Pennsylvania Hospital.
(FROM OFFICIAL HOSPITAL REPORTS.)
May 19, 1860.—Ellen S., et. 28, single, never
was very strong. Two years ago she had an attack
of acute rheumatism, from which she was confined
to her bed for two weeks, and subsequently from
her bed for four more. She has been well since then
till last Saturday; while engaged in house-cleaning
she took cold, had pain in her back, felt cold but
had no decided chill. Two days later her ankles
began to swell, which was followed by swelling of
the knee joints and of the hands. She has now dull
pain in her shoulders, and her knuckles are very
tender, red and painful; both hands are affected,
but the right is most so. This, then, is a case of
acute rheumatism, or, as it is now fashionably called,
rheumatic fever. It is a well marked typical
case. We will carefully watch the case, and from
time to time call your attention to the various
symptoms which present themselves. My chief
object in bringing her before you now, is to call
your attention to a remedy which has recently been
recommended in the treatment of rheumatism. I
mean *propylamine*. Dr. Avenarius, of St. Peter's
Hospital, recommends it in the highest terms, having
derived great benefit from its use in 250 cases, and
has published various commendatory testimonials
respecting it. It has appeared in our journals,
and I propose therefore to give it another trial.
I must confess I am always incredulous as to the
worth of new remedies, which are vaunted as spe-
cifics; but this comes to us recommended so highly,
that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!
May 23, 1860.—I will now exhibit to you the
patient for whom I prescribed Propylamine, and who
was then laboring under an attack of acute rheumatism.
She has steadily taken it in doses of three
grains, every two hours, (intermitting it at night).
The day after you saw her, I found her much more
comfortable, better than she expected to be for a
week or more, judging from her other attacks. (The
patient now walked into the room.) The improvement
has steadily progressed, and you cannot fail to
notice a marked change in the appearance of her
joints, which are now nearly of their natural size.
Thus far our experiment would have seemed very
successful; but gentlemen, we must wait a little
while before we can give a decided opinion as to
what is to be the result.

Here is another patient who was placed on the
use of the same medicine on Sunday last; she has
been suffering from chronic rheumatism, and I
found her at that time with an acute attack super-
vening upon her chronic affection. The wrists and
knuckles were much swollen and tense. She took
the chloride of propylamine in three grain doses
every two hours, and you will perceive that the
swelling of the joints has much diminished.

THREE DAYS LATER!!
May 26, 1860.—This is the case of acute rheumatism
treated with propylamine, the first of those to
which I called your attention at our last clinic. She
is still very comfortable, and is now taking three
grains three daily.

In this case it is seemed to be followed by very
satisfactory results. The second case to which
your attention was called at our last lecture, has
also continued to do well. I will now bring before
you a very characteristic case of acute rheumatism,
and if the result be satisfactory, I think, as good
judgesmen, you shall justly render your verdict in favor
of propylamine.

He is a seaman, et. 26, who was admitted a few
days ago. Has had occasional rheumatic pains, but
not so as to keep his bed, until eight days ago. The
pains began in his right knee, subsequently affected
the left knee, and later, the joints of the upper ex-
tremities. These joints are all swollen, tense and
tender. His tongue is furred; skin, at present,
dry, though there has been much sweating. His
pulse is full and strong, and about 90. He has now
used propylamine for twenty-four hours.

This gentleman is what may be called a strictly
typical case of acute rheumatism. There was ex-
posure to cold and wet, and this exposure is fol-
lowed by a feeling of coldness, severe articular pain,
beginning as it usually does, in the lower joints.
There is fever and the profuse sweating, so generally
attendant on acute rheumatism.

THE RESULT.
A FAVORABLE VERDICT.

June 9, 1860.—The next of our convalescents is
the case of acute rheumatism before you at our clinic
of May 26th, which I then called a typical case,
and which it was remarked was a fair opportunity
for testing the worth of our new remedy. It was
therefore steadily given in three grain doses every
two hours for the first three days, and the result
very nicely, and it is now able to walk about, as you
see. I do not hesitate to say that I have never seen
so severe a case of acute rheumatism so soon restored
to health as this man has been, and without being
prepared to decide positively as to the value of the re-
medy which we have tried. The patient has not only
recovered, but he has regained his health much earlier
than under the treatment ordinarily pursued. I wish,
gentlemen, you would yourselves try it, and report
the results.

For a full report of which the above is a com-
pact extract, see the Philadelphia Medical and
Surgical Reporter. It is the report after a fair trial
by the best medical authority in this country, and
makes it unnecessary to give numerous certificates
from astonished doctors and rejoicing patients.

THE SOLDIER'S TRUE FRIEND.
ALWAYS READY.
HOLLOWAY'S OINTMENT.
Long marches, sore and stiff joints, blistered and
inflamed feet, all these the Soldier must endure,
MOTHERS, REMEMBER THIS, when your sons
are grasping their muskets to meet danger, think
what relief a single pot of this ALL HEALING
and COOLING Salve will give to the one you love
when far away from home and friends. It cures
and makes tough the feet so that they can endure
great fatigue. It soothes and relieves the inflamed
and stiffened joints, leaving them supple, strong and
vigorous, whilop.

