

CHEAP FOR CASH.
Come on, come all, I wish to tell
You where the cheapest goods sell
(It is not less true than I have said it)
SHOEMAKER'S is the place: "This well!"
To buy for cash, or four months credit.

So when you feel inclined to buy,
Just stop at Job's your luck to try,
And if his terms will please you;
You'll find his goods are never high
And of your cash he'll "save you."

SAW MILL AND BARN,

But for either of the purposes suggested—a mill or tan yard—there is a rare opportunity presented for a profitable investment.

The other tract is a meadow tract, adjoining the above—is well timbered and in connection with the mansion tract is valuable. It contains about 250 acres and has a DWELLING HOUSE and SHOP thereon erected—about 40 acres cleared. About one half of the mansion tract is also cleared and the balance well timbered.

TERMS.—One third in hand, at confirmation of sale, and balance in two equal annual payments with interest.

FINKLE & LYON SEWING-MACHINE CO.,
538 BROADWAY, NEW-YORK.

NO person who contemplates purchasing a Sewing Machine for family or manufacturing purposes should fail to send for one of our Circulars, which contain full and full descriptions of the several styles, prices and samples of work, all of which we send by mail free. We claim to have the

BEST SEWING MACHINES IN THE WORLD
For either Family or Manufacturing Purposes. And all we ask is a fair trial. Read the following: **IMPORTANT FACTS.**

FACT No. 1.—This Company being duly licensed, their Machines are protected against infringement or litigation.

FACT No. 2.—These Machines make the lo-k-stitch—like on both sides—and use a little less than half as much thread and silk as the chain or loop-stitch machines.

FACT No. 3.—These Machines are better adapted than any other sewing-machines in market to the frequent changes and almost endless variety of sewing required in a family. They will sew from one to twenty thicknesses of Marseilles without stopping, and make every stitch perfect. They will even sew from the finest gaiter to the heaviest cloth, and even stout, hard leather, without changing the feed, needle, or tension; or making any adjustment of machine whatever.—Is not such a machine best adapted to family use, and if being adapted to family use, why not for every variety of light sewing manufacture? For work too heavy for our Family Machine, we recommend our larger sizes.

FACT No. 4.—These Machines make the most elastic seam of any sewing-machine in use—a fact of very great importance in sewing elastic goods, or goods of any kind, or a bias.

FACT No. 5.—No Machine is more durable or more simple in its construction, or more easily understood. The reputation of these Machines wherever used will fully demonstrate each of the above facts.

FACT No. 6.—These Machines took the Highest Premium at the Franklin Institute, Philadelphia.

FACT No. 7.—These Machines took the Highest Premium at the New Jersey State Fair.

FACT No. 8.—These Machines took the Highest Medal at the American Institute, in the City of New York, together with the Highest Premium for fine Sewing-Machine Work.

FACT No. 9.—These Machines took both the Highest Premiums at the Mechanics' Fair, Utica.

FACT No. 10.—These Machines can do the same thing generally, whenever properly exhibited in competition with other first-class Sewing Machines. But we have space for only one fact more—it is the most important fact of all.

FACT No. 11.—We warrant every Machine we sell to give better satisfaction than any other Sewing-Machine in market, or money refunded.

Send for a Circular. **AGENTS WANTED.**
