Legislative Corruption.

perceive by the Legislative Record, that Hon. WILLIAM HOPKINS, of Washington county, has offered a resolution in the House of Representatives to appoint a committee of five members to inquire whether improper means were used to procure the passage of the bill for development of the belief of the belief of the belief of the bill for development of the belief of the bill for development of the belief of the belief of the bill for development of the belief of the bill for development of the belief of the bill for development of the belief of the bill for t the commutation of tonnage duties at the last Hopkins' resolution will be adopted and that the proposed investigation will be made at once and thoroughly. We fear, however, that the present legislature will not be equal to the work, for the reason that the control of both houses is in the hands of the party whose interest it is to cover up the frauds and enormities connected with the legislation of last session. It is generally believed in well-informed circles, that a certain notorious politician who resides in Franklin county, originated the "union party" movement in that county, for the purpose of well as "a rather good-looking" man probably getting the House of Representatives under his thumb, so that he might be enabled to squeeze out of that body all inquisitiveness on the subject of bribery and corruption, especially with regard to the passage of the act for the commutation of the tonnage duties. We are, therefore, led to doubt whether Mr. Hopkins' com mittee, as constructed under the supervision of A. K. McClure, would be any thing more than a committee of white-washers. Nevertheless, since the resolution calling for an investigation has been introduced, we hope that it will be adopted and acted upon, not only for the sake of making the initiatory step toward the purification of our public counsels, but that justice may be done to the parties accused, or suspected, be they guilty or innocent.

The Change in the Cabinet.

It seems that President Lincoln has at last concluded to regard the wishes of the people, at least in an isolated instance, having compelled Simon Cameron to retire from his Cabinet. and having selected in his stead the Hon. Ep-WIN M. STANTON, the last Attorney General of President Buchanan. There can be no doubt as to the benefits which it is expected will enure to the country from this wholesome though It only proves that Mr. Lincoln has been forced to believe what is now almost every day asserted, that the Democracy alone can bring the country out of its present troubles.

The President Judge Question ..

We understand, on reliable authority, that Hon. Wilson Reilly, is going to contest the election of Judge Nill in this Judicial District.

A special Act of Assembly, passed in 1860, provides that

"The qualified voters of Somerset county while qualified voters of Somerset county shall vote for Governor, Surveyor General, Auditor General, Members of Congress, State Senators and Members of the House of Representatives, and Judges of the Supreme Court, on one ticket, which shall be labeled on the outside "State Officers," and for all other candidates which pray be voted for steeping control. dates which may be voted for at any general election, including Judges of the Court of Com-mon Pleas of said county, on a separate ticket, to be labeled on the outside "County Officers," and all laws inconsistent herewith, are hereby

repealed."

... DEATH OF NICHOLAS LYONS, Esq.-It of Nicholas Lyons, Esq.—It fight to choose your own Representative.

I shall use my best efforts to prove to the public, that the confidence you reposed in me on this residence in this place, at 2 o'clock, A. M., of Tuesday last. On Saturday previous to his misplaced. While I have no objection to a of Tuesday last. . On Saturday previous to his death, Mr. Lyons was in the enjoyment of his usual health, but was suddenly thereafter stricken down by congestion of the brain which rapidly tended to a fatal issue. The deceased was a very useful citizen, having been for many years a leading merchant, and owning a very large landed estate in our borough and various parts of the county. A man of great kindness of heart and affability of manners, he attracted to his side many warm and devoted friends to whom his loss will occasion the most poignant and lasting regret. "After life's fitful fever," may he sleep well.

.... The inimitable, "gay and incomparable" Jones, who gets up the locals for the Harrisburg Patriot and Union, than which local-ly, politically and generally there is not a better paper in the state, recently "got off" the following joke at our expense, which we copy at the risk of losing Jones' good opinion of our modesty:

EDITORIAL VISITOR .- We had the extreme the commutation of tonnage duties at the last we did not sound him on that question. He is session of the legislature. We hope that Mr. rather good-looking, too, but, unlike tallybelly Lewis of the Huntingdon Globe, and Traugh, of the Hollidaysburg Standard, he is not eternally and everlastingly bragging about it in the columns of his paper.

Comment is unnecessary. Besides, we can't do justice to the subject. We will only observe that we are sorry for our friends of the Globe and Standard, but considering the misnomer in the above, they are hardly more to be pitied than ourself. Here might have been the basis upon which to establish a reputation as an acquainted with the dead languages. But fate would have it otherwise. Jones would give us the wrong initials. We can but exclaim with the poet:

"I never had a piece of bread. Buttered over thick and wide, Bat, if it ever chanced to fall, It fell upon the buttered side."

