e had gratis, from the Agents for these Pills. The inventor and Manufacturer or "Judeon's Monnain Herb Pills," has spent the greater part of his life in raveling, baving risited theirly every country in the orld. He spent over six years among the Indians of its Rocky Mountains and of Mexico, and it was thus that he "Mountains Hann Pills" were discovered. A very street in account of his adventures there, you will find our alianancy and Pampliet.

It is an established fact, that all diseases arise from

IMPURE BLOOD:

IMPURE BLOOD!

The cloud is the life! and when any foreign or unhealthy matter gets mixed with it, it is at once distributed to every organ of the body. Every nerve feels the polison, and all the vital ergans quickly complain. The stomach will not direct the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and so the circulation is feelle. The lings become clogged with the policinous matter; hence a cough—and all from a slight impurity at the fountainhead of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a kny rivuled, in a few minutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood fit to every part, and leave its a "lag behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life soon discout. These pills not only purify the blood, but regenerate all the secretions of the body, they are, therefore, unrivalled as a

CURE FOR BILIOUS DISEASES.

Liver Complaint, Sick Heatlache, &c. This Anti-Hillions Medicine capels from the blood the hidden seeds of discase, and renders all the fluids and secretions pure and thent, clearing and resuscitating the vital organs. Flencant indeed, is it to us, that we are able to place within your reach, a medicine like the "MoverAnxi Hassi Plus," that will pass directly to the afflicted parts, through the blood and fluids of the body, and cause the sufferer to brighten with the flush of beauty and health.

Judson's Pills are the Best Remedy in exist-ence for the following Complaints: Boued Complaints, Debditley, Guerran Complaints, Couchs, Colds, Proc. and Ague. Liver Complaints, Chest Diseases, Chest Diseases, Houlaches, Piles, University, Physics, Indiaches, Stone and Gravel, Physics, Inflammation, Secondary Symptopy, Inflammation, Comp.

GREAT FEMALE MEDICINE! Females who value health, should never be without ease Fills. They purify the blood, remove obstructions all kinds, cheause the skin of all pimples and blotches, ad bring the rich color of health to the pale cheek. Apr The Plants and Herbs of which these Pills are made, were discovered in a very surprising way among the Terucans, a tribe of Aberigines for Mexico. Get the Almanac of our Agent, and you will read with delight, the very interesting account it contains of the "GREAT MEDICINE" of the Aztecs.

Observe.—The Mountain Herb Pills are put up in a Boutiful Wrapper. Each lose contains 40 pills, and Retail at 25 cents per box. All geniine, have the signature of B. L. JUDSON & 60., on each box.

AYER'S PECTORAL CATHARTIC PILLS.

Are you sick, feeble, and Are you sick, feeble, and complaining? Are you or of order, with your system deranged, and your feelings uncontortable? These aymptons are often the preinder to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remover, Take Ayer's Ellis, and cleans out the disordered humors—purify the blood, and let the fluids move on unotstructed in health again. let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from discuss. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general agravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's its, and see how directly they restore the natural each of the system, and with it the thoyant feeling of health again. What is true and so apparent in this trivial land, common complaint, is also true in many of the deepse uted and dangerous distempers. The same purgative effect excels them. Caused by similar obstructions and derangements of the datural functions of the city, they are rapidly, and many of them surely, cured the same means. None who know the virtues of these Pill, will neglect to employ them when suffering from the disorders they cure.

From a Performing Merchant of St. Long, 2018, p. 18.

DR. Alegie, Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcen as seres upon her hands and feet that had proved incurable for years. Her mother has been long grievenly affixed with blotches and pimpies on her skin and in her hat. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.

Billious Disorders — Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Fills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very markel indeed. They have in my practice proved more effectual for the cure of bilious complaints that any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Sin: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartie we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious discuss coordinate that it did not readily yield to them. Frahernally yours, ALONZO BALL, M. D.,

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hid them in esteem as one of the best periests I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doese for bilious dysentery and diarrheae. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

N APERIENT AND STOMACHIC PREPAR A tion of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest medical authorities, both in Europe and the

highest medical authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its nesessity in almost every conceivable case. Innoxious in all maladies in which it has been tried, it has proved absolutely cutative in each of the following proved absolutely curative in each of the following

proved absolutely carative in each of the following complaints, viz:

In Debility, Nervous Affections, Emacration, Dyspepsia, Construction, Diarrhad, Dyscatters, Inciment Consumption, Strofillows Tuberculosis, Sci. Rheum, Mismenstruation, Whites. Chlorosis, Liver Cimplaint Chronic Headaches, Rheumatism, Intermittent Fewer Pemples on the Face, &c.

In cases of General Dubility, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of temale sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of pervous and dyspeptic eversion to air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reason

air and exercise for which the physician has no name.

In Nervous Affections of all kinds, and for reason familiar to medical men, the operation of this preparation of from must necessarily be subtary, for, unlike the old oxides, it is vigorously fonic, without heing exciting and over-heating; and gently regutarly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single how of the office.

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases.

In unchecked Diarrhoz, even when advanced to Diarrhoz, even when advanced to Dystentery, confirmed, emaciating and apparently malignant, the effects have been equal decisive and

astomshing. In the local pains, loss of flesh and strength, de-In the local pains, loss of fiesh and strength; debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, inseveral very gratifying and interesting instances. In Scrofulous Tuberculosis, this medicated from has had far more the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.

In Rheumatism, both chronic and inflammatory, in the latter, however, more decidedly, it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

and muscles.

In Intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.
