

THE science of Chemistry and Medicine have een taxed their utmost to produce this best, nost perfect purgative which is known to man. most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedently upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole sedered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-co ted, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physition and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of our remedies, while others have sent me the assurance of their conviction that our preparations contribute immensely to the relief of my afflicted suffering fellow men.

The Agent below named is pleased to furnish matically approximate and approximations containing discountributed in the contributed in the

gratis our American Almanac, containing directions for the use and certificates of their cures,

of the following complaints:—
Costiveness, Bihous Complaints, Rheumatism, Dropsy, Heartburn, Headache arising
from a foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred com-plaints arising from a low state of the body or betruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Ayrn's Pills, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and Abey should have it.

Purify the Blood.

Nor a few of the worst disorders that afflict lates in the blood. Of all the discoveries that have been made to purge it out, none have been found which could equal in effect Aver's Compound Extract of Sarsaparilla. It cleanes and renovates the blood, instills the vigor of bealth into the system and purges out the humors which make disease. It stimulates the healthy functions of the body and expels the disorders that grow and rankle in the blood. Its extraordinary virtues are not yet widely known, but when they are it will no longer be a question what remedy to employ in the great variety of afflicting diseases that require an alterative remaidy. Such a remedy, that could be relied on, has long been sought for, and now, for the first time, the public have one on which they can de-pend. Our space here does not admit certifi-rates to show its effects. But the trial of a single bottle will show to the sick that it has virtues surpassing anything they have ever ta-ken. Sufferers from Scrofula, Scrofulous Swellings and Sores, try it and see the rapidity with which it cures. Skin Diseases, Pimples, Pustules, Blatches, Emptions, &c., are soon cleaned

cut-of the system.

Syphilis or Venereal Disease is expelled from
the system by the prolonged use of this SarsaPARILLA, and the patient is left as bealthy as if

Dr. Jacks N. Jean San :—I have been frequently requested to connect only nime with commendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere. I have in all cases declined, but with a clear proof in various instances. Ind particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once fromsmy usual course, to express my full conviction that, for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. Insome cases it may fail, but usually I doubt not it will be very bencheial of those who suffer from the above causes.
