Ayer's Sarsaparilla

IS a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia, Tic Doloreux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from *Impurity of the Blood.*

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, thro' which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting thro' the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with the pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compund Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass. Price $1 per bottle; Six Bottles in one package, $5.

Dec. 27, 1861.—2m.

THE SOLDIER'S TRUE FRIEND!

ALWAYS READY.

HOLLOWAY'S OINTMENT.

Long marches, sore and stiff joints, blistered and inflamed feet, all these the Soldier must endure, MOTHERS, REMEMBER THIS, when your sons are grasping their muskets to meet danger, think what relief a single pot of this ALL HEALING and COOLING Salve will give to the one you love when far away from home and friends. It hardens and makes tough the feet so that they can endure great fatigue. It soothes and relieves the inflamed and stiffened joints, leaving them supple, strong and vigorous, while for

Sabre Cuts and Gunshot Wounds,

It stands unequalled, removing and preventing every vestige of inflammation and geotly drawing the edges together, it quickly and completely heals the most frightful wounds.

Wives and Sisters of our Volunteers.

You cannot put into the Knapsacks of your Husbands and Brothers, a more valuable or more necessary gift than a supply of this

Extraordinary Military Salve.

The lonely sentry walking his rounds at night, exposed to drenching rains and chill night air, is often seized with most VIOLENT PAINS, COUGH and SUFFOCATING HOARSENESS, first symptoms of QUICK CONSUMPTION, but if supplied with HOLLOWAY'S PILLS and HOLLOWAY'S OINTMENT, all danger is averted. A few Pills taken night and morning, and the Ointment briskly rubbed twice a day over the throat and chest will remove the SEVEREST PAINS and stop the most distressing and DANGEROUS COUGH. Therefore we say to the whole Army,

Soldiers Attention!

See to your own health, do not trust to the Army supplies although most valuable. These PILLS and OINTMENT have been thoroughly tested, they are the only remedies used in the European Camps and Barracks, for over forty years Doctor Holloway has supplied all the Armies in Europe, and during the CRIMEAN CAMPAIGN he established a depot at Balaclava, for the exclusive sale of these GREAT REMEDIES, many a time his special Agent there has sold over a ton in weight of the Ointment in a single day. These terrible and fatal enemies of the SOLDIER IN CAMP,

Diarrhea, Dysentery, Scurvy, Sores & Scrofulous Eruptions,

all disappear like a charm before these PILLS and OINTMENT, and now while the cry rings throughout the land,

TO ARMS! TO ARMS!!

Do not let these brave men perish by disease, place in their hands these PRECIOUS REMEDIES, that will enable them to resist the dangerous exposures, the Fevers, the Chills, and the wounds which they cannot avoid, and what is more, cannot frequently get succor in the moment of need, whereas if our brave men have only to put their hands into their Knapsacks and find a sure remedy there for all the casualties of the battle field. How many thousands of lives would thus be saved who would otherwise perish before relief could be obtained.

CAUTION.—None are genuine unless the words "HOLLOWAY, NEW YORK AND LONDON," are discernible as a *Water-mark* in every leaf of the book of directions around each pot or box; the same may be plainly seen by *holding the leaf to the light.* A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

*** Sold at the Manufactory of Professor HOLLOWAY, 80 Maiden Lane New York, and by all respectable Druggists and Dealers in Medicine, throughout the civilized world, in boxes at 25 cents, 62 cts, and $1 each.

☞ There is considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box.

January 10, 1863.

Attention Company!—Volunteers who except to retain their health unimpaired during the campaign, must see to it themselves, do not trust to the Army Surgeons; supply yourselves with HOLLOWAY'S PILLS and OINTMENT. Every English Soldier's Knapsack contains them; only 25 cts. per Box or Pot.

TRUE CONFESSIONS and EXPERIENCE of a SUFFERER.—Published as a warning and for the special benefit of Young Men and those who suffer with Nervous Debility, Lost of Memory, Premature Decay, &c. &c. &c., by one who has cured himself by simple means, after being put to great expense and inconvenience, from the use of worthless medicines prescribed by learned Doctors.

Single copies may be had of the author, C. A. LAMBERT, Esq., Greenpoint, Long Island, by enclosing a post-paid addressed envelope. Address CHARLES A. LAMBERT, Esq. Greenpoint, Long Island, N. Y. [Jan. 17, '62.—2m.

Pennsylvania Hospital.

(FROM OFFICIAL HOSPITAL REPORTS.)

