**THE AGE.**  
A National Democratic Newspaper,  
To be published Daily and Weekly in the City of Philadelphia.  
BY A. J. GLOSSBRENNER & CO.  
A. J. GLOSSBRENNER, P. J. GRUND, WM. H. WELAN.

"The Age" will advocate the principles and policy of the Democratic party, and will, therefore, necessarily favor the restoration of the Union as it was, and defend the Constitution of the United States, and of that of this Commonwealth.

It will freely and fairly discuss all legitimate subjects of newspaper comment, including, of course, and pre-eminently at this time, all questions connected with the existing unhappy condition of our country.

It will fearlessly criticize the public acts of public servants, and defend the legal and constitutional rights of individual citizens and of sovereign states against assaults from any quarter.

It will seek to awaken the minds of the people to a proper sense of the actual condition of the Republic—to present to them, truthfully, the fearful perils in which we stand as a nation—to exhibit the magnitude of the task that is before them, if they would check our downward progress—and to inspire them with patriotic determination to apply their energy for our national life.

In brief, it will, in all things, aim to be the faithful exponent of Democratic principles, and to render itself worthy to be an organ of the Democratic party, under whose auspices our country prospered so long and so well.

The restoration of that party to the party of the Constitution, and the Union to the party of the legislative and executive government of the States and of the Union, we believe to be necessary to avert anarchy, and the utter ruin of the Republic. To contribute to that restoration will be our highest aim.

The News, Literary, Commercial, and other departments, will receive due attention, and will be so conducted as to make "The Age" worthy of the support of the general reader.

The many difficulties now surrounding an enterprise of this magnitude, and in which the undersigned are engaged, require them to appeal to the public for a generous support, and to ask for "The Age" a liberal patronage and extended circulation.

The present state of the preparatory arrangements warrants the expectation, that the first number of the Daily will appear before the close of the present month, (February, 1863). The Weekly will be issued soon thereafter.

**Holloway's Pills and Ointment.**  
All who have friends and relatives in the army or navy, should take especial care, that they be supplied with these Pills and Ointment; and where the brave soldiers and sailors have neglected to provide themselves with them, no better present can be sent them by their friends. They have been proved to be the soldier's never-failing friend in the hour of need.

**Coughs and Colds Affecting Troops.**  
Will be speedily relieved and effectually cured by using these admirable medicines, and by paying particular attention to the directions which are attached to each pot or box.

**Sick Headache and Want of Appetite, Incidental to Soldiers.**  
Those feelings which so sadden us, usually arise from trouble or annoyances, obstructed perspiration, or eating and drinking whatever is unwholesome, thus disturbing the healthful action of the liver and stomach. These organs must be relieved, if you desire to be well. The pills, taking according to the printed instructions, will quickly produce a healthy action in both liver and stomach, and as a natural consequence a clear head and good appetite.

**Weakness or Drility induced by over Fatigue.**  
Will soon disappear by the use of these invaluable pills, and the soldier will quickly acquire additional strength. Never let the bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysentery and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these pills will correct the liver and stomach and thus remove all the acrid humors from the system. This medicine will give tone and vigor to the whole organic system however debilitated, while health and strength follow as a matter of course. Nothing will stop the relaxation of the bowels so sure as this famous medicine.

**Volunteers Attention! Indications of Youth Sore and Ulcers, blotches and swellings, can with certainty be radically cured if the pills are taken night and morning, and the ointment be freely used as stated in the printed instructions. If treated in any other manner they dry up in one part to break out in another. Whereas this ointment will remove the humors from the system and leave the patient vigorous and healthy man. It will require a little perseverance in bad cases to insure a lasting cure.**

**For Wounds either occasioned by the Bayonet, Sabre or the Bullet, Sore or Bruise.**  
To which every soldier and sailor are liable, there are no medicines so safe, sure and convenient as Holloway's Pills and Ointment. The poor wounded and almost dying sufferer might have his wounds dressed immediately, if he would only provide himself with this matchless Ointment, which should be thrust into the wound and smeared all round it, then covered with a piece of linen from his knapsack and compressed with a handkerchief. The patient night and morning 6 or 8 pills, to cool the system and prevent inflammation.

Every soldier's knapsack and seaman's chest should be provided with these valuable remedies.

**CAUTION.**—None are genuine unless the words "Holloway, New York, and London" are discernible as a Water-mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the manufactory of Professor Holloway, 80 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicine, throughout the civilized world, in boxes at 25 cents, 62 cts, and \$1 each.

N. B.—Directions for the guidance of patients in every disorder are affixed to each box.
