Pennsylvania Hospital.
(From Official Hospital Reports.)
MAY 19, 1860.—Ella S., et. 28, single, never
was very strong. Two years ago she had an attack
of acute rheumatism, from which she was confined
to her bed for two weeks, and subsequently from a
relapse for four more. She has been well since then
till last Saturday, while engaged in house-cleaning
she took cold, had pain in her back, felt cold but
had no decided chill. Two days later her ankles
began to swell, which was followed by swelling of
the knee joints and of the hands. She has now dull
pain in her shoulders, and her knuckles are very
tender, red and painful; both hands are affected,
but the right is most so. This, then, is a case of
acute rheumatism, or, as it is now fashionably called,
rheumatic fever. It is a well marked typical
case. We will carefully watch the case, and from
time to time call your attention to the various
symptoms which present themselves. My chief
object in bringing her before you now, is to call
your attention to a remedy which has recently been
recommended in the treatment of rheumatism. I
mean propylamine. Dr. Awenarius, of St. Petersburg,
recommends it in the highest terms, having
derived great benefit from its use in 250 cases which
came under his care. Various commendatory testi-
monials respecting it have appeared in our jour-
nals, and I propose therefore to give it another trial.
I must confess I am always incredulous as to the
worth of new remedies, which are vaunted as speci-
fics; but this cannot be recommended so highly,
that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!
MAY 23, 1860.—I will now exhibit to you the pa-
tient for whom I prescribed Propylamine, and who
was then laboring under an attack of acute rheuma-
tism. She has steadily taken it in doses of three
grains, every two hours, (intermitting it at night).
The day after you saw her, I found her much more
comfortable, better than she expected to be for a
week or more, judging from her other attack. (The
patient now walked into the room.) The improve-
ment has steadily progressed, and you cannot fail to
notice a marked change in the appearance of her
hands, which are now nearly of their natural size.
Thus far our experiment would have seemed very
successful; but gentlemen, we must wait a little
while before we can give a decided opinion as to
what is the result.

Here is another patient who was placed on the
use of the same medicine on Sunday last; she has
long been suffering from chronic rheumatism, and I
found her at that time with an acute attack super-
vening upon her chronic affection. The wrists and
knuckles were much swollen and tense. She took
the chloride of propylamine in three grain doses
every two hours, and you will perceive that the
swelling of the joints has much diminished.

THREE DAYS LATER!
MAY 26, 1860.—This is the case of acute rheuma-
tism treated with propylamine, the first of those to
which I called your attention at our last clinic. She
is still very comfortable, and is now taking three
grains three daily.

In this case it has seemed to be followed by very
satisfactory results. The second case to which
your attention was called at our last lecture, has
also continued to do well. I will now bring before
you a very characteristic case of acute rheumatism,
and the result be satisfactory, I think, as good
as any other case of the kind. It was a young
man, who shall justly receive our verdict in favor
of propylamine.

He is a seaman, et. 26, who was admitted a few
days ago. He had occasional rheumatic pains,
but not so as to keep his bed, until eight days ago.
The pains began in his right knee, subsequently af-
fected the left knee, and later, the joints of the upper
extremities. These joints are all swollen and ten-
se. His tongue is furred; skin, at present,
dry, though there has been much sweating. His
pulse is full and strong, and about 90. He has now
used propylamine for twenty-four hours.

This gentleman is what may be called a strictly
typical case of acute rheumatism. There was ex-
posure to cold and wet, and this exposure is fol-
lowed by a feeling of coldness, severe articular pain,
beginning as it usually does, in the lower joints.
There is fever and the profuse sweating, so gener-
ally attendant on acute rheumatism. It was there-
fore avoiding the use of all other medicines, even
anodynes, that there may be no misgivings as to
which was the efficient remedy. You shall see the
case at a future clinic.

THE RESULT.

