Pinaples, Puttinles, Blotches, Bolis, Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1860.

J. C. Ater & Co. Gents: I feel it my duty to anaknowledge what your Sarsaparilla has done for mak. Having inherited a Scorfolious infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stounch. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loaknone beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospal Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputcion that any thing you made must be good. I sand to Cincinnati and got it, and used it will it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and heafthy skin soon began to form under the scab, which after a while fall off. My skin is now dear, and I knew by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostics of the age, and remain ever gratefully.

Dr. J. B. S. Channing, of New York City, writes; "I must cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent altorative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous disthesis. I have cured many invetorate cases of Louorrhood by ft, and some where the complaint was caused by ulceration of the Mercua. The ulcertation itself was soon cured. Nothing within my knowledge equals it for these female dorangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous oscrion tumor on one of the females in my family, which had defined all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Feneral and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, sleadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had gaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cared entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remody; consequently, those truly remarkable results with it have not surprised me.

One bottle cared me in two weeks, and restored my general health so much that I am far better than before I was stacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writer: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other came than derangement of the Liver. My beloved pasker, the Rev. Mr. Espy, advised me to try your Sarsaperilla, because he said he krew you, and any thing you made was worth trying.