.... We congratulate the people of Bedford County upon the success of Mr. CESSNA in the contest made by him for the right of our county to separate representation in the House of Representatives. It was purely a Constitutional question, and, therefore, nothing of a personal nature could be connected with it. We regret that so good a man as Mr. Householder should be the victim of Fr. Jordan's "gerrymander;" but the "Republican" leaders in this borough can blame robody but themselves, in the premises, as we doubt whether Mr. Cessna would have been a candidate had they not unreservedly assured him of their support; and we do not think that any other candidate would have had the ingenuity, energy and pluck to make the contest.

.... In JAIL .- Lest the story might be perverted, or misunderstood, we forthwith proceed long delayed change. But is it not astounding to relate a little incident which occurred on our that one of the very men who were the objects way home from Harrisburg, a few days ago. for the most unmanly censure and the vilest abuse on the part of the "Republicans," should Chambersburg on our route, and accordingly arnow be preferred by a "Republican" President | rived at that place on Friday evening. Now, to any "Republican" leader in the whole Union? it so happened that the Sheriff of Franklin county gave a supper, as is his custom, in honor of his distinguished guests, those grim inquisitors who "condemn" real estate in order to relieve the suffering soil of too heavy liens. Upon invitation we proceeded, in company with a young legal friend, to the place of festivity, finding there assembled the wit and wisdom, the very poetry and music of Chambersburg. After supper (which was excellent indeed) the company adjourned to an adjoining room, (once the scene, it is said, of some of the prison exploits of the notorious David Lewis,) where some of the talented "musicianers" of Chambersburg sung the "Star Spangled Banner." "Gideon's Band," and other soul-inspiring and patriotic ditties. In the midst of these entertaining performances, and while our whole interest was engaged with the songs and the singers, we were suddenly startled by the swinging, grating sound of the huge, thick-panelled, ironnounted door, which with a resounding bang, closed upon the company within, "hiving" us The late election, a large number of the Studicial tickets voted in this county, were voted separately, as is required by the law for other counties of the State, and it is on this alleged illegal voting, we are informed that the contest is based.—[Somerset Herald and Whig.] Upon inquiry we learn that Mr. REILLY will sounds." A CARD. To the People of Bedford County.

The proceedings of the Pennsylvania Legis-lature have, no doubt, informed you that your constitutional rights, as freemen, have been respected. You are not, for the present session at least, mere servants of the citizens of Somerset county, and bound to comply with their de

A full examination of the question, has mad the case so plain that none, or, at least, very few, can be found to justify the union of the two countres for the choice of Representatives under the Apportionment law of 1857. difference of opinion on the part of any of my fellow citizens, I can not see how the fact that I owe my election to the people of Bedford county, and not to those of Somerset, can, in any way, render me less able to represent you, or change my sentiments as a sound Union man. or change my sentiments as a sound of non-main. To those who see fit to charge upon me a desire to enter the Legislature for ulterior purposes, I have only to say that I offered to the friends of the late sitting member, and to himself, that if he would aid in the passage of a law to separate the two counties in the future, I would withdraw from the contest and permit him to occu py the place during the present session. proposition was refused, partly upon the ground that it would be granting too much, and partly because it would probably make a "yearling" of the gentleman chosen by the people of Somerset to represent the county of Bedford. I then determined that the rights of the people of Bedford county should be vindicated, or, at least, that it should not be my fault if they were a gain outraged.

gain outraged.

It has been charged upon me that the Apportionment Bill of 1850, in attaching Cambria and Fulton to Bedford, was alike unconstitutional, and that I served the people in that District. A-mere reading of the argument submitted to the committee, will show that the District of 1850 was been upon a different priceiple, and 1850 was based upon a different principle, and was not liable to the constitutional objection. A reference to the Journal of 1850, will show that I voted against the final passage of that bill, and an examination of the returns of the election of 1850, will show that I received a majority of the votes cast in Bedford county. This charge is, therefore, only made by those who will not make an examination, or who can not understand the question after they have examined it.

There will probably be some expenses attending this contest. The State is first required to pay it. Then the State is authorized to draw upon the county for the amount. Having become enlated in this controversy, I intend to the son it out and whatever hill may be presentto see it out, and whatever bill may be presented against the county, I intend to furnish the

In conclusion, I will add that my course here during the winter, shall be in strict accordance with the views and sentiments which I always entertained and expressed among my fellow citizens. I had no sentiments to conceal from you, either on political or national questions, and no conductor actions of any person or persons shall ourse me to decear from the advectors. sons shall cruse me to depart from the advoca-cy of those principles publicly expressed, either upon the one question or the other; and the doctrines which I proclaimed when I received your suffrages, shall be advocated here to the best of my ability.

JOHN CESSNA. Harrisburg, Jan. 18, 1862.

The Press on the Rights of Bedford County.

