Those names marked with a star (*) were not returned to the Chairman of the County Committee, and are inserted only to supply vacancies until after the next election. We hope that the Democrats composing these Committees will at once buckle on their armor and marshall the Democrats of their respective districts for the political battle on the 8th of October. The Democracy look to these Committees for vigorous action in the organization of the party, and as the interests of the Democratic ticket are now mainly entrusted to their energy and watchfulness, we hope to hear a good report from the gentlemen who compose them. They are the "Old Guard" of Democracy in Bedford county. Let them but rally to the onset, and all will be well.

How the ticket is to be voted.

The ticket to be voted at the coming election, will not be on one slip, or solid, as usual. The office of President Judge must be voted for separately; that is, the slip on which the office of,& name of the candidate for President Judge, is printed, must be cut from the balance of the ticket, folded separately, and then tied up, or placed, with the other part of the ticket after Assembly down, will be voted together. Our friends will please notice.

The President Judge Question,

There can be no office of public trust more closely connected with the interests and welfare of the people than the office of President Judge. To wear the judicial ermine becomingly and worthily, a man must be honest, well without prejudice, cool, and withal qualified for the orderly and speedy dispatch of business. Few men possess all these requisites, and but comparatively few are endowed with even the major part of them. In our own district, howdignified position, who unites in himself the qualities necessary to an upright and able Judge. We allude to the Hon. WILSON REILLY, of Chambersburg. Gifted intellectually with extraordinary powers, well-grounded in the legal science, quick to perceive and grasp the abstru- Tuesday of October. sest point, liberal and candid in his views, and endowed with that nobleness of nature which shrinks intuitively from injustice and wrong, Wilson Reilly is confessedly the foremost man in the district for the office for which he is named. Should he be elected, the people will have upon the bench, not only an honest minister of justice, but a man who will be able to save them thousands of dollars in expenses by having their business transacted with the proper dispatch.

The only opponent of Mr. Reilly yet in the field, is JAS, NILL, of Chambersburg, nominated by a minority of the Republican Conferees we have not a word to say against his moral qualifications. He claims to be a Democrat, except that we do not admire the Democracy of a man who plays fast and loose with the Republicans, even if it is to cheat or deceive them. But we do object to Mr. Nill's slowness in the trial of causes, which every lawyer in the district knows unfits him entirely for the office of Judge. Under his administration our dockets would groan with unfinished litigation, and the County Treasury would be made to pay double for the inactivity of His Honor, Judge Nill .-We warn the people against such a state of things, and appeal to them to prevent it by voting against Mr. Nill. This is no mere political was impossible to take it out of politics, the people can and will do it, for it involves their dearest interests, their homes, their families, and in a greater or less degree, their social and domestic tranquility and happiness. Let us have an active, working, vigorous minded, as well as an upright and honorable Judge. We can, we must have him in the person of Wilson Reilly.

On Tuesday last the Republican Conferees from Bedford and Fulton and the so-called "Union" Conferees (two "Republicans" and one Democrat) from Franklin met at the "Juniata Crossings," and on the first ballot, nominated James Nill, of Chambersburg, for the office of President Judge. The Somerset Conferees, disgusted with the chicanery of the Franklin county "Republicans," knowing that McClure and Co. were determined to defeat every candidate outside of Franklin county, absented themselves from the Conference. The Fulton Conferees were instructed to vote of their instructions and disregarding every of the people, for six of the nine delegates and let the rallying cry be, The Dem-Broad Top .- S. S. Fluck, * John C. Figard, * that met in Conference, were instructed to ocratic Ticket, for the sake of the Ucast their votes for him. Whilst we have no sympathy with Mr. King, politically, we must honorable peace. say that he has been treated most shamefully in this matter. But Mr. Nill is no more the regular nominee of the party in the district than Mr. King. A full conference would have cast 12 votes, a majority of which would have been 7. Yet Mr. Nill had but 5. Therefore, his nomination is no more binding upon the "Republicans" of the district, than Mr. King's would be, were he to claim the 4 votes cast for him, as a nomination.

But the Franklin county "Managers" had pre-determined that none but a Franklin county man, of their own selection, should be nom inated. The "Repository and Transcript", the organ of the "Managers," had declared that it would support no brother-in-law of Judge Black, or Judge Kimmell, if nominated, the editor meanwhile knowing full well that Ross Forward, Esq., who was the Somerset candidate, stood in that relation to both Black and Kimmell. The same dictatorial sheet had also declared, in effect, that Alex. King could not be elected, if nominated, taking the position that none but a Franklin county man could hope to beat Mr. Reilly. Hence, it will be A better man cannot be found any seen that the Franklin county "Managers" were resolved, by fair means, or foul, to deprive the Republicans of the Western end of the district of any chance they had to obtain the candidate. How effectually they succeeded, the work of last Tuesday plainly shows. It remains to be seen, however, whether the "Managers" who procured the nomination of Nill, will be sus-

We learn with pleasure, that our frien d Henry J. Myers, Esq., of Adams county, has been renominated by the Democrats, to represent that county in the Legislature. Harry proved himself an excellent, upright legislator, during the last session, and we shall be glad to hear of his re-election.

The Democrats of Columbia county, alleged frauds committed upon it in the sale of have nominated Col. Levi L. Tate (editor of that is folded. The rest of the ticket, from that able Democratic paper, the Columbia Democrat) as their candidate for the Legislature. No better nomination could have been made. fied the manafacturers to remove them.

