These Watches have now been in the market for nearly ten years, during which time they have been tested as to

In every conceivable manner, and have proved themselves to be the most satisfactory time pieces ever offered to the public.

This result has been brought about by a strict application of mechanical science to the control of the world.

The Democratic hosts have not shrunk from their full share in the responsibilities and dangers of the emergency. They have ralled with one accord a large brick house, tenant house, miller's house, barn, distillery, &c. The farm can be divided with out disadvantage. Terms reasonable, —ALSO—

This result has been brought about by a strict application of mechanical science to the control of the world.

It is the purpose of the Proprietors to make "THE UNION," in every respect a first-class Journal.—
The Democracy of the whole State feel the need of a bold and vigorous Metropolitar daily; and no effort will be spared to render THE UNION both popular and efficient as a newspaper, and as a fearless exponent of the great principles for which the Democratic party have ever contended, and which are now so unhappily imperilled.

The Proprietors have perfected such arrangements as will place the enterprise, from the beginning, upon a substantial business basis, with abut dant means to make a Newspaper second in interest and ability to no other in the city and while the paper will be fearlessly Democratic, it will sedulously avoid all faction, as the deadliest bane to

party efficiency.

We look to the Democratic Masses for support, and shall labor to make IHF UNION in every way worthy their confidence and liberal patronage, as a fresh, readable and fearless Journal.

Oalland, Ind., 6th June, 1800.

J. C. Aver & Co. Gents: I feel it my duty to acknowledge what your Sarsparilla has done for mid. Having inherited a Scrofulous infection. I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much releft from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small dose of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the aposties of the age, and remain over gratefully.

I have cured many inveterate cases of Leucorrhose by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Edward S. New Obleans, 25th August, 1859.

Dr. J. C. Ater Sir, I cheerfoldy comply with the request of your agent, and report to you some of the effects I have englized with your Sarsaparille.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have fund its effects truly wonderful in the cure of Fenerod and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and tho top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his mose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some dissignation to his face. A woman who had been treated for the same disorder by mercury was suffered excruciating, pain in her bohes. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. Set, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formals, which your agent gave me, that this Preparation from your laboratory most be a great remedy: consequently, these truly remarkable results with it have not surprised me.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than derangement of the Liver. My beloved paster, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he know you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so parified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."