The Phiadelphia Sunday Dispatch has the following:

"The most noticeable feature of legislation so far as the House is concerned, this week, has been the contesting of seats. One case has been disposed of —that of Cessna vs. Housenolder-the main points of which I gave you in my last. The case was palpably plain that under the provisions of the Constitution Bedford county is entitled to a separate representaion, and the committee reported in Cessna's favor, who was sworn in, and has taken his seat."

The Reading Gazette says:
How. John Cessna, of Bedford, has gained the contest for a seat in the Legislature, in place of Mr. Householder, (Republican) who was reford and Somerset district. The Committee who tried the case, reported on Thursday the following facts, to wit: That Bedford county, under the Constitution, was clearly entitled to a separate representation; that the union of Bedford and Somerset by the Apportionment of 1857 was unjust and unconstitutional; that, Mr. Cessna, having had 1000 majority in Bedford county, was duly elected its Representative. The report was accepted, and Mr. Cessna was immediately sworn in. He will be an able and valuable acquisition to the Democratic side of the House.

The Removal of Cameron

A special correspondent of the New York Times, gives the following account of the manner in which Simon Cameron was forced out of the Cabinet:

Washington was never more astounded than it was to day by the aunouncement that Secretary Cameron had retired. The thing was wholly unexpected, and no man was more surprised than Secretary Cameron himself. It seems that the change made is wholly the work of the President.

The first agitation of the subject in the Pres ident's mind occurred last Thorsday. Yester-day he had formed his conclusion, and addressed a note to Cameron, informing him of it.
This note was received by Cameron last night, and was the first intimation he had that a change was determined on.

We are not allowed to know the reasons of the President for this charge, but we can safely venture the opinion that it results from his conviction that the country desires and has long desired a change.

It would be useless to deny; also, that the President and his friends felt that Mr. Cameron has not been recently sympathizing with the Administration, but on the contrary has been in active sympathy with politicians in Washington, who are zealously and bitterly opposing the President and his measures.

A CONTRACT TO BE ANNULLED.

It is understood that the contracts let out by Secretary Cameron, for over a million Spring-field muskets, and over a quarter of a million rifles and carbines, will be ordered to be annull-ed by Congress. They will not be available in the present war, and as they are to cost an average of seven dollars each above manufactu. rer's prices, they involve a loss of nearly nine million dollars to the Treasury.

The Censorship of the Press .- Smallpox in Washington.

The special correspondent of the New York Times, under date of January 16, writes to that

paper as follows:

On the evening of the battle of Bul! Run, the editor of the Tim's was prohibited by the Washington telegraph censorship from sending a true account to his paper of that calamitous affairs. The people through out the North were left twenty-four hours to believe a he, and rejoice in a victory, while the army was dis-graced, and Washington was overrun with panic-stricken lugitives. Fom that day to this, the censorship has been marked by the same absurd resistance of truth which brings it into pub-lic contempt. Two nights since, for instance, Tattempted to telegraph to the Times that there were eighty cases of small-pox in the Government Hospital, and that there was considerable anxiety in the city on the subject. Whether it was considered that that morsel of information would induce the Responsable to come on and tion would induce Beauregard to come on take the city, or that it would demoralize the Union army, or depreciate the Government credit, hinder the National Loan, weaken the arm of the Administration, or disturb our for-eign relations, I cannot say. But I do know that for some wise reason my despatch was forbidden to go.

But the stoppage of the information did not stop the spread of the small-pox—strange as it may seem to the Government cens r-hip. Per-haps a dozen luckless persons have fallen vic-

A THING OF BEAUTY, IS A JOY FOREVER .--Who can be beautiful with a sickly pale complexion. Keep the pores of the skin free and the blood pure, and your cheeks will vie with the Rose and Lily. The Skin is formed with thousand of pores in every inch of surface whose office it is to carry off the impurities of the blood—the acknowledged cause of all diseases of mankind-when it is dry and parchedwhen it is covered with eruptions -- when it is cold and clammy-when there is inward fever or inflammation-it is impossible for the skin under these sircumstances to perform its proper functions, and to carry off the impurities from the body designed by our Creator.

JUDSON'S MOUNTAIN HERB PILLS emove these obstructions, and produce free and healthy blood, remove the eruptions from the skin, and cause it to brighten with the flush of youth and beauty. Beauty so much admired and loved. Beauty without paints and cosmeticsbut beauty produced by health and happiness.

Judson's Mountain Herb Pills are sold by all Miedicne Dealers.

These, if not relieved, react upon themselves and the surround. They stimulate the functions of the gress from Newbern to Goldsdorough, that has been accomplished with remarkable secrecy, indeed. Goldsborough once at Gen. Burside's fering and connections will be so "done for," as that all Secessia cannot put it in working order in six months to come. The more destruction of the bridges over the Tar and Neuse rivers will affect that so desirable object, to say nothing of the destruction of the destruction of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated the destruction of the system. and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions FROM THE UPPER POTOMAC.