Hon Wilson Reilly.

By the proceedings of the Democratic Judicial Conterence which assembled at Bloody Run, on the 19th inst., published in another Friday evening, the 20th inst., in response to a column, it will be seen 'that the HON. WIL-SON REILLY, of Chambersburg, has received read in the law, quick of perception, impartial, the regular nomination of the Democratic party of this Judicial! District, for the office of President Judge. It is with pride, as well as listed the warmest sympathies of our fair counpleasure, that we place the name of Wilson Reilly at the head of the Democratic ticket-The choice of the Conference could not have ever, a gentleman has been presented for this fallen upon a more able or more worthy man. Mr. Reilly is well known to the people of this county as a brilliant orator and an able lawyer. Twice have the sturdy yeomanry of Bedfor d, testified their appreciation of Mr. Reilly's worth and they will do it again on the second

F Capt. H. L. Ryce, of the Zouaves, desires us to state that his Company will leave for Camp Curtin on Monday next. A few more able-bodied young men will be accepted.

Rally, Democrats!

The time has come, fellow Democrats, for action! If we would maintain the organization of our party, if we would promote the success of our principles, if we would see the Democratic cause triumphant, now is of the District. Mr. Nill is a gentleman, and the time to strike. Thank God! amid the wreck of laws and Constitutions, amid the bloody herrors of civil contoo, and that is surely no objection in our eyes, flict, the ballot-bex is still free and untrammelled. We yet can meet as freemen, to express our choice for representatives in public capacities, freely be maintained. Though Secession, with bloody, revolutionary hand, defy the legitimate Government of our country, though the clanger of marching armies resound through the land, though the printing press be under ban and the rostrum choked with fierce and insane mobs, the FREEDOM OF SUFquestion. If in the matter of nominations it FRAGE, the bulwark of liberty, the glory of American institutions, must and shall be preserved. It is our duty, therefore, fellow Democrats, to GO TO THE POLLS on the 8th of October, and register our votes according to our conscientious convictions of right. Let us show to the world that DEMOCRATS STILL LIVE, and pride themselves in the principles of heir time honored creed. Let us stand by the ticket which represents the doctrines of our party, to which the nation owes the blessings of the past, and to which Hope looks with expectant eye, for a glorious future. Come! "Little Berks!" Come, Southampton, Juniata, Bedford, Londonderry, Liberty and Old Napier! Come. Democrats everywhere! Arouse and to work! Marshal your forces! Urge your men forward to do battle, as of old, for the Constitution, the Union and for Alex. King, of this place, but in violation the supremacy of the Laws! A victory for the Democracy, now, is a triprinciple of honor and right, two of them vo- umph for the Union, and a vindication ted for Mr. Nill on the first ballot. Thus of the Constitution. Rally, then, Mr. King was deliberately cheated out of a Democrats! Let there be a full turn nomination that was his by the expressed will out, in every district of the county, nion, the Constitution, and an early and

LATER FROM MISSOURI.

Surrender of Lexington.

JEFFERSON CITY Mo., sept. 19, P. M.-No definite intelligence from Lexington has been received here to-day. Dispatches received here from Boonville say it was curently reported there that Lexington had been taken on Tuesday. Two gentlemen who arrived here ate this evening, having left Boonvill at 7 o'clock morning, entirely discredit the report. There were four thousand Federal troops at Boonville, besides the Home Guards.

Sr. Louis, September 20 .- A gentleman who arrived here to-day from a point on the Mis souri river opposite Lexington, witnessed a severe fight there on Wednesday alternoon for the possession of three ferry boats lying at the levee, price's rebel forces advanced on the boats from above and below, but after a severe fight they were repulsed Price also assulted Col. ss of three or four hundred killed and wounded Federal reinforcements under Gen. Sturgis were expected to arrive on Wednesday night, but as Price has possession of some of the ferry boats, they would be unable to cross the river. This account is rather incoherent and entire reliance is not placed on it here. It is evident however, that the reported capture of the town on Tuesday is not correct.

FURTHER PARTICULARS.

Sr. Louis, Sept. 22. - It appears that there were two fights at Blue Mills Landing on the 17th. The first between five hundred men of the Third Iowa Regiment, with one piece of artiflery, under Lieut. Col. Scott, and about 4,000 rebels. After a desperate struggle of one hour's duration, in which the Federal troops lost 120 killed and wounded, and all their horses, they retreated slowly for half a mile, haul-their cannon by hand, and took up a position on an eminence, and awaited an attack, but the enemy did not pursue. Not long after Col. Smith's command of Federal troops, with four peices of artillery, approached Blue Mills Landing by another route, and engaged and routed fhe rebels as they were about crossing

A special despatch to the Chicago Times states that Col. Mulligan and his whole command at Lexington, Mo., surrendered to Gen. Price on Friday morning at five o'clock. WASHINGTON, Sept. 18. The pressure on the Government is very strong for the removal of Gen. Fremont. It is now affirmed that the administration will be forced to supersede him in eonsequence of overwhelming evidences of his incompetency. Moreover, it is stated that he has been dabbling in contracts, and is wastefully extravagant. Talk runs high on this matter to night, and Generals Meigs and Banks are various spoken of as Fremont's successor. The Cabinet held a meeting on this subject to day, and it is known that the gravest charges against Fremont came before it. No decision has as yet
