### Ayer's Pills.

RE you sick, feeble and complaining ? Are A rou out of order with your system de-rooged and your feelings uncomfortable ? These emptoms are often the prelude to serious illemptons are oncent the prefute to serious fil-ness. Sume fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cl-anse-out the disordered humors—purity the blood, and he the fluids move on unobstructed in health and let the tunis more on unostructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles some where in the body, and obstructs its natural functions. These, if not re-lieved, react upon themselves and the surround. ing organs, producing general aggravation, suf-fering and disease: While in this condition, region and disease: While in this condition, oppressed by the decangements, take Ayer's File, and see how directly they restore the nat-ural action of the system, and with it the buoy-ant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely, cured by the same means. None who know the virtues of these Pills will neglect to employ them when suff ting from the diaorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness or Constipation. As a Dinner Pill they are both agreeable and effectual.

This compound will be found a great promoter of health, when taken in the spring, to ex-pel the foul humors which tester in the blood at per the four humors which lester in the blood at that season of the year. By the timely expul-sion of them many rankling disorders are nip-ped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endu-rance of foul eruptions and ulcerous sores, thro? Which the system will strive to rid itself of commission of out existent to do this theorem. corruptions, if not assisted to do this through the natural channels of the body by an alteratwe medicine. 'Cleanse out the vitrated blood whenever you find its impurities bursting thro' the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the vents; cleanse it whenever it is foul, and your leelings will tell you when. Even where no particular disorder is fell, people enjoy bet-ter health, and live longer, for cleansing the blood. Keep the blood bealthy, and all is well; but with the papulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

 Any 10, 1860.-Ellen S., mt. CS, single, never was very strong. Two years ago she had en attack for of acute rheumatism, from which she was confined to her bed for two weeks, and subsequently from a transfer till last Saturday; while engaged in house-cleaning it last Saturday; while engaged in house-cleaning it last Saturday; while massfol weeks, and her house the more than the shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, for a still snow fashionably called the transfer tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called ed, rheumatic lever. It is a well marked typical case. We will carefully watch the case, and from its we may applamine. Dr. Awenarius, of St. Peters, burg, commended in the treatment of rheumatism. I mean propylamine. Dr. Awenarius, of St. Peters, timonials respecting it have appeared in our journals, and I propose therefore to give it another trial must of new remedies, which are vanited as speet it monials respecting it have appeared in our journals, and I propose therefore to give it another trial must of new remedies, which are vanited as speet it monials respecting it have appeared in our journals, and I propose therefore to give it another trial.
 SAME CASE FOUR DAYS LATER ! SAME CASE FOUR DAYS LATER! May 23, 1860.—I will now exhibit 10 you the pa-ent for whom I prescribed Propylamine, and who as then laboring under an attack of acute rhourna-sin. She nas steadily taken it in doses of three ains, every two hours, (intermitting it at night). he day after you saw her, I found her much more enfortable, better than she expected to be for ack or more, judging from her other attack. (The titent now walked into the room.) The improve-ent has steadily progressed, and you cannot fail to tice a marked change in the apparance of her ints, which are now nearly of their natural size. hus far our experiment, we must wait a little bile before we can give a decided opinion as to hat is to be the result. Here is another patient who was placed on the e of the same medicine on Sinday last; she has ng been suffering from chronic rhearmatism, and I und her at that time with an acute attack super-ning upon her chronic affection. The wrists and upckles were much swollen and tense. She took e choride of propylamine in three grain doses rey two hours, and you will precive that the yealing of the joints has much diminished.
