Aver's Pills.

RE you sick, feeble and complaining? Are A RE you stee, you out of order with your system de-raged and your feelings uncomfortable? These emplons are often the prelude to serious illsymptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you,
and should be averted by a timely use of the
right remedy. Take Ayer's Pilis, and chanse
out the disordered humors—putity the and let the fluids move on unobstructed in health and let the unios move on unpostructed in health body into vigorous activity, purify the system the obstructions which make disease. A coll arties somewhere in the body, and ob-structs its natural functions. These, if not reliered, react upon themselves and the surround.

fering and disease. While in this condition,
fering and disease. mg organs, producing general aggravation, sufoppressed by the derangements, take Ayer's pils, and see how directly they restore the nat-ural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common comso appared plaint, is also true in many of the deep-scated and dangerous distempers. The same purgative effect expels them. Caused by similar obstruceffect expets them. Caused by similar obstruc-tions and derangements of the natural functions of the body, they are rapidly and many of them surely, cured by the same means. None who know the virtues of these Pills will neglect to employ them when suffering from the disorders they cure, such as Hendache, Fool Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness or Constipation. As a Dinner Pill they are both, agreeable and effectual. PRICE 25 CIS PER BOX, OR FIVE BOXES FOR \$1. Prepared by D. J. C. AYER, & Co., Lowell Mass.

Aver's Sarsaparilla

a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of in mense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:-Secofula and Secofulous Complaints, Erup-

Scrofula and Scrofulaus Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Elotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Meraurial Disease, Dropsy, Neuralgia, Tic Doloreux, Debility, Dyspensia and Indigestion, Erssipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood

This compound will be found a great promoter of health, when taken in the spring, to ex-pel the foul humors which tester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nip-ped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endu-rance of foul eruptions and vicerous sores, thro' which the system will strive to rid itself of comptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitrated blood whenever you find its impurities bursting thro' the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in your feelings will tell you when. Even where no particular disorder is fell, people enjoy bet-ter frealth, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; blood. Keep the blood healthy, and air is werr, but with the papulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery

of life is disordered or overthrown.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sar-saparilla which flood the market, until the name itself is justly despised, and has become synonwith imposition and cheat. call this compund Sarsaparille, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordina

ry run of the diseases it is intended to cure.

HOLLOWAY'S PILLS AND OINTMENT.

All who have Friends and Relatives in the Aimy or Navy, should take especial care, that they be amply supplied with these Pills and Ointment; and where the brave Soldiers and Saliors have neglected to provide themselves with them, no better present can be sent them by their friends. They have been proved to be the Soldier's never-failing friend in the hour of need.

Coughs and Colds affecting Troops, Will be speedily relieved and effectually cured by using these admirable medicines, and by paying proper attention to the directions which are attached to each Pot or Boz.

Sick Headache and Want of Appetite, Inciden tal to Soldiers.

Those feelings which so sadden us, usually arise from trouble or annoyances, obstructed perspiration, or eating and drinking whatever is unwholesome, thus disturbing the heatthful action of the liver and stomach. These organs must be relieved, if you desire to be well. The Pills, taking according to the printed instructions, will quickly produce a heal hy action in both diver and stomach, and as a natural consequence a clear head and good appetite. Weakness or Debility Induced by over Fatigue.

Weakness or Debility Induced by over Fatigue.

Will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Never let the Bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysentery and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the liver and stomach and thus remove all the acrid humors from the system. This medicine will give tone and vigor to the whole organic system however deranged, while health and strength follow as a matter of course. Nothing will stop the relaxation of the Bowels so sure as this famous medicine.

SAME CASE FOUR DAYS LATER!

May 23, 1860.—I will now exhibit 10 you the putent for whom I prescribed Propylamine, and who was then laboring under an attack of acute rheumatism. She has steadily taken it in doses of three grains, every two hours, (intermitting it at night). The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the apparance of her joints, which are now nearly of their natural size. Thus far our experiment would have seemed very successful; but gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from chronic rheumatism, and the found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and tense. She took the chloride of propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!

MAY 26, 1800.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and it now taking three grains thrice daily.

In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do vell. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisfactory, I think, as good jurymen, we shall justly render our vardict in favor of propylamine.

He is a seeman, æt. 26, who was admitted a few

jurymen, we shall justly render our vardiet in favor rf propylamine.

He is a seaman, et. 26, who was admitted a few days ago. Has had occasional rheumatic pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen tense and tender. His tongue is furred; skin, at present, dry, though there has been much sweating. His pulse is full and strong, and rbouf 90, He has now used props lamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism.

I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as have called it, than which there could not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even anodynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case at a inture clinic.
