LIGHT & BRADBURY'S PATENT INSULATED IRON FRAME

THE INSULATED FRAME preserves the original tone of the instrument in all its purity, securing it for all time against that most disagreeable

A few testimonials from some of the most eminent Pianists and Musicians in the world, in regard to the Superiority of our New Scale Patent Insulated Piano Fortes.

"I have examined the Piano Fortes of Light & Bradbury's with entire satisfaction. I know not that there are any others better, either in our own country or elsewhere."

"Dr. LOWELL MASON."
In clearness, richness, and volume of tone, delicacy, elasticity of touch, and fine repeating action, I have never played upon their equal.

"H. A. WOLLENHAUPT."
In volume, richness, evenness and purity of tone, and in delicacy of touch, they certainly excel, and in that beautiful singing quality so desirable, yet so seldom found.

"WILLIAM MASON."
I have never played upon so rich and heavy a tone Square Piano Forte.

"ARTHUR NAPOLEON."
I am astonished and delighted with the New Scale Iron Frame Piano Fortes made by you. There must be a splendid forte for Light & Bradbury's Piano Fortes.

"GEO. F. ROOT."
I have never played upon so fine an instrument.

"GEO. F. BISTOW."
I consider them as to beauty, richness, fullness, and equality of tone, as well as their agreeable, elastic touch, equal, if not superior, to any Pianos made in this country or Europe.

"KARL WELS."
They have all the requirements for a superior interpretation of both classical and modern compositions.

"MAURICE STRAKOSKI."
It affords me pleasure in my testimony to the many artists who speak in the highest terms of the superior excellence of your New Scale Patent Insulated Iron Frame Piano Fortes, and I must say that your New Scale very far surpasses all your former efforts, producing an instrument far superior in all the excellencies that constitute a perfect Piano Forte, to any with which I am acquainted.

"THEO. EISELDE."
Having examined your New Scale Iron Frame Pianos, we must express our delight and pleasure at their superior excellence. For their peculiar rich volume of tone, fine elastic touch, and in all the requisites necessary for perfection in the instrument, we must say, in all our experience, we have seen nothing to compare with them, and we can most cordially recommend them to our friends and the public.

"CHAS. FRADEL."
I take pleasure in giving my testimony in favor of the beautiful Pianos which I have recently seen made by your firm. In power, quantity, and equality of tone, they certainly excel; while for that peculiar rich, singing tone, that is so invaluable as an accompaniment to the voice, sustaining and blending with it, I have rarely met with their equal.

"C. BASSINI."
It is with pleasure I give my testimony to the excellence of your Pianos in general, and especially to the admirable invention of Mr. Light & Bradbury's improvement which regards the instrument yet made in the manufacture of first-class instruments.

"LOUIS ERNST."
I take pleasure in stating my favorable opinion of your New Scale Iron Frame Piano Fortes. Among many superior Piano Fortes manufactured in New York, they certainly must rank second to none of them for strength, purity, and richness of tone, together with extraordinary vibratory qualities. I have also had frequent opportunities, in the schools, during the past four years, to notice the durability of your instruments, and this under severe and unremitting trials.

"GEO. H. CURTIS."
The high reputation which they have obtained for their fine brilliant tone, pleasant touch and power, have given them the preference over those of all other manufactures, in the Public Schools of New York, in which over one hundred are now in daily use, some twelve or fifteen of which are in departments where I have had the pleasure of teaching, and where I have used them for the last five years.

"MARCUS COLBURN."
Being pleased with your steady progress in improving the quality of your Pianos, I cannot refrain from saying to you, after some fourteen years' knowledge of them, that the New Scale Iron Frame, which I have seen, I think the best Piano Forte ever saw. I say this after having purchased over two hundred of your Piano Fortes.

"F. H. NASH."
Our Square Pianos range in price from \$250 to \$600. Our Grand Pianos " " " " \$500 upwards. All our Pianos are warranted, without limit as to time.

Send for a circular, which contains complete price list and descriptions, and hundreds of references to persons in every section of the country, who have purchased our Pianos.

ANCIENT JERUSALEM.

A LARGE AND BEAUTIFUL ISOMETRICAL PICTURE OF JERUSALEM AND THE SACRED PLACES SURROUNDING THE HOLY CITY, AS THEY APPEARED IN ANCIENT TIMES.

The above work is commended to the favorable notice of clerical, and those having charge of Sunday-schools, Bible-classes, and public institutions.

It is about nine feet long and six feet wide, colored and varnished, and mounted on canvas with rollers.

It has been constructed from a most reliable authentic source, and will be found an invaluable aid to those engaged in lecturing on the Holy Land, or in imparting instruction to school classes on the subject to which it refers.

The work gives an exact idea of the city as it appeared in ancient times. It is taken as "birds-eye" or "ballon" view, the beholder being, in imagination, placed at a considerable elevation, so as to take a comprehensive view of the city and of the whole country for some distance around it.

The view is accompanied with an Outline Key, in which the different localities are numbered, and a Descriptive Manual containing all the information necessary to enable one to use the View to advantage in teaching or lecturing.

THE SUNDAY-SCHOOL TIMES

This is a Weekly Religious Paper, published at the very low price of ONE DOLLAR A YEAR.

It is designed for PARENTS, TEACHERS, and all who are engaged or interested in the religious training of the young. It is also an excellent FAMILY PAPER.

A portion of the Sunday-School Times is occupied with NARRATIVES and other matter particularly interesting to young persons. Teachers will find in it much that will like to read to their classes—interesting matter prepared to their hands, and such as they cannot find elsewhere. For the same reasons, members of Bible-classes, and the older scholars generally, will be greatly benefited by the perusal of this paper.

The Sunday-School Times has every week a report of the choicest matter, selected from the NOON PRAYER-MEETINGS, which are so interesting to all classes of Christians.

Besides a large amount of general religious intelligence, the Sunday-School Times contains all the most recent Sunday-school news. It reports all the important CONVENTIONS of Sunday-school teachers. It discusses the questions which most interest and perplex teachers and parents, respecting the various methods of religious training for the young.

The means of gaining the attention and interest of children, and especially of securing their conversion and bringing them to Christ. The subject of Mission-Schools for cities, and of Sunday-school missionary work for the interior, is thoroughly canvassed. Indeed, there is hardly a topic of practical importance to any who are interested in the subject of religious education, which is not here brought under consideration from week to week.

The conductors of this paper endeavor to remember that the great end of all Christian effort is to bring men to Christ. They aim, accordingly, to put into every number of the paper something which shall have for its direct object the conversion of souls.

SPECIAL OFFER.

The Proprietors of the SUNDAY-SCHOOL TIMES have acquired the exclusive right of sale of the splendid work mentioned above, the MAP OF ANCIENT JERUSALEM, offer it as a special premium to those superintendents, teachers, or others, who will assist in getting new subscribers to the paper.

We offer this superb premium to any one who will send us the names of 12 new subscribers and \$12 in cash.

CAUTION. In every case, before beginning to canvass, be sure to write to us and obtain the necessary documents, and the necessary directions. These will help you greatly in prosecuting the work, and will save you many mistakes. Enclose 5 cents in stamps to pay postage. Address

PROPRIETORS OF THE SUNDAY-SCHOOL TIMES, No. 5 South Fourth street, Philadelphia.
