**FINKLE & LYON SEWING-MACHINE CO.,**  
538 BROADWAY, NEW-YORK.  
No person who contemplates purchasing a Sewing Machine for family or manufacturing purposes should fail to send for one of our Circulars, which contains cuts and full descriptions of the several styles, prices, and samples of work, all of which we send by mail free. We claim to have the BEST SEWING MACHINES IN THE WORLD For either Family or Manufacturing Purposes. And all we ask is a fair trial. Read the following: **IMPORTANT FACTS.** **FACT No. 1.**—This Company being duly licensed, their Machines are protected against infringement of any kind.

**FACT No. 2.**—These Machines make the lock-stitch—like on both sides—and use a little less than half as much thread and silk as the chain or loop-stitch machines.

**FACT No. 3.**—These Machines are better adapted than any other sewing-machines in market to frequent changes and almost endless variety of sewing required in a family. They will sew from one to twenty thicknesses of Marseilles without stopping, and make every stitch perfect. They will even sew from the finest gauze to the heaviest cloth, and even stout, hard leather, and make every adjustment of machine whatever—is not such a machine best adapted to family use? and if best adapted to family use, why not for every variety of light sewing manufacture? For work too heavy for our Family Machine, we recommend our larger sizes.

**FACT No. 4.**—These Machines make the most elastic seam of any sewing-machine in use—a fact of very great importance in sewing elastic goods, or goods of any kind, or a bias.

**FACT No. 5.**—No Machine is more durable or more simple in its construction, or more easily understood. The reputation of these Machines wherever used will fully demonstrate each of the above facts.

**FACT No. 6.**—These Machines took the Highest Premium at the Franklin Institute, Philadelphia.

**FACT No. 7.**—These Machines took the Highest Premium at the New Jersey State Fair.

**FACT No. 8.**—These Machines took the Highest Medal at the American Institute, in the City of New York, together with the Highest Premium for the Sewing-Machine Work.

**FACT No. 9.**—These Machines took both the Highest Premiums at the Mechanics' Fair, Utica.

**FACT No. 10.**—These Machines can do the same thing generally, and are exhibited in competition with other first-class Sewing Machines. But we have space for only one fact more—it is the most important Fact of all. **Send for a Circular. AGENTS WANTED.**
