port of the choicest matter, selected from the NOON PRAYER-MEETINGS, which are so interesting to all classes of Christians.

Besides a large amount of general religious intelligence, the Sunday-School Times contains all the most accent Sunday-school news. It reports all the important CONVENTIONS of Sunday-school teaching the important CONVENTIONS of Sunday-school teachers. It discusses the questions which most interest. Important CONVENTIONS of Sunday-school teachers. It discusses the questions which most interest and perplex teachers and parents, respecting the various methods of religious training for the young, the means of gaining the attention and the affections of children, and especially of securing their conversion and bringing them to Christ. The subject of Mission-Schools for cities, and of Sunday-achool missionary work for the interior, is thoroughly canvassed. Indeed, there is hardly a topic of practical importance to any who are interested in the subject of religious education, which is not here brought under consideration from week to not here brought under consideration from week to week.

The conductors of this paper endeavoi to remember, that the great end of all Christian effort is to bring men to Christ. They aim, accordingly, to put into every number of the paper something which shall have for its direct object the conversion with the conversion of the American public, the above justly celebrated and world renowned article.

Primples, Pastules, Blotches, Boils, Blains, and all Skin Diseases.

J. C. Ayen & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes to turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and care with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoord over a month, end used almost three bottles. New and healthy skin son began to form under the scab, which after a while fell off. My skin is now clear, and I knew by my feelings that the discase has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

I have cured many inveterate cases of Leucorrhea by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous oversian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orlanas, 25th August, 1859.

Dr. J. C. Aren: Sir, I cheerfully comply with the request of your agent, and recort to you some of the effects I have realized with your Sarsayarilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercuriol Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsparilla; the ulcers healed and he is well again, not of course without some distinguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruding pain in her joints and bones. She, too, was cared entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, this Fraparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours,

One bottle cured me in two weeks, and essential peneral health so much hat I am set the best of the stacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchiell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derungement of the Liver. My beloved pastor, the Rev. Mr. Esp., advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in var American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Mclancholy, Neuralgia

Many remarkable cures of these affections have been made by the alterative power of this medicine. It slimnless the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has lead hear required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

This is a remedy so universelly knewn to surpass any
other for the cure of threat and lung complaints, that is
is useless here to publish the evidence of its virtues. Its
univalled excellence for coughs and colds, and its truly
wonderful cures of pulmonary disease, have made it

Few are the communities, or even families, amone the rasome living trophy in their haidst of its victory over the
subtle and dangerous disorders of the threat and lungs.
As all know the dreafful fatality of these disorders, and
as they know, too, the discrete this remedy, we need not
do more than to essure them that it has new all the viuses that it did have when making the cures which have
won so strongly upon the confidence of mankind.
