The examination of the Classes in the Bedford Classical Institute will be held in the Presbyterian Church, on Wednesday, July 31, from 8 o'clock to 12 A.M., and from 2 to 5 P.M.

Familiar Topics.

The shameful misconduct of Gov. Curtin and his military advisers and assistants at Harrisburg, in the equipment and provisioning of the State troops, the flagrant violation of the Constitution on the part of the National Administration, and the fact that the leaders and newspaper press of the late "Republican" party, generally sustain both Administrations in everything they do, or have done, whether right or wrong, have created an imperative necessity for the re-organization of the Democratic party upon the broad basis of the Union, the Constitution and the Enforcement of the Laws.

On Saturday and Sunday last, our town was crowded with people, who had come in from all directions to witness the arrival of the troops whose intended march to Cumberland had been rumored for several days previous.

There is no war news of importance except that a fight took place some days since between the Missouri State Troops and some of the Federal Home Guards in which the latter were defeated, with a number of killed and wounded on both sides.

ARRIVAL OF VOLUNTEERS.

Two Regiments and A Battery at Bedford.

On Saturday and Sunday last, our town was crowded with people, who had come in from all directions to witness the arrival of the troops whose intended march to Cumberland had been rumored for several days previous.

We are glad to be able to state that our citizens received the troops in a becoming manner, and that after the long and wearisome march, in the dust and heat, from Hopewell to this place, the fatigued and foot-sore defenders of our country, found relief from their hunger and thirst, in the patriotic generosity of the people of Bedford.

THE RIGHT OF REVOLUTION &C.

I am well aware, Mr. Editor, that you are averse to any recognition by the U.S. Government of the right of secession, and I have no desire to enter into a dispute with you upon that subject.

Ex Post Facto.

Congress meets on the Fourth of July. May we not hope that the patriotic recollections which the return of that auspicious day must awaken in the minds of the American people, will operate for the restoration of peace and that fraternal feeling which alone can truly bind the Union together?

Col. Thos. L. Kane.

This gentleman is the Lieutenant Colonel of the First, or Rifle Regiment, of the Reserve Corps, which Regiment, were informed, he raised himself, declining the Colonelcy in favor of Col. Biddle.

CAUGHT!

The organ of the Bedford Treason-smellers, has the following article in its last issue:

"The last Gazette has several articles containing pretty good Union sentiments, and were it not that the editor neutralizes them by publishing a rank treasonable communication, we might be led to believe that he was going to change his course and come out for his country.

Now, it becomes our painful duty to inform the writer of the above, that the author of the "rank treasonable communication," alluded to in his article, is no less a personage than His Excellency, ABRAHAM LINCOLN!

In order that our readers may more clearly comprehend the pit-fall into which our friend has fallen, we republish this "rank treasonable communication," of which A. Lincoln is the author, at the same time repeating our emphatic protest from the sentiments it contains.

MARKED BATTERIES.

We hear a great deal about the stratagems of the enemy, but their devices are not more calculated to embarrass the Administration than are the covert assaults continually made through the agency of certain disaffected Republican editors.

FROM THE ST. LOUIS REPUBLICAN.

From the St. Louis Republican. "Prominence—A Word in Favor of Peace. We do echo the voice of all those who love their country, and desire to see the Union restored, when we say that the man who can successfully bring about this object, without bloodshed, whether in Congress or out, will be immortalized, and have his name canonized on the roll with Washington and all the other benefactors of the human race."

FROM THE BELLINGHAM PATRIOT.

Whatever the gentlemen composing the present Legislature of Maryland may think and believe in relation to the crisis, we can knowingly assure them that it is not now too late to induce a mediation of peace between the contending Governments of the United and Confederate States.

FROM THE NEW YORK TRIBUNE.

We learn from a source not likely to be misinformed that Mr. James E. Harvey has not been recalled from the Portuguese mission, although there is ample and unquestionable evidence of his complicity with the traitors of South Carolina.

Kentucky and the Federal Army.

IMPORTANT AGREEMENT WITH MAJ. GEN. MCLELLAN.

Louisville, June 22.—On and after Monday next, freights over the Nashville Railroad will be refused, unless permitted by the Surveyor of this port to pass.

The morning papers contain letters from General Buckner and Gov. Magoffin, giving the particulars of an agreement made with Gen. McClellan.

The Kentucky authorities will protect the United States property in the State, enforce the laws of the United States according to the interpretation of the United States Court, and enforce all obligations of humanity, as against the Southern States.

Treason and Sedition.

The following from the New Haven Register, with only a change of names, will apply as well to the longitude of Bedford as to that of New Haven.

The Courier pretended that the Bridgeport Farmer was guilty of treason for speaking of President Lincoln as a despot, and for accusing him of using despotic powers, or in other words powers not delegated to him by the Constitution of the United States.
