

OT a few of the worst disorders that afflict mankind arise from the corruption that accumulates in the blood. Of all the discoveries that have been made to purge it out, none have been found which could equal in effect AYER's Conround Extract of Sarsaparitta. It cleanses and renovates the blood, instils the vigor of health into the system and purges out the humors which make disease. It stimulates the healthy functions of the body and expels the disorders that grow and rankle in the blood. Its extraordinary virtues are not yet widely known, but when they are it will no longer be a question what remedy to employ in the great variety of afflicting diseases that require alterative remedy. Such a remedy, that could be relied on, has long been sought for, and now, for the first time, the public have one on which they can depend. Our space here does not ad mit certificates to show its effects. But the trial of a single bottle will show to the sick that al of a single bottle will show to the sick that it has virtues surpassing anything they have farm adjoins lands of Chailes Smith, Tho's, Hughes, ever taken. Sufferers from Scrofula, Scrofulous and others. The title is entirely free from all in-Swellings and Sores, try it and see the rapidity with which it cures. Skin Diseases, Pimples, JOHN H. ## Aver's Compound Extract Sarsaparilla.

O one remedy is more needed in this country than a reliable Alterative, but the sick have been so outrageously cheated by the worthless preparations of Sarsaparilla abroad that they are disgusted even with the name. Yet the drug cannot be blamed for the impositions from which they have suffered. Most of the so-calidaded Sarsaparillas in the market contain little of the wirtues of Sarsaparillas in the market contain little of the wirtues of Sarsaparilla or any thing clse.

They are mere slops—inert and worthless, while a concentrated extract of the active variety of Sarsaparilla compounded with Dock, Stillingia, Iodine, etc., is, as it ever will be, a powerful alterative and an effectual remedy. Such is Ayer's Extract of Sarsaparilla, as its truly wonderful cures of the great variety of compaints which require an alterative medicine have abundantly shown. Do not, therefore, discard this invaluable medicine, because you have been imposed upon by smething pretending to be Sarsaparilla, while it was not. When you have used Ayea S—then, and not will then, will you know the virtues of Sarsaparilla. For minute particulars of the discasses parilla. For minute particulars of the discasses it cures, we refer you to Ayer's American Ailmanac, which the agent below mand will furnish gratis to all who cull for it.

JUNE 9, 1860.—The next of our convalencents is the case of acute rheamatism before you at our clinary is of May 28th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has get along very nicely, and is now able to walk about, as you see. I do not hesitate to say that I have never seen as severe a case of acute rheamatism so soon rectangular. dy we have used. I feel bound to state that in the cases in which we have tried the Chloride of Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued. I wisc
