

The science of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Immunerable proofs are shown that these Fills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedently upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or discordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-corted, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent elergymen and physicians have lent their names to certify to the untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of our remedies, while others have sent me the assurance of their conviction that our preparations contribute immensely to the relief of my afflicted suffering fellow men. The Agent below named is pleased to furnish gratis our American Almanac, containing directions for the use and certificates of their cures

of the following complaints:—
Costiveness, Biltous Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimula-ting the system, care many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and as Deafness, Partial Blindness, Neuralga and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred com-plaints arising from a low state of the body or obstruction of its functions. Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Ayen's Philis, and take nothing else.

No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and

they should have it.

Purify the Blood.

Nor a few of the worst disorders that afflict mankind arise from the corruption that accumu-lates in the blood. Of all the discoveries that hates in the blood. Of all the discoveries that have been made to purge it out, none have been found which could equal in effect Ayer's Coxpound Extract of Sarsaparities. It clemases and renovates the blood, instills the vigor of health into the system and purges out the humors which make disease. It stimulates the healthy functions of the body and expels the disorders that grow and rankle in the blood. Its extraordisease in the street widely known, but that grow and rankle in the blood. Its extraor-dinary virtues are not yet widely known, but when they are it will no longer be a question what remedy to employ in the great variety of afflicting diseases that require an alterative rem-edy. Such a remedy, that could be relied on, has long been sought for, and now, for the first time, the public have one on which they can de-pend. Our space here does not admit certifi-cates to show its effects. But the trial of a sized bottle will show to the sick that it has single bottle will show to the sick that it has virtues surpassing anything they have ever ta-ken. Sufferers from Scrofula, Scrofulous Swell-ings and Sores, try it and see the rapidity with which it cures. Skin Diseases, Pimples, Pus-tules, Botches, Eruptions, &c., are soon cleaned

out of the system.

Although not disposed to favor or recommend Patent medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reason why a man may not testify to the benefit he believes himself to have received from any simple preparation, in the hope that he may thus countribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were cheight an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and leng continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

Dr. Jacks.n.—Dr. Dr. Sir.—I have been frequently requested to connect my name with commendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my-own family, of the usefulness of Dr. Hoofland's German Bitters. I depart for once from my usual course, to express my full conviction that, for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.
