CLASSICAL INSTITUTE.—

FHE 3d school year of this Institution will open Monday, Sept. 2d, 1861. Miss E. D. Ward will act as Assi tant in English and as sole instructor in Litin, French, German, Drawing and Painting.—

Experience has convinced the Principal, that there is no thorough and masterly education even for the mere English scholar without a drill in outline drawing (to which the first principles of the Perspective will be added.) How can the Diagrams of Geography, Natural Philosophy. Botany, &c., be thrown accurately upon the board, without previous training in Outlines? This exercise is invaluable, too, by impressing upon the mind a habit of precision and of the perception of proportion in all things.—

In the schools of Prussia the child is drilled in drawing from the moment it can hold a pen, and Horace In the schools of Prussia the child is drilled in drawing from the moment it can hold a pen, and Holace Mann says, it is this early drill which imparts that skill and accuracy of hand, which render the penmanship of the Prussian child, a model of legibility and elegance. In order to bring this invaluable accomplishment within reach of all, the Principal has resolved to charge but \$1, instead of 8 or \$10, per quarter, as is usual where it is taught as an extra. Every member of the school will be required to pursue the study from 16 to 20 minutes every day.

The Principal would also desire to form the whole school, who have studied English Grammar, into a

OF TEACHING, by John Ogden A. M. to be had at DR. HARRY'S Parch 22.

They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the booyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure. the disorders they cure.

Dh. Ayrr: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

From Dr. E. W. Curturight, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we posess. They are mild, but very certain and effectual in their action on the lowels, which makes them invaluable to us in the daily treatment of linears.

DEAR BRO. ATRE: I cannot answer you what complaints
I have cured with your Pills that or that to say all that we

best we have, I of course value them highly.

Bilious Disorders — Liver Complaints.

From Dr. Theodore Bell, of New Fork City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

Department of the Profession and the people.

Washington, D. C., 7th Feb., 1856.

Sir.: I have used your Pills in my general and kospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their requiating action on the liver is quick and decided consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D. Physician of the Marine Hospital.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their aiterative effect upon the liver makes them an excellent remedy, when given in small doses for bidous dysentery and disrrhand. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Dysentery, Diarrhea, Relax, Worms.