A FAVORABLE VERDICT.
JUNE 9, 1860.—The next of our cases, is the
case of acute rheumatism before you at our clinic
of May 26th, which I then called a typical case,
and which it was remarked was a fair opportunity
for testing the worth of our new remedy. It was
therefore steadily given in three grain doses every
two hours for four days. The patient has done very
nicely, and is now able to walk about, as you
see. I do not hesitate to say that I have never seen
so severe a case of rheumatism so soon restored
to health as this man has been, and without being
prepared to decide positively as to the value of the
remedy we have used, I feel bound to state that in the
cases in which we have tried the Chloride of Propylamine,
the patients have regained their health much earlier
than under the treatment ordinarily pursued. I wish,
gentlemen, you would yourselves try it, and report
the results.

For a full report of what the above is a con-
densed extract, see the Philadelphia Medical and
Surgical Reporter. It is the report after a trial by
the best medical authority in this country, and
makes it unnecessary to give numerous certificates
from astonished doctors and rejoicing patients.

No person who contemplates purchasing a Sewing
Machine for family or manufacturing purposes,
should fail to send for one of our Circulars, which
contains cuts and full descriptions of the several
styles, prices and samples of work, all of which we
send by mail free. We claim to have the
BEST SEWING MACHINES IN THE WORLD
For either Family or Manufacturing Purposes.
And all we ask is a fair trial. Read the following:
IMPORTANT FACTS.
FACT No. 1.—This Company being duly licensed,
their Machines are protected against infringe-
ments of litigation.
FACT No. 2.—These Machines make the lock-
stitch alike on both sides—and use a little less
than half as much thread and silk as the chain
or loop-stitch machines.
FACT No. 3.—These Machines are better adapted
than any other sewing machines in market to
frequent changes, and almost endless variety of
sewing required in a family. They will sew
from one to twenty thicknesses of Marseilles
without stopping, and make every stitch perfect.
They will even sew from the finest gauze to the
heaviest cloth, and even stout, hard leather,
without changing the feed, needle, or tension, or
making any adjustment of machine whatever—
is not such a machine best adapted to family use?
and is best adapted to family use, why not for
every variety of light sewing manufacture? For
every tool heavy for our Family Machine, we recom-
mend our larger sizes.
FACT No. 4.—These Machines make the most ef-
fective seam of any sewing-machine in use—a fact
of very great importance in sewing elastic goods,
or goods of any kind, or a bias.
FACT No. 5.—No Machine is more durable or
more simple in its construction, or more easily
understood. The reputation of these Machines
wherever used will fully demonstrate each of the
above facts.
FACT No. 6.—These Machines took the Highest
Premium at the Franklin Institute, Philadel-
phia.
FACT No. 7.—These Machines took the Highest
Premium at the New Jersey State Fair.
FACT No. 8.—These Machines took the Highest
Medal at the American Institute, in the City of
New York, together with the Highest Premium
for the Sewing-Machine Work.
FACT No. 9.—These Machines took both the
Highest Premiums for the Mechanics' Fair, Utica,
and the Mechanics' Fair, New York.
FACT No. 10.—These Machines can do the same
work generally, whenever properly exhibited in
competition with other first-class Sewing Ma-
chines. But we have space for only one fact
more—it is the most important fact of all
FACT No. 11.—We warrant every Machine we sell
to give better satisfaction than any other Sewing
Machine in market, or money refunded.

**THE SOLDIER'S TRUE FRIEND.
ALWAYS READY.
HOLLOWAY'S OINTMENT.**
Long marches, sore and stiff joints, blistered
and inflamed feet, all these the Soldier must endure,
MOTHERS, REMEMBER THIS, when your sons
are grasping their muskets to meet danger, think
what relief a single pot of this ALL HEALING
and COOLING Salve will give to the one you love
when far away from home and friends. It hardens
and makes tough the feet so that they can endure
great fatigue. It soothes and relieves the inflamed
and stiffened joints, leaving them supple, strong and
vigorous, while for
Sabre Cuts and Gunshot Wounds,
It stands unequalled, removing and preventing ev-
ery vestige of inflammation and gently drying the
edges together, it quickly and completely heals the
most frightful wounds.
Wives and Sisters of our Volunteers.
You cannot put into the Knapsacks of your Hus-
bands and Brothers, a more valuable or more neces-
sary gift than a supply of this

