Upon the petition of the freeholder, residing in the vicinity of Boydstown, in said county, setting forth that two public alleys were laid out in the said town of Boydstown, in the year 1816, by Rev. Alexander Boyd, the proprietor, and that private owners, both beginning at points on the Bedford and Boydstown Turnpike Road, upon the South, and running thence North 57 degrees East to the old State Road on the North. The one of the length of — feet and the other of the length of — feet; and both of the width of 16 feet, the first being the alley between lots Nos. 41 and 42; and the second the alley between Nos. 45 and 46, so numbered upon the original and general plat or plan of said town of Boydstown; also, three other alleys, beginning at points on the Turnpike road aforesaid, on the South, and running thence North thirty degrees East to said old State road aforesaid. The one of the length of — feet, next of the length of — feet, all of the width of 16 feet, the same being the alleys between Nos. 23 and 25, and 15 and 17, and 7 and 9, so numbered upon the original plat or plan of said town of Boydstown, also, three other alleys laid out as aforesaid in said town, South of the Turnpike road aforesaid, all beginning at points on said Turnpike on the North, and running thence South thirty degrees West, two hundred and twenty feet to a twenty feet alley, the same being alleys between lots Nos. 8 and 10, and 16 and 18, and 21 and 26, and 32 and 34, so numbered upon the original plat or plan of said town of Boydstown; also, the 20 feet alley on the Southern side of said town-plat, which said alleys have become useless, inconvenient, and burdensome to the inhabitants of said town and vicinity.

FINKLE & LYON SEWING-MACHINE CO.

533 BROADWAY, NEW-YORK.

No person who contemplates purchasing a Sewing Machine for family or manufacturing purposes should fail to send for one of our Circulars, which contains full and full descriptions of the several styles, prices and samples of work, all of which we send by mail free. We claim to have the

BEST SEWING MACHINES IN THE WORLD

For either Family or Manufacturing Purposes. And all we ask is a fair trial. Read the following: **IMPORTANT FACTS.**

FACT No. 1.—This Company being duly licensed, their Machines are protected against infringement of patents or litigation.

FACT No. 2.—These Machines make the best stitch—like on both sides—and use a little less than half as much thread and silk as the chain or loop-stitch machines.

FACT No. 3.—These Machines are better adapted than any other sewing-machines in market to the frequent changes and almost endless variety of sewing required in a family. They will sew from 10 to 20 yards of thickness of Muslins without stopping, and make every stitch perfect. They will even sew from the finest gauze to the heaviest cloth, and even stout, hard leather, without changing the feed, needle, or tension, or making any adjustment of machine whatever, or is not such a machine best adapted to family use and if best adapted to family use, why not for every variety of light sewing manufacture? For work too heavy for our Family Machine, we recommend our larger sizes.

FACT No. 4.—These Machines make the most elastic seam of any sewing-machine in use—a fact of very great importance in sewing elastic goods, or goods of any kind, or a bias.

FACT No. 5.—No Machine is more durable or more simple in its construction, or more easily understood. The reputation of these Machines wherever used will fully demonstrate each of the above facts.

FACT No. 6.—These Machines took the Highest Premium at the Franklin Institute, Philadelphia.

FACT No. 7.—These Machines took the Highest Premium at the New Jersey State Fair.

FACT No. 8.—These Machines took the Highest Medal at the American Institute, in the City of New York, together with the Highest Premium for fine Sewing-Machine Work.

FACT No. 9.—These Machines took both the Highest Premiums at the Mechanics' Fair, Utica.

FACT No. 10.—These Machines can do the same thing generally, whenever properly exhibited in competition with other first-class Sewing Machines. But we have space for only one fact more—it is the most important fact of all.

FACT No. 11.—We warrant every Machine we sell to give perfect satisfaction in any and every Sewing Machine in market, or money refunded.

Send for a Circular. AGENTS WANTED.
