. It is an established fact, that all diseases arise from IMPURE BLOOD :

IMPURE BLOOD: The blood is the life! and when any foreign or unhealthy matter gets mixed with it, it is at once distributed by any state of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to seekened, and so the circulation is feeble. The lungs become clogged with the poisonus matter; hence, a cough—and all from a slight impurity at the fountain-head of life—the Blood! As if you had thrown same arth, for instance, in a pure spring, from which ran a tight in the whole course of the stream becomes disturbed and dissolored. As quickly does inpure blood fly to every part, and leave its estighted on discoution. These pills not only purify the blood, but regenerate all the secretions of the body; they are, therefore, unrively any spring the blood of the body.