MAY 19, 1860.—Ellen S., æt. 28, single, never was very strong. Two years ago she had an attack of acute rheumatism from which she was confined to her bed for two weeks, and subsequently from a relapse for four more. She has been well since then till last Saturday; while engaged in house-cleaning she took cold, had pain in her back, felt cold but had no decided chill. Two days later her ankles began to swell, which was followed by swelling of the knee joints ear of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well marked typical case. We will carefully watch the case and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call your attention to a remedy which has recently been recommended in the treatment of rheumatism. I mean propylamine. Dr. Abramarine, of St. Petersburg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various communications testimonials, reporting it have appeared in our journals. I propose therefore to give it another trial. [illegible] are always conditions to be [illegible] the result. [illegible] comfortable, better than [illegible] week or more, judging from [illegible] patient now walked into the [illegible] ment has steadily progressed, [illegible] notice a marked change in the [illegible] joints, which are now nearly of [illegible] Thus far our experiment would [illegible] successful; but gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from chronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and tense. She took the chloride of propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

MAY 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily.

In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisfactory, *I think, as good jurymen, we shall justly render our verdict in favor of propylamine.*

He is a seaman, æt. 26, who was admitted a few days ago. His had occasional rheumatic pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen tense and tender. His tongue is furred; skin, at present, dry, though there has been much sweating. His pulse is full and strong, and about 90. He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism.

I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there could not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even anodynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case at a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

JUNE 9, 1860.—The next of our convalescents is the case of acute rheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very nicely, and is now able to walk about, as you see. *I do not hesitate to say that I have never seen as severe a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positively as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride of Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued.* I wish, gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed extract, see the Philadelphia *Medical and Surgical Reporter.* It is the report after a fair trial

DR. WM. B. HURD'S

NEURALGIA PLASTERS,

FOR THE CURE OF
NEURALGIA
or Toothache produced by colds.
LOCAL NEURALGIA

is immediately cured by their application.

They act like a charm, and are perfectly harmless in their nature; do not produce a blister, and leave no unpleasant results.

Dr. Wm. B. Hurd's Neuralgia Plasters

never fail to give satisfaction to all who test their virtue.

Prepared at Dr. Hurd's Dental Office, No. 77, Fourth Street, Brooklyn, E. D.

Price, only 15 cents each.

A liberal discount made to dealers.

Address Principal Office, Tribune Buildings, No. 1, Spruce Street, New York.

Sold also by Caswell, Mack & Co. Fifth-Avenue Hotel; J. & I. Coddington, 715 Broadway; D. S. Barnes, 202 Broadway, and by all Druggists.

Sold in Philadelphia by Dyott & Co., 232, N. 2d street, an. by O. S. Hubbell, 1410, Chestnut street.

A NEW REMEDY, A CERTAIN REMEDY, } FOR ACUTE RHEUMATISM, CHRONIC RHEUMATISM, *RHEUMATISM OF EVERY KIND;* No MATTER HOW STUBBORN, HOW LONG STANDING, *PROPYLAMINE* WILL CONQUER IT, WILL CURE IT.

WHAT IT HAS DONE, IT WILL DO AGAIN.

DOCTORS READ, DOCTORS EXAMINE, DOCTORS TRY IT.

THE BEST TESTIMONY. BEST MEDICAL AUTHORITY. DOCTORS KNOW IT PATIENTS BELIEVE IT, TRIED AND TRUE.

Pennsylvania Hospital.

(FROM OFFICIAL HOSPITAL REPORTS.)

MAY 19, 1860.—Ellen S., æt. 28, single, never was very strong. Two years ago she had an attack of acute rheumatism from which she was confined to her bed for two weeks, and subsequently from a relapse for four more. She has been well since then till last Saturday; while engaged in house-cleaning she took cold, had pain in her back, felt cold but had no decided chill. Two days later her ankles began to swell, which was followed by swelling of the knee joints ear of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well marked typical case. We will carefully watch the case and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call your attention to a remedy which has recently been recommended in the treatment of rheumatism. I mean propylamine. Dr. Abramarine, of St. Petersburg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various communications testimonials, reporting it have appeared in our journals. I propose therefore to give it another trial. [illegible] are always conditions to be [illegible] the result. [illegible] comfortable, better than [illegible] week or more, judging from [illegible] patient now walked into the [illegible] ment has steadily progressed, [illegible] notice a marked change in the [illegible] joints, which are now nearly of [illegible] Thus far our experiment would [illegible] successful; but gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from chronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and tense. She took the chloride of propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

MAY 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily.

In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisfactory, *I think, as good jurymen, we shall justly render our verdict in favor of propylamine.*

He is a seaman, æt. 26, who was admitted a few days ago. His had occasional rheumatic pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen tense and tender. His tongue is furred; skin, at present, dry, though there has been much sweating. His pulse is full and strong, and about 90. He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism.

I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there could not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even anodynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case at a future clinic.

THE RESULT.

A FAVORABLE VERDICT.
