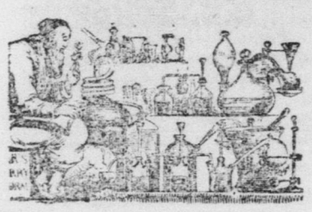
PURIFY THE BLOOD.



NOT a few of the worst disorders that afflict mankind arise from the corruption that accumulates in the blood. Of all the discoveries that have been made to purge it out, none have been found which could equal in effect AYER'S COMPOUND EXTRACT OF SARSAPARILLA. It cleanses and renovates the blood, instils the vigor of health into the system and purges out the humors which make disease. It stimulates the healthy functions of the body and expels the disorders that grow and rankle in the blood. Its extraordinary virtues are not yet widely known, but when they are it will no longer be a question what remedy to employ in the great variety of afflicting diseases that require alterative remedy. Such a remedy, that could be relied on, has long been sought for, and now, for the first time, the public have one on which they can depend. Our space here does not admit certificates to show its effects. But the trial of a single bottle will show to the sick that it has virtues surpassing anything they have ever taken. Sufferers from Scrofula, Scrofulous Swellings and Sores, try it and see the rapidity with which it cures. *Skin Diseases, Pimples, Pustules, Blotches, Eruptions, &c.*, are soon cleaned out of the system.

St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c., should not be borne while they can be so speedily cured by AYER'S SARSAPARILLA.

Syphilis or Venereal Disease is expelled from the system by the prolonged use of this *Sarsaparilla*, and the patient is left as healthy as if he had never had the disease.

Female Diseases are caused by Scrofula in the blood, and are generally soon cured by this *Extract of Sarsaparilla*. Price $1 per bottle, or 6 bottles for $5.

For all the purposes of a family physic, take AYER'S CATHARTIC PILLS, which are everywhere known to be the best purgative that is offered to the American People. Price 25 cts. per box, or 5 boxes for $1.

Prepared by Dr. J. C. AYER, & Co., Lowell, Mass. and sold by all Druggists everywhere.

Ayer's Compound Extract Sarsaparilla.

NO one remedy is more needed in this country than a reliable *Alterative*, but the sick have been so outrageously cheated by the worthless preparations of Sarsaparilla abroad that they are disgusted even with the name. Yet the drug cannot be blamed for the impositions from which they have suffered. Most of the so-called Sarsaparillas in the market contain little of the virtues of Sarsaparilla or any thing else. They are mere slops—inert and worthless, while a concentrated extract of the active variety of Sarsaparilla compounded with Dock, Stillingia, Iodine, etc., is, as it ever will be, a powerful alterative and an effectual remedy. Such is AYER'S EXTRACT of Sarsaparilla, as its truly wonderful cures of the great variety of complaints which require an alterative medicine have abundantly shown. Do not, therefore, discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used AYER'S—then, and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to AYER'S American Almanac, which the agent below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of *Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain, or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.*

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best Aperient in the world for all the purposes of a family physic. Price 25 cents per box; Five boxes for $1 00.

Do not be put off by unprincipled dealers with other preparations which they make more profit on. Demand AYER'S and take no others. The sick want the best aid there is for them, and they should have it.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass., and sold by Dr. B. F. HARRY, Bedford

Pennsylvania Hospital.

(FROM OFFICIAL HOSPITAL REPORTS.)

MAY 19, 1860.—Ellen S., æt. 28, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks, and subsequently from a relapse for four more. She has been well since then till last Saturday; while engaged in house-cleaning she took cold, had pain in her back, felt cold but had no decided chill. Two days later her ankles began to swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well marked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call your attention to a remedy which has recently been recommended in the treatment of rheumatism. I mean *propylamine*. Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various complimentary testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confesss I am always incredulous as to the worth of new remedies, which are vaunted as specifics; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

MAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and who was then laboring under an attack of acute rheumatism. She has steadily taken it in doses of three grains, every two hours, (intermitting it at night). The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly of their natural size. Thus far our experiment would have seemed very successful; but gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from chronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and tense. She took the chloride of propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

MAY 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily.

In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisfactory, *I think, as good jurymen, we shall justly render our verdict in favor of propylamine.*

He is a seaman, æt. 26, who was admitted a few days ago. He had occasional rheumatic pains, but not so as to keep his bed until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen tense and tender. His tongue is furred; skin, at present, dry, though there has been much sweating. His pulse is full and strong, and about 90. He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism.

I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there could not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even anodynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case at a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

JUNE 9, 1860.—The next of our convalescents is the case of acute rheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very nicely, and is now able to walk about, as you see. *I do not hesitate to say that I have never seen as severe a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positively as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride of Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued.* I wish, gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed extract, see the Philadelphia *Medical and Surgical Reporter*. It is the report after a fair trial by the best medical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctors and rejoicing patients.