Extraordinary Military Salve.
The lonely sentry walking his rounds at night,
exposed to drening winds and chill night air, is
often seized with most VIOLENT PAINS, COUGH
and SUFFOCATING HOARSENESS, first sym-
ptoms of QUICK CONSUMPTION, but if supplied
with HOLLOWAY'S PILLS and HOLLOWAY'S OINTMENT,
all danger is averted, a few Pills taken night and
morning, and the Ointment briskly rubbed twice
day over the throat and chest will remove the SE-
VEREST PAINS and stop the most distressing and
DANGEROUS COUGH. Therefore we say to the
whole Army,
Soldiers Attention!
See to your own health, do not trust to the Army
supplies although most valuable. These PILLS and
OINTMENT have been thoroughly tested, they are
the only remedies used in the European Camps, and
Barracks, for over forty years Doctor Holloway has
supplied the Army in Europe, and during the
CRIMEAN CAMPAIGN he established a depot at
Balacava, for the exclusive sale of these GREAT
REMEDIES, many a time his special Agent there
has sold over a ton in weight of the Ointment in a
single day. These terrible and fatal enemies of the
SOLDIER IN CAMP,
**Diarrhea, Dysentery, Scurvy, Sores & Scrof-
ulous Eruptions,**
all disappear like chaff before these PILLS and
OINTMENT, and now while the cry rings through
out the land,
TO ARMS! TO ARMS!
Do not let these brave men perish by disease,
place in their hands these PRECIOUS REMEDIES,
that will enable them to resist the dangerous ex-
posures, the Fevers, the Chills, and the wounds which
they cannot avoid, and what is more, cannot fre-
quently get succor in the moment of need, whereas
if our brave men have only to put their hands into
the Knapsack of their comrades, they have for all
the casualties of the battle field. How many thou-
sands of lives would thus be saved who would oth-
erwise perish before relief could be obtained.

CAUTION.—None are genuine unless the
words "HOLLOWAY, NEW-YORK AND LONDON," are dis-
tinctly marked in every leaf of the book
of directions around each pot or box; the same may
be plainly seen by holding the leaf to the light. A
handsome reward will be given to any one rendering
such information as may lead to the detection of any
party or parties counterfeiting the medicine or ven-

**FINKLE & LYON
SEWING-MACHINE CO.,**
538 BROADWAY, NEW-YORK.
No person who contemplates purchasing a Sewing
Machine for family or manufacturing purposes,
should fail to send for one of our Circulars, which
contains cuts and full descriptions of the several
styles, prices and samples of work, all of which we
send by mail free. We claim to have the
BEST SEWING MACHINES IN THE WORLD
For either Family or Manufacturing Purposes.
And all we ask is a fair trial. Read the following:
IMPORTANT FACTS.
FACT No. 1.—This Company being duly licensed,
their Machines are protected against infringe-
ments of litigation.
FACT No. 2.—These Machines make the lock-
stitch alike on both sides—and use a little less
than half as much thread and silk as the chain
or loop-stitch machines.
FACT No. 3.—These Machines are better adapted
than any other sewing machines in market to
frequent changes, and almost endless variety of
sewing required in a family. They will sew
from one to twenty thicknesses of Marseilles
without stopping, and make every stitch perfect.
They will even sew from the finest gauze to the
heaviest cloth, and even stout, hard leather,
without changing the feed, needle, or tension, or
making any adjustment of machine whatever—
is not such a machine best adapted to family use?
and is best adapted to family use, why not for
every variety of light sewing manufacture? For
every tool heavy for our Family Machine, we recom-
mend our larger sizes.
FACT No. 4.—These Machines make the most ef-
fective seam of any sewing-machine in use—a fact
of very great importance in sewing elastic goods,
or goods of any kind, or a bias.
FACT No. 5.—No Machine is more durable or
more simple in its construction, or more easily
understood. The reputation of these Machines
wherever used will fully demonstrate each of the
above facts.
FACT No. 6.—These Machines took the Highest
Premium at the Franklin Institute, Philadel-
phia.
FACT No. 7.—These Machines took the Highest
Premium at the New Jersey State Fair.
FACT No. 8.—These Machines took the Highest
Medal at the American Institute, in the City of
New York, together with the Highest Premium
for the Sewing-Machine Work.
FACT No. 9.—These Machines took both the
Highest Premiums for the Mechanics' Fair, Utica,
and the Mechanics' Fair, New York.
FACT No. 10.—These Machines can do the same
work generally, whenever properly exhibited in
competition with other first-class Sewing Ma-
chines. But we have space for only one fact
more—it is the most important fact of all
FACT No. 11.—We warrant every Machine we sell
to give better satisfaction than any other Sewing
Machine in market, or money refunded.

