We the undersigned have used Rohrbach's Compound Chemical Soap for washing clothes and cheerfully recommend it to the families of Bedford, as an article of indispensable utility, cleansing the clothes with one third the labor and time usually occupied by use of the common soap.

" M. S. Hartley, " Elmira Over,
Mrs. Mary Elrod.

J. B. FARQUHAR is agent for the sale of Family Rights for the Borough of Bedford, and any who wish to purchase a right he will furnish with enough of the soap to last a full year, and will give them a Family Right gratis if he does not demonstrate the fact that the soap can be made at a cost of one cent per pound. Five pounds will put out a large washing and by putting the clothes to soak in the evening, they can be put out 8 o'clock in the morning, thus saving three fourths of the day and a great deal of labor and sickness. Many families give from 50 to 75c per week for washing, who by this method can save from \$20 to 30 per year. Don't fail to call.

FINKLE & LYON SEWING-MACHINE CO.,
538 BROADWAY, NEW-YORK.

No person who contemplates purchasing a Sewing Machine for family or manufacturing purposes should fail to send for one of our Circulars, which contains cuts and full descriptions of the several styles, prices and samples of work, all of which we send by mail free. We claim to have the

BEST SEWING MACHINES IN THE WORLD

For either Family or Manufacturing Purposes. And all we ask is a fair trial. Read the following: **IMPORTANT FACTS.**

FACT No. 1.—This Company being duly licensed, their Machines are protected against imitations or infringements of litigation.

FACT No. 2.—These Machines make the lock-stitch—like on both sides—and use a little less than half as much thread and silk as the chain or loop-stitch machines.

FACT No. 3.—These Machines are better adapted than any other sewing machines in market to the frequent changes and almost endless variety of sewing required in a family. They will sew from one to twenty thicknesses of Marcellise without stopping, and make every stitch perfect. They will even sew from the finest gauze to the heaviest cloth, and even stout, hard leather, without changing the feed, needle, or tension, or making any adjustment of machine whatever.—Is not such a machine best adapted to family use, and if best adapted to family use, why not for every variety of light sewing manufacture? For work too heavy for our Family Machine, we recommend our larger sizes.

FACT No. 4.—These Machines make the most elastic seam of any sewing-machine in use—a fact of very great importance in sewing elastic goods, or goods of any kind, or a bias.

FACT No. 5.—No Machine is more durable or more simple in its construction, or more easily understood. The reputation of these Machines wherever used will fully demonstrate each of the above facts.

FACT No. 6.—These Machines took the Highest Premium at the Franklin Institute, Philadelphia.

FACT No. 7.—These Machines took the Highest Premium at the New Jersey State Fair.

FACT No. 8.—These Machines took the Highest Medal at the American Institute, in the City of New York, together with the Highest Premium for fine Sewing-Machine Work.

FACT No. 9.—These Machines took both the Highest Premiums at the Mechanics' Fair, Utica.

FACT No. 10.—These Machines can do the same thing generally, whenever properly exhibited in competition with other first-class Sewing Machines. But we have space for only one fact more—it is the most important Fact of all.

FACT No. 11.—We warrant every Machine we sell to give better satisfaction than any other Sewing Machine in market, or money refunded.

Send for a Circular. **AGENTS WANTED.**

REDUCTION REDUCED.

The Best Piano Fortes, at the greatest reduction, ever made in price for cash.

IMPROVE THE PRESENT OPPORTUNITY TO PURCHASE, AND BUY THE BEST, FOR THE CASH AMOUNT OF MONEY.

You never again will get so large a discount for your cash.

LIGHT & BRADBURY'S PATENT INSULATED FULL IRON FRAME PIANO FORTES.

THE INSULATED FRAME preserves the original tone of the instrument in all its purity, securing it for all time against that most disagreeable inequality of tone invariably found in all other Iron Frame Piano Fortes. It greatly strengthens the case, and thus keeps the Piano Forte much longer in tune. It gives the instrument a much fuller, richer, and sweeter tone. It adapts the Piano to all climates, and to all changes of atmosphere, and in all respects it is pronounced by our best artists "the greatest improvement of the age in Piano Forte construction; producing an instrument acknowledged to be superior to all others made in this country or Europe.

A few testimonials from some of the most eminent Pianists and Musicians in the world, in regard to the Superiority of our New Scale Patent Insulated Piano Fortes.

"I have examined the Piano Fortes of Light & Bradbury's with entire satisfaction. I know not that there are any others better, either in our own country or elsewhere."
"DR. LOWELL MASON."

"In clearness, richness, and volume of tone, delicacy, elasticity of touch, and fine repeating action, I have never played upon their equal."
"H. A. WOLLENHAUPT."

"In volume, richness, evenness and purity of tone, and in delicacy of touch, they certainly excel, and in the beautiful singing quality so desirable, yet so seldom found."
WILLIAM MASON."

"I have never played upon so rich and heavy a tone Square Piano Forte."
"ARTHUR NAPOLEON."

"I am astonished and delighted with the New Scale Iron Frame Piano Forte made by you. There must be a splendid future for Light & Bradbury's Piano Fortes."
"GEO. F. ROOT."

"I have never played upon so fine an instrument."
"GEO. F. BRISTOW."

"I consider them as to beauty, richness, fullness, and equality of tone, as well as their agreeable, elastic touch, equal, if not superior, to any Pianos made in this country or Europe."
"KAHL WELLS."

"They have all the requirements for a superior interpretation of both classical and modern compositions."
"MAURICE STRAKOSH."

"It affords me pleasure to add my testimony of the many artists who speak in the highest terms of the superior excellence of your New Scale Patent Insulated Iron Frame Piano Fortes, and I must say that your New Scale very surpasses all your former efforts, producing an instrument far superior in all the excellencies that constitute a perfect Piano Forte, to any with which I am acquainted."
"THEO. EISELDT."

"Having examined your New Scale Iron Frame Pianos, we must express our delight and pleasure at their superior excellence. For their peculiar rich volume of tone, fine elastic touch, and in all the requisites necessary for perfection in the instrument, we must say, in all our experience, we have seen nothing to compare with them, and we can most cordially recommend them to our friends and the public."
"CHAS. FRADEL,"
"CARL BERGMAN."

"I take much pleasure in giving my testimony in favor of the beautiful Pianos which I have recently seen made by your firm. In power, quantity, and equality of tone, they certainly excel while for that peculiar rich, singing tone, that is so invaluable as an accompaniment to the voices sustaining and blending with it, I have rarely met, with their equal."
"C. BASSINI."

"It is with pleasure I give my testimony to the excellence of your Pianos in general, and especially to the admirable new invention of Mr. Light's improvement which I regard as the most important yet made in the manufacture of first-class instruments."
"LOUIS ERNST."

"The high reputation which they have obtained for their fine brilliant tone, pleasant touch and power, have given them the preference over those of all other manufacturers, in the Public Schools of New York, in which over one hundred are now in daily use, some twelve or fifteen of which are in departments where I have had the pleasure of teaching, and where I have used them for the last five years."
"MARCUS COLBURN."

"Being pleased with your steady progress in improving the quality of your Pianos, I cannot refrain from saying to you, after some fourteen years' knowledge of them, that the New Scale with Iron Frame, which I have seen, I think the best Piano I ever saw. I say this after having purchased over two hundred of your Piano Fortes."
"F. H. NASH."
