Democratic County Convention. In another column will be found the proceedings of the Democratic County Convention which met in this place on Tuesday last. We call the attention of our Democratic readers to those proceedings, and invite conservative men of all parties to a critical perusal of the platform of principles laid down in the resolutions adopted by the Convention.

The ticket formed by the Convention is unexceptionable throughout, and will be elected nees, as well as in its action on the platform, the Convention was entirely harmonious. The idea of Fusion was indignantly scouted and rejected, not a man of all the delegates entertaining it in the remotest degree. Thanks be to the good sense and patriotism of the country Democracy, we have a pure, straight-out Democratic Ticket, placed upon a sound Constitutional platform, untainted and untouched with fanaticism of any sort.

For Associate Judge we have Gen. JAMES BURNS, of Juniata tp. Though not an aspiinducement to the friends of those who had actively canvassed for the nomination, to make him a common rallying-point and the compromise candidate of the Convention. No better man could have been selected. But the people of Bedford county know and appreciate the character of Gen. Burns the well to make it nebearer in the forlorn hope of the Legislative phers were chosen said Committee and in addi-Ticket in this benighted Republicant District. The Committee of Vigilance, a comm and enthusiasm which can spring alone from generous and grat. ful hearts. For Treasurer, Maj. A. J. SANSOM received the nomination. We might speak of the services rendered to the party by this member of the ticket from his earliest manhood ; we might dwell upon his qualities as a friend and neighbor, his fidelity as a Democrat and his respectability as a citizen ; but those who are to pass upon his claims to the office for which he has been nominated, know him as well as we bands. We will say, however, that Major Sansom is an excellent business man, that the finances of the county will be safe in his hands, to abandon our organization as Democrats, at and that, should be be elected, the people of this time, as coming in a bad grace from a par-Bedlord county will never regret the choice ty and power continually turning-out of office they have made for the office of County Treasurer. For Commissioner, PHILIP SHOEMAKER, of Colerain, is the nominee. Mr. Shoemaker is an old and respectable citizen of the county, a man of eminently correct views in regard to the administration of the affairs of the county, strictly upright in all his dealings, economical are faithful and honorable and support the Uin his notions of public expenditures, well qualified to detect any irregularities, or looseness, in the disbursement of county funds, and has been a lifelong and unvarying Democrat. His election would secure a valuable accession to the board of Commissioners. For Poor Director and Auditor, we have, respectively, HENRY WERTZ, of Cumberhand Valley, and DANIEL L. DEFIBAUGH. of Snake Spring. Both of them are good men and would fill the higher offices on the ticket with as much credit as they will those for which they are named. The object of the Convention was to select the very best men for all the offices, and in our opimon it was eminently successful. The names of many good men-men who stand just as fair before the people as those who were nominated -were rejected only on Forrounded," (as the Irishman said) "before the undeniable principles that all the good man yees shoot ?"

terial could not be made use of at once, and that | we must hold some over for the future. Locality, too, had to be consulted, as no good general would crowd all his forces into one fort, and allow the enemy to run riot over the whole country outside.

Democrats of Bedford county! We have an excellent ticket, standing on a sound platform; let us go to work and elect it.

THE RESOLUTIONS.

Let every Democrat and every conservative man read the Resolutions adopted by the late Democratic County Convention, published in present another column. They embody the true doctrine-the doctrine of the Constitutional Union men of the country-the only true and consistent triends of the Union. We will stand by those Resolutions, no matter who leaves them ; we will adhere to the sacred principle of Constitutional Liberty which they enunciate, in spite of mobs, civil war, or the bloodiest of anarchies. Upon that rock we plant our banner, and there it shall remain so long as we can write a line, or utter a syllable. Esto Perpetua! ITThe gentlemen composing the late Dem-

ocratic County Convention, have our heartfelt gratitude for the endorsement which they were pleased to give us. The members of that body will bear us out in saying that we did not ask it, which makes it, however, all the more gratifying.

The Governor of Illinois has appointed O. H. Browning (Republican,) U. S. Senstor in place of the lamented Douglas. It was suggested that as the "Republicans" were anxious to "drop politics," a Democrat should fill out the term of Douglas ; but it seems the "R-ps." were only joking when they spoke out in favor of dropping politics.

RESOLUTIONS.

Whereas, The Democratic Party, for years past, in its Conventions, State and National, and through its presses and by its representatives in Congress, denounced the policy of establishing sectional parties, holding that the success of such parties would mevitably result in a bloody and horrible civil war, And whereas, The prophetic warnings upon this subject uttered from time to time by the great and good men of the Union, are now fully verified in the present deplorable condition of our beloved country, And whereas, We are unwilling now to renounce the opinious heretofore entertained by us as to the causes which operated to bring about the difficulties in which the nation is involved, or to stultify ourselves by endorsing the political doctrines and policy whose triumph in the last Presidential eection has so fearfully imperilled the perpetuity of the Union.

Therefore Resolved, That as the Democratic party has stood by the Union and the Constitution, in peace and in war, through good and tion to that party, its principles and urages. Resolved, That whilst the present civil was was none of our seeking, and whilst we depre cate and deplore its existence, and earnestly hope and pray for the early restoration of an honorable peace, as Democrats who have always been true to the Constitution, struct their delegates to support in Convention, and whose fealty and devotion to the Union are attested by the whole history of our lives, we ready sold 29 in Bedford county. Until the resignation of Mr. Purviance, Governor Curtin's Attorney General, we tried to make ourself believe that much of the complaint of soldiers about the clothing and provisions furnished them by the Governor was not well founded. But every day has brought us new light upon the subject, until there can no longer be a doubt of the most rascally swindling operations having taken place under the eyes the Governor and apparently with his approval. Our soldiers have deen fed on rotten meattheir uniforms when furnished after weeks of anxious waiting, were of such materials as would not hold together a week, and in many cases not over a day. The'public indignation against the immense frauds that have been perpetrated upon the volunteers of Pennsylvania, by furnishing them with uniforms of the most inferior quality, has pecome so strong that all those who have had anything to do with the contracts for supplying them, are vigorously striving to clear their skirts of the responsibility. Erom this very fact many rich facts are being brought to light. George M. Martin, of Philadelphia, through whom the contracts were made, has, be promoted and excited by our troops, so long as a matter of self-defence, made some rich revelations. He declared when brought to task by some of the officers of Camp Scott, a few days since, that he had only acted as the agent of Gov. Cuitin; that the material was was designated by our delectable Chief Magistrate, and that he (Martin,) makes not one cent of profit out of the transaction. Those kind hearted individuals in the community, who have endeavored to apologize for the State Administration and who have used their utmost exertions to convince the people that if these outrages did exist, Governor Curtin was innocent of the swindle, will now have to combat some very ugly sacts. If Governor Cur tin is not implicated in these affairs, it devolve es upon him to prove it. The case for the Common wealth has been clearly made out ; it is now for the defendant to refute the charges brought against him.

A gentleman asked us the other day if there was not some plan by which the Governor could be deposed. There is none other than by impeachment before the Senate and unfortunately the Legislature does not meet, unless at the special call of this man Curtain, until next January. There is one thing, however, that can be done.