Sore Cuts and Gunshot Wounds,
It stands unequalled, removing and preventing every
trace of inflammation and gently drawing the
edges together, it quickly and completely heals the
most frightful wounds.

Wives and Sisters of our Volunteers.
You cannot put into the Knapsacks of your Hus-
band and Brothers, a more valuable or more neces-
sary gift than a supply of this.

Extraordinary Military Salve.
The lonely sentry walking his rounds at night,
exposed to dreary winds and chill night air, is
often seized with most VIOLENT PAINS, COUGH
and SUFFOCATING HOARSENESS; first symptoms
of QUICK CONSUMPTION, but if supplied
with HOLLOWAY'S PILLS and HOLLOWAY'S OINTMENT,
all danger is averted, a few Pills taken night and
morning, and the Ointment briskly rubbed twice a
day over the throat and chest will remove the SE-
VEREST PAINS and stop the most distressing and
DANGEROUS COUGH. Therefore we say to the
whole Army,

Soldiers Attention!
See to your own health, do not trust to the Army
surgeons although most valuable. These PILLS and
OINTMENT have been thoroughly tested, they are
the only remedies used in the European Camps and
Barracks, for over forty years Doctor Holloway has
supplied all the Armies of Europe, and during the
CREAN CAMPAIGN he established a depot at
Balacava, the exclusive sale of these GREAT
REMEDIES, many a time his special Agent there
has sold over a ton in weight of the Ointment in a
single day. These terrible and fatal enemies of the
SOLDIER IN CAMP,
Diarrhoea, Dysentery, Scurvy, Sores & Scrof-
ulous Eruptions,
all disappear like a charm before these PILLS and
OINTMENT, and while the crying horrors
of the land.

TO ARMS! TO ARMS!
Do not let these brave men perish by disease,
by the hands these PRICIOUS REMEDIES,
that will enable them to resist the dangerous
exposures, the Fevers, the Chills, and the wounds which
they cannot avoid, and what is more, cannot fre-
quently get succor in the moment of need, whereas
if our brave men have only to put their hands into
their Knapsacks and find a sure remedy there for all
the ailments of the battle field, how many thou-
sands of lives would thus be saved who would other-
wise perish before relief could be obtained.

CAUTION.—None are genuine unless the
words "HOLLOWAY, NEW YORK and LONDON," are dis-
cible as a Water-mark in very leaf of the book
of directions around each pot or box; the same may
be plainly seen by holding the leaf to the light. A
handsome reward will be given to any one tendering
such information as may lead to the detection of any
party or parties counterfeiting the medicines or ven-
ding the same, knowing them to be spurious.

Sold at the Manufactory of HOLLOWAY,
100 Maiden Lane New York, and by all respect-
able Druggists and Dealers in Medicine, through-
out the civilized world, in boxes at 25 cents, 62 cts,
and \$1 each.

There is considerable saving by taking the
agent.

NO person who contemplates purchasing a Sewing
Machine for family or manufacturing purposes
should fail to send for one of our Circulars, which
contains full and full descriptions of the several
styles, prices and samples of work, all of which we

BEST SEWING MACHINES IN THE WORLD
For either Family or Manufacturing Purposes.
And all we ask is a fair trial. Read the following:
IMPORTANT FACTS.

FACT No. 1.—This Company being duly licensed,
their Machines are protected against infringe-
ments or litigation.

FACT No. 2.—These Machines make the lock-
stitch—like on both sides—and use a little less
than half as much thread and silk as the chain
or loop-stitch machines.

FACT No. 3.—These Machines are better adapted
for frequent changes in needle and thread, than any
other variety of sewing machine. They will sew
from one to twenty thicknesses of Marcelline
without stopping, and make every stitch perfect.
They will even sew from the finest gauze to the
heaviest cloth, and even stout, hard leather,
without changing the feed, needle, or tension, or
making any adjustment of machine whatever.

Is not such a machine best adapted to family use
and if best adapted to family use, why not for
every variety of light sewing machine? For
work too heavy for our Family Machine, we re-
commend our larger sizes.

FACT No. 4.—These Machines make the most es-
timate seam of any sewing-machine in use—a fact
of very great importance in sewing elastic goods,
or goods of any kind, or a bias.

FACT No. 5.—No Machine is more durable or
more simple in its construction, or more easily
understood. The reputation of these Machines
wherever used will fully demonstrate each of the
above facts.

FACT No. 6.—These Machines took the Highest
Premium at the Franklin Institute, Philadel-
phia.

FACT No. 7.—These Machines took the Highest
Premium at the New Jersey State Fair.

FACT No. 8.—These Machines took the Highest
Medal at the American Institute, in the City of
New York, together with the Highest Premium
for fine Sewing-Machine Work.

FACT No. 9.—These Machines took both the
Highest Premiums at the Mechanics' Fair, Utica,
N. Y.

FACT No. 10.—These Machines can do the same
thing generally, whenever properly exhibited in
competition with other first-class Sewing Ma-
chines. But we have space for only one fact
more—it is the most important fact of all

FACT No. 11.—We warrant every Machine we sell
to give better satisfaction than any other Sewing
Machine in market, or money refunded.
