Ayer's Sarsaparilla

concentrated extract of Para Sarsaparilla, combined with other substances of still so combined with other substances of still greater alterative power as to afford an effective antidate for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that

cure. Such a strumous complaints, and that who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the tollowing complaints:— Scröfula and Scröfulous Complaints, Erup-tions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgin, Tic Doloreux, De-bility, Dyspensia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and under the whole class of complaints arising from Impurity of the Blood. of the Blood.

the Blood. This compound will be found a great promo ter of health, when taken in the spring, to ex-pel the foul humors which tester in the blood at that season of the year. By the timely expulthat season of the year. By the timely exput-son of them many rankling disorders are nip-ped in the bud. Multitudes can, by the and of this remedy, spare themselves from the endu-rance of foul eruptions and ulcerous sores, theo whice of four eraptions and ulcerous sores, thio' which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an altera-tive medicine. Cleanse out the vitated blood whenever you find its impurities bursting thro' be skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where your feelings will tell you When. Even where so particular disorder is felt, people enjoy bet-ter health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with the pabulum of life disordered, there an be no lasting health. Somer or later some-thing must go wrong, and the great machinery of life is disordered or overthrown.

of life is disordered or overthrown. During late years the public have been mis-led by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Mist of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitler and painful disappointment has followed the use of the various extracts of Sar-separilla which flood the market, until the name separilla which flood the market, until the name itself is justly despised, and has become synon-ymous with imposition and cheat. Still we call this compund Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it bas virtues which are irresistible by the ordina-ry run of the diseases it is intended to cure. Prepared by Dr. J. C. AYER & Co., Lowell, Mass. HOLLOWAY'S PILLS AND OINTMENT

All who have Friends and Relatives in the Army or Navy, should take especial care, that they be am-ply supplied with these Pills and Ontment; and where the brave Soldiers and Sailors have neglected to provide themselves with them, no better present can be sent them by their friends. They have been proved to be the Soldier's never-failing friend in the bour of need.

Will soon disappear by the use of these invalua-ble Pills, and the Soldier will quickly acquire addi-tional strength. Never let the Bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysectery and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the liver and stomach and thus remove all the actid humors from the system. This medicine will give tone and vig-or to the whole organic systom however deranged, while health and strength follow as a matter of course. Nothing will stop the relaxation of the Bowels so sure as this famous medicine.

躑

May 19, 1860.—Ellea S., mt. 25, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her be' for two weeks, and subsequently from a relapse for four more. She has been well since then till last Baturday; while engaged in house-cleaning she took cold, had pain in her back, felt cold but had no decided chill. Two days later her ankles began to swell, which was followed by swelling of the knee joints anr of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably callbut the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably call-ed, rheumatic fever. It is a well marked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which piesent themselves. My chief object in bringing her before you now, is to call your attention to a remedy which has recently been recommended in the treatment of rheumatism. I mean propylamins. Dr. Awenarius, of St. Peters-burg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various commendatory tes-timonials respecting it have appeared in our jour-nais, and I propose therefore to give it another trial. I must coniesse I am always incredulous as to the worth of new remedies, which as vanted as spe-cifice; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

May 23, 1860.—I will now exhibit 10 you the pa-tient for whom 1 prescribed Propylamine, and who was then laboring under an attack of acute rheuma-tiam. She has steadily taken it in doses of three grains, every two hours, (intermitting it at night). The day after you awy her, I found her much more confortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improve-ment has steadily progressed, and you cannot fail to notice a marked change in the apparance of her joints, which are now nearly of their natural size. Thus far our experiment would have seemed very successful; but gentlemen, we must wait a little while before we car, give a decided opinion as to that is to be the result. There is another patient who was placed on the use of the same medicine on Sunday Iast; she has long been suffering from chronic rheumatism, and I lond her at that time with an acute attack super-vening upon her chronic affectioc. The-wrists and thuckles were much awollen and tense. She took the chloride of propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished. THREE DAYS LATER !! There is fever and the profuse sweating, so gener-ally attendant on acute theumatism. I did not bring this patient before you with the connected with theumatism, but to again give sti-to you this typical case, as I have called it, and which there could not be a fairer opportunity for testing the medicine in question. We are, there-fore, avoiding the use of all other medicines, even anodynes, that there may be on misgivings as to which was the efficient remedy. You shall see the case at a tuture clime.
