**BLAIR COUNTY NORMAL SCHOOL & SEMINARY, MARTINSBURG, BLAIR CO., PA.** E. J. OSBORNE, A. B. J. W. DICKERSON, Principals. This institution will commence its first session with an able and experienced corps of instructors on Monday, Nov. 5th, 1860. No expense has been spared in making it thorough and complete in every department. The school building is constructed and furnished upon the most approved modern plans, and is one of the best in the State. It contains a hall capable of seating 500 adults, with office, music rooms, sufficient for a school of 300 pupils. The school is located in a region of country unequalled for its beauty and healthfulness, and is surrounded by a moral and industrious community. The distance to Cove Station, Huntingdon and Broad Top R. R. is six miles; to Hollidaysburg Station, Pa. R. R. 12 miles, with daily stages from the latter and tri-weekly from the former; thus making it easy of access from all parts of the country. The objects of the school are— 1st. The Professional Training of Teachers. 2nd. The thorough Education of young ladies and gentlemen in the English and Ornamental Branches &c. The preparation of Students for College. The teaching Class will meet daily for lectures on the Theory and Practice of Teaching, recitation from a standard work on the subject, or discussion of Methods of Teaching by the class. Students who desire to do so may prepare to enter the higher classes in college. Ladies will have a separate boarding house and will be under the immediate supervision of an experienced Preceptress. Instruction given in all the branches taught in the best Academies and Seminaries. Whole expense, (exclusive of Ornamental branches,) for boarding, tuition, furnished rooms, room rent, and fuel, \$18.00 a year. For circular, with full particulars, address E. J. OSBORNE, or J. W. DICKERSON, Care of J. C. EVERHART, Martinsburg, Blair Co., Pa. Oct. 12, 1860.

**ROHRER'S PRACTICAL CALCULATOR.** A Book of Plain Rules and Calculations for Business Operation, by Martin M. Rohrer, Practical Surveyor and Conveyancer. New Edition, Published by J. B. Lippincott & Co., Philadelphia. This work contains 204 pages, and upwards of 500 Rules and Examples, entirely new and thoroughly practical, such as arise every day in the common affairs of Business. It has already passed through a number of Editions in rapid succession, and is pronounced by all classes of business men to be the handiest book of reference, pertaining to calculation, that has ever been published. Every example in the book is worked out in full and tated in a plain manner, so that when a practical case arises, those referring to the work will find no difficulty in readily solving it; in a word, the general arrangement of the Calculator is so simple, that any one who knows how to add, subtract, multiply, or divide, can easily solve any ordinary example that arises in business, or arrive at the result of any estimate required. The chief aim of the author has been to eschew theory and philosophy in figures, aiming only at facts and simplicity, believing that business men care little about spending time in discussing the philosophy of rules, or the science of figures, deeming it sufficient for their purpose to be able at a moment, by reference, to arrive at the true result. The calculator differs in this respect from all Arithmetics of Taxes, and kindred works—it is, in fact, a practical business calculator—it is, in the hands of the business man, what the key to mathematical works is in the hands of the teacher in the school-room—it facilitates time and insures correctness.

**THE WORK TREATS OF THE** Measurement of Land, of Lumber, of Brick and Brick Work, of Stone and Stone Work, of Grain and Grain Bins, of Coal and Coal Bins, of Wood, of Solids, of Liquids, of Circular, of Square, or Irregular Vessels, of Cisterns and Vats, of Roofing, of Plastering, of Painters', Glaziers', Paterns', Plumbers', Paper Hangers', and Upholsters', Work. It treats of Currency and of Foreign and Domestic Exchange of the Decimal System, of Reduction and its extended application to Business, of Simple and compound Interest, and their entire application to Business transactions, with the laws and usages governing and regulating the same, together with numerous Commercial Forms—of Legal Tender, of Partial Payments on Notes, of Banking and Bank Discount of Equations of Payments and Partnership Accounts of Assessment of Taxes, of Weights and Measures, of Square and Cubic Measures, of Surfaces, of Excavation, and of many other important practical matters not within the scope of an advertisement to mention.

**JUDSON'S Mountain Herb Pills.** About 60 years ago, a man of the name of Judson, a chief of a tribe of the strange Arctio Nation, who had been banished from his native land, and his people in our Pamphlets and Almanacs—to be had gratis from the Agents for these Pills. The Inventor and Manufacturer of "Judson's Mountain Herb Pills," has spent the greater part of his life in the Rocky Mountains and of Mexico, and it was thus that he discovered the herbs which he has so long and so successfully used in the treatment of all the diseases arising from IMPURE BLOOD! The blood is the life and when any foreign or unhealthy matter gets mixed with it, it is at once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficient bile. The action of the heart is weakened, and so the circulation is feeble. The lungs become diseased, and the disease is called "Consumption"—all from a slight impurity at the fountain head of life—the blood! As if you had thrown some earth from a spring into a spring, from which ran a rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood find its way to every part of the body. All the passages become obstructed, and unless the obstruction is removed, the life of the soul dies out. These pills not only purify the blood, but regulate all the secretions of the body; they are, therefore, unrivalled as a CURE FOR BILIOUS DISEASES. Liver Complaint, Sick Headache, &c. This Anti-Bilious Medicine expels from the blood the hidden seeds of disease, and restores the system to its normal state, pure and sound, clearing and reconstituting the vital organs. Pleasant indeed, is it to us, that we are able to place within your reach, a medicine which will cure the "Mountain Herb Pills," that will pass directly to the affected parts, through the blood and fluids of the body, and cause the sufferer to brighten with the flush of beauty and health. Judson's Pills are the Best Remedy in existence for the following Complaints: Blood Complaints, Biliousness, Liver Complaints, Constipation, Dropsy, Female Complaints, Headache, Indigestion, Pleurisy, Rheumatism, Spasms, Stomachic Disorders, Strangury, Urinary Disorders, Venereal Diseases, &c. &c. Address: M. M. ROHRER, Box 1911 Philadelphia P. O., Pa. 30, 1860.—6ms.
