FINKLE & LYON. SEWING-MACHINE CO.,

538 BROADWAY, NEW-YORK.

No person who contemplates purchasing a Sewing
Machine for family or manufacturing purposes
should fail to send for one of our Circulars, which
contains full and full descriptions of the several
styles, prices and samples of work, all of which we
send by mail free. We claim to have the
BEST SEWING MACHINES IN THE WORLD

For either Family or Manufacturing Purposes.
And all we ask is a fair trial. Read the following:
IMPORTANT FACTS.
FACT No. 1.—This Company being duly licensed,
their Machines are protected against infringe-
ments or litigation.

FACT No. 2.—These Machines make the lock-
stitch—like on both sides—and use a little less
than half as much thread and silk as the chain
or loop-stitch machines.

FACT No. 3.—These Machines are better adapted
than any other sewing-machines in market to the
frequent changes and almost endless variety of
sewing required in a family. They will sew from
one to twenty thicknesses of Muslins, without
stopping, and make every stitch perfect. They
will even sew from the finest gauze to the
heaviest cloth, and even stout, hard leather,
without changing the feed, needle, or tension, or
making any adjustment of machine whatever—
is not such a machine best adapted to family use
and best adapted to family use, why not for
every variety of light sewing manufacture? For
work too heavy for our Family Machine, we recom-
mend our larger sizes.

FACT No. 4.—These Machines make the most ef-
fective seam of any sewing-machine in use—a fact
of very great importance in sewing elastic goods,
or goods of any kind, or a bias.

FACT No. 5.—No Machine is more durable or
more simple in its construction, or more easily
understood. The reputation of these Machines
wherever used will fully demonstrate each of the
above facts.

FACT No. 6.—These Machines took the Highest
Premium at the Franklin Institute, Philadel-
phia.

FACT No. 7.—These Machines took the Highest
Premium at the New Jersey State Fair.

FACT No. 8.—These Machines took the Highest
Medal at the American Institute, in the City of
New York, together with the Highest Premium for
fine Sewing-Machine Work.

FACT No. 9.—These Machines took both the
Highest Premiums at the Mechanics' Fair, Utica.

FACT No. 10.—These Machines can do the same
thing generally, whenever properly exhibited in
competition with other first-class Sewing Ma-
chines. But we have space for only one fact
more—it is the most important fact of all.

FACT No. 11.—We warrant every Machine we sell
to give better satisfaction than any other Sewing
Machine in market, or money refunded.

Send for a Circular. AGENTS WANTED.