**THE SOLDIER'S TRUE FRIEND.
ALWAYS READY.
HOLLOWAY'S OINTMENT.**
Long marches, sore and stiff joints, blistered
and inflamed feet, all these the Soldier must endure,
MOTHERS, REMEMBER THIS, when your sons
are grasping their muskets to meet danger, think
what relief a single pot of this ALL HEALING
and COOLING Salve will give to the one you love
when far away from home and friends. It hardens
and makes tough the feet so that they can endure
great fatigue. It soothes and relieves the inflamed
and stiffened joints, leaving them supple, strong and
vigorous, while for
Sabre Cuts and Gunshot Wounds,
It stands unequalled, removing and preventing ev-
ery vestige of inflammation and gently drying the
edges together, it quickly and completely heals the
most frightful wounds.
Wives and Sisters of our Volunteers.
You cannot put into the Knapsacks of your Hus-
bands and Brothers, a more valuable or more neces-
sary gift than a supply of this

Extraordinary Military Salve.
The lonely sentry walking his rounds at night,
exposed to drening winds and chill night air, is
often seized with most VIOLENT PAINS, COUGH
and SUFFOCATING HOARSENESS, first sym-
ptoms of QUICK CONSUMPTION, but if supplied
with HOLLOWAY'S PILLS and HOLLOWAY'S OINTMENT,
all danger is averted, a few Pills taken night and
morning, and the Ointment briskly rubbed twice
day over the throat and chest will remove the SE-
VEREST PAINS and stop the most distressing and
DANGEROUS COUGH. Therefore we say to the
whole Army,
Soldiers Attention!
See to your own health, do not trust to the Army
supplies although most valuable. These PILLS and
OINTMENT have been thoroughly tested, they are
the only remedies used in the European Camps, and
Barracks, for over forty years Doctor Holloway has
supplied the Army in Europe, and during the
CRIMEAN CAMPAIGN he established a depot at
Balacava, for the exclusive sale of these GREAT
REMEDIES, many a time his special Agent there
has sold over a ton in weight of the Ointment in a
single day. These terrible and fatal enemies of the
SOLDIER IN CAMP,
**Diarrhea, Dysentery, Scurvy, Sores & Scrof-
ulous Eruptions,**
all disappear like chaff before these PILLS and
OINTMENT, and now while the cry rings through
out the land,
TO ARMS! TO ARMS!
Do not let these brave men perish by disease,
place in their hands these PRECIOUS REMEDIES,
that will enable them to resist the dangerous ex-
posures, the Fevers, the Chills, and the wounds which
they cannot avoid, and what is more, cannot fre-
quently get succor in the moment of need, whereas
if our brave men have only to put their hands into
the Knapsack of their comrades, they have for all
the casualties of the battle field. How many thou-
sands of lives would thus be saved who would oth-
erwise perish before relief could be obtained.

CAUTION.—None are genuine unless the
words "HOLLOWAY, NEW-YORK AND LONDON," are dis-
tinctly marked in every leaf of the book
of directions around each pot or box; the same may
be plainly seen by holding the leaf to the light. A
handsome reward will be given to any one rendering
such information as may lead to the detection of any
party or parties counterfeiting the medicine or ven-
ding the same, knowing them to be spurious.
