yellowish tint in the eyes, costiveness, or diarrhoea of slimy dark color, low spirit and dismal forebodings. It is acknowledged by all physicians and others who have seen their action, that JUDSON'S MOUNTAIN HERB PILLS are a perfect cure for all bilious affections. So pleasantly do they search out and drive away the seeds of disease, that all persons living in a country where Fever and Ague, and all other bilious diseases are prevalent, will find they should never be without them.

JUDSON'S MOUNTAIN HERB PILLS ARE SOLD BY ALL DEALERS IN MEDICINE.

The Rev. J. C. Fletcher gave us last evening, a brilliant lecture on the religion, customs and people of Brazil. Seldom have we relished anything more than the picture he laid before his audience of that exuberant garden of the tropics laden with its strange variety of fruits and flowers, teeming with perpetual harvest for the hand of man. Surely that country must be the garden of the world, and if its people had the enterprise which move this Yankee nation, imagination could not set a bound to the results they would there. As relevant to this comparison the reverend gentleman stated that the best Remedies employed there for the diseases to which they are subject, are invented and supplied to them by our own well known countryman, Dr. J. C. Ayer of Lowell, Mass., and that not the people only but the priesthood add the court of the Emperor down, have constant recourse in sickness to the remedies of this widely celebrated American Chemist.

EXPENDITURE OF AMERICAN TRAVELLERS IN EUROPE.—It is estimated that there are 30,000, Americans in Europe, and that they spend among them a sum of \$150,000,000 per annum. This accounts to some extent for the large shipments of gold made to Europe over and above the amount credited to mercantile transactions. Bangor Daily Union.

The amount of coal annually taken from mines in Ohio is estimated by the commissioner of statistics to exceed 2,000,000 tons.

Mrs. Martha Washburn, of Stafford, Ct. 82 years old, has woven nearly 1,000 yards of rag carpeting within the past two years.
