AMERICAN WATCH COMPANY.— GOLD AND SILVER WATCHES.
OFFICE JOHN A. STODDART, NO. 411 CHESTNUT STREET, PHILADELPHIA, PENNA.

Attention is invited to the following statement and the accompanying testimonials in favor of these
CELEBRATED AMERICAN WATCHES.
A Gold Medal was awarded the Company by the Massachusetts Mechanical Association, 1856. A Gold Medal was also awarded them by the American Institute at New York, in 1857. The Company also received the First Premium—a Gold Medal—from the Franklin Institute, Philadelphia, in 1858.
These Watches have now been in the market for nearly two years, during which time they have been tested as to
ACCURACY, DURABILITY AND RELIABILITY.
In every conceivable manner, and have proved themselves to be the most satisfactory time pieces ever offered to the public.
This result has been brought about by a strict application of mechanical science to the construction of the watch from its very inception, rendering it, when finished
MATHEMATICALLY CORRECT.
in all proportions, and necessarily a perfect time keeper as it is possible to make.
The Company have tested their Watches, in many instances, by actual daily noting, and the result of this test has been that they have exhibited a rate equal in regularity to the best marine chronometer.
N. B.—We have just introduced a
NEW STYLE OF WATCH
elaborately finished, and thinner than any have heretofore produced, with several improvements calculated to secure the greatest accuracy of performance, and to prevent the usual accidents and derangements to which foreign watches are liable.
Letter from Paul Morphy, the Celebrated Chess Player.
New York, Oct. 15, 1859.
Mr. R. F. Robbins, Treas. Am. Watch Co.,
Dear Sir:—The American Watch, No. 9240, presented me by the New York Chess Club, proved to be most reliable and accurate time-keeper—almost unnecessary so for ordinary purposes. It is now nearly five months since it came into my possession, and during that period its variation from standard time has been but a trifle more than half a minute. The following is a record of its performance:
June 15, fast 12 seconds. Aug. 15, fast 18 seconds.
July 1, - 6 do. Sept. 1, - 23 do.
Aug. 15, - 10 do. Oct. 15, - 28 do.
Sept. 1, - 16 do. Dec. 1, - 32 do.

I give you permission to make such use of this statement as you may think proper.
I am, with respect, yours truly,
PAUL MORPHY.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.
And for the speedy cure of the subjuncted varieties of Diseases:
Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Scars, Erysipelas, Pimples, Pastules, Itches, Boils, Blisters, and all Skin Diseases.
J. C. AYER & Co. Genls. I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous Taint, I was afflicted from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and destroyed me at the stomach. Two years ago it broke out on my head and covered my scalp with scabs, and caused me much pain and several physicians, but without much relief from any of them. In fact, the disorder grew worse. At length I was referred to read in the Gospel Messenger that you had prepared an Sarsaparilla, for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it as you advise, in small doses of a teaspoonful over a glass of water, three or four times a day. My health began to improve from the scrub, which after a while I did not feel. My skin gradually cleared, and I feel well believe that I feel what I am saying when I say you will hold your medicine in the highest esteem and remain ever gratefully,
ALFRED B. TALLEY.
St. Anthony's Fire, Rheum, Erysipelas, Letter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.
Dr. Robert M. Phipps writes from Salem, N. Y. 15th Sept. 1861, that he had written to you in regard to Dropsy, which threatened to terminate fatally, by the use of your Sarsaparilla, and also a description of my attack of Melancholia, and the large dose of this same; say it cures the common Eruptions by its tonic action.
BRONCHOELE, GOTTE or SWELLED Neck.
Zebulon Snow of Prospect, Texas, writes:—"Three bottles of your Sarsaparilla cured me from a Gleet—a hidden ailment on the neck, which I had suffered from over two years."
Leucorrhoea or White Ovarian Tumor.
E. W. Thayer, New York, writes:—"I most cheerfully comply with the request of your agent in the Scrofulous Affections, which I have long and vainly endeavored to cure by other means. I have used your Sarsaparilla for several months, and it has cured me of all my ailments. I feel well believe that I feel what I am saying when I say you will hold your medicine in the highest esteem and remain ever gratefully,

THE STIMULATING ONGUENT
Is prepared by Dr. C. P. BELLINGHAM, an eminent physician of London, and is warranted to bring out a thick set of Whiskers or a Moustache, in from three to six weeks: This article is the only one of the kind used in France, and in London and Paris it is in universal use.
It is a beautiful, economical, soothing, yet stimulating compound, acting as if by magic upon the roots, causing a beautiful growth of luxuriant hair. It applied to the scalp, it will cure baldness and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn grey hair into black, restore grey hair to its original color, leaving it soft, smooth and flexible. The "Onguents" is an indispensable article in every gentleman's toilet, and after one week's use you would not for any consideration be without it.
The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

D. MOTT'S
IRON
AND PREPARED
SODIUM
IRON

A N APERTIENT AND STOMACHIC PREPARATION OF IRON purified of Oxygen and Calcium by combustion in Hydrogen. Sactioned by the highest medical authorities, both in Europe and the United States, and prescribed in their practice.
The experience of thousands daily proves that no preparation of iron can be compared with this. Impurities in all medicines indicate its necessity in almost every conceivable case. Iron is in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:
In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhoea, Dysentery, Liver Complaint, Scrofulous Affections, Salt Rheum, Rheumatism, Muscular Tremor, Whites, Chlorosis, Liver Complaint, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c., &c.
In cases of General Debility, whatever the result of acute disease or of the continued diminution of nervous and muscular energy from chronic consumption, one trial of this restorative has proved successful to an extent which led to a scripulous writer's attention would render it doubtful whether the long bed-ridden are to have become stronger and their own neighbors, have not been and are not being treated to a similar case. Some of the original instances, emanated victims of the following symptoms, viz: Debility, nervous exhaustion, critical attacks, and a complete loss of nervous and appetitive energies, and all other ailments to which the physician has no name.

In Nervous Affections of all kinds, and in every form familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for unlike the old oxides, it is vigorously tonic, without being exciting and over-heating; and gently purgative, even in the most obstinate cases of constipation, or indolent liver, or gastric paralytic, or inducing a disagreeable, or dangerous, or violent action. It is this latter property, among others, which makes it so remarkably efficacious and permanent a remedy for Plethors, upon which it also appears to exert a distinct and specific action, by dissipating the local tendency which forms them.
In Dyspepsia, which is more or less of its cases, a single box of these Chalybeate Pills has often sufficed for the most habitual cases.
In Unchecked Diarrhoea, even when advanced to Debility, confirmed, emaciating and apparently malignant, the effects have been equally decisive and astonishing.

In the local Plethors, loss of flesh and strength, debilitating cough, and remittent fever, which generally indicate *Incipient Consumption*, this remedy has allayed the alarm of friends and physicians, induced every gratifying and interesting instance.
In *Scrofulous Tuberculosis*, this medicine has had far more the good effect of the most cautiously balanced preparations of today, without any of their well-known liabilities.
The attention of females cannot be too confidently invited to this remedy and restorative, in the cases peculiarly affecting them.
In *Rheumatism*, both chronic and inflammatory, in the latter, however, more decidedly, it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In Intermittent Fevers it must necessarily be a great restorative and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.
No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy and fully restorative effects. Good appetite, cordial digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.
Put up in neat tin metal boxes containing 50 pills price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address, on receipt of the price.
