WE the undersigned have used **Roback's Compound**  
Chemical Soap for washing clothes and cheer-  
fully recommend it to the families of Bedford, as an  
article of indispensable utility, cleansing the clothes  
with one third the labor and time usually occupied  
by use of the common soap.

Mrs. Mary Elmer.  
**J. B. FARGUHAM** is agent for the sale of Family  
Rights for the Borough of Bedford, and any who  
may wish to purchase a right he will furnish with  
enough of the soap to give it a fair trial, and will  
give them a Family Right gratis if he does not dem-  
onstrate the fact that the soap can be made at a cost  
of one cent per pound. Five pounds will put out a  
large washing and by putting the clothes to soak in  
the evening, they can be put out by 8 o'clock in the  
morning, thus saving three fourths of the day and  
a great deal of labor and sickness. Many families  
give from 50 to 75 cents per week for washing, who  
by this method can save from \$20 to 30 per year.

**SEWING-MACHINE CO.,**  
533 BROADWAY, NEW-YORK.  
No person who contemplates purchasing a Sewing  
Machine for family or manufacturing purposes  
should fail to send for one of our Circulars, which  
contains cuts and full descriptions of the several  
styles, prices and samples of work, all of which we  
send by mail free. We claim to have the  
**BEST SEWING MACHINES IN THE WORLD**  
For either Family or Manufacturing Purposes.  
And all we ask is a fair trial. Read the following:  
**IMPORTANT FACTS.**  
FACT No. 1.—This Company being duly licensed,  
their Machines are protected against imita-  
tions or litigation.  
FACT No. 2.—These Machines make the lock-  
stitch—like on both sides and use a little less  
than half as much thread and silk as the chain  
or loop-stitch machines.  
FACT No. 3.—These Machines are better adapted  
than any other sewing machines in market to the  
frequent changes and almost endless variety of  
sewing required in a family. They will sew  
from one to twenty thicknesses of Muscilles  
without stopping, and make every stitch perfect.  
They will even sew from the finest gauge of the  
heaviest cloth, and even stout, hard leather,  
without changing the feed, needle, or tension, or  
making any adjustment of the machine whatever—  
and it is adapted to family use, why not for  
every variety of light sewing manufacture? For  
work too heavy for our Family Machine, we re-  
commend our larger sizes.  
FACT No. 4.—These Machines make the most el-  
astic seam of any sewing machine in use—a fact  
of very great importance in sewing elastic goods,  
or goods of any kind, on a bias.  
FACT No. 5.—No Machine is more durable or  
more simple in its construction, or more easily  
understood. The reputation of these Machines  
wherever used will fully demonstrate each of the  
above facts.  
FACT No. 6.—These Machines took the Highest  
Premium at the Franklin Institute, Philadel-  
phia.  
FACT No. 7.—These Machines took the Highest  
Premium at the New Jersey State Fair.  
FACT No. 8.—These Machines took the Highest  
Medal at the American Institute, in the City of  
New York, together with the Highest Premium  
for fine Sewing-Machine Work.  
FACT No. 9.—These Machines took both the  
Highest Premiums at the Mechanics' Fair, Utica,  
and at the American Institute, New York.  
FACT No. 10.—These Machines can do the same  
thing generally, whenever properly exhibited in  
competition with other first class Sewing Ma-  
chines. But we have space for only one last  
note—it is the most important fact of all  
FACT No. 11.—We warrant every Machine we sell  
to give better satisfaction than any other Sewing  
Machine in market, or money refunded.
