Important Order---Organization of the The Discharged Soldiers to be Drafted.

It is thought by many that all men who have been in the service during the present war, and who have been honorably discharged will be exempt from the approaching conscription. But the following, from a late official document is-In organizing the troops responding to the Proclamation of the Governor this day issued, sued by the Provost Marshal General, shows that all who were discharged before the 2d of March, 1863, are liable to be drafted: calling for 60,000 men for the defence of the

No regard is to be paid to their form-er period of service, or to the length and brevity mandant of the Department of the Susquehanof the period between the date of their discharge and that of the draft." This is very clear and emphatic. A man who has served out his time as a three months' man, and served after-wards up to the 1st of March, if discharged be-fore the 2d, is liable to be drafted, just as if he

This fact has been exem-plified in insumerable instances, but in few more forcibly than in the career of Doctor Hol-loway, of London. Another Disastrous Repulse at Port Hudson.

Five Colonels Killed or Wounded. OUR LOSS SEVEN HUNDRED.

NEW YORK, June 27 .- The Herald's New Orleans correspondent says a second aesault upon Port Hudson was made on the 11th inst, by the Union troops, and again disastrously repul-sed. The loss of field officers was very large, amounting to no less than five Colonels. Our

troops, though repulsed, fought bravely. It seems evident that Gen. Banks has not force enough to accomplish what he so daringly attempts, and it is to be hoped that he will speedily be reinforced from some quarter. It was expected another assault would be made

on the 19th. Colonel Dudley volunteered, and was to lead a "forlorg hope" or storming column was to lead a "torior nope" or storming counting of 4,000 men, all picked men and volunteers.— The result of this attack remains to be known. The loss in the repulse of the 14th is stated at 700 killed and wounded. Among the killed

are Col. Holcomb, 1st La. (white) regiment; Col. Bryant, 175th New York; and Lieutenant Hutchison, 75th New York. Among the wounded is Gen. Paine, in the leg

Attong the wounded is Gen. Faine, in the leg severely. Col. Smith, 114th New York, 'mor-tally; Col. Curry, 123d N. York, severely, both arms; Lieut, Col. Babcock, 75th New York, leg, slightly; Captain Savory, 75th New York, arm, slightly; Lieut. Thurbar, 75th New York, knee, slightly; Lieut. Crocker, 75th New York, sherkly. There exists for the binder of the slightly. These are but a few of the injured, the authorities refusing to give any list of the killed or wounded.

The enemy's loss is not one-fourth of ours. It is thought that General Paine's legs will ot have to be amputated.

Co'. Curry says that Port Hudson is one of the strongest places in the world. He describes the works as follows :-First, an abatis of felled trees for at least one hundred vards: then a ditch forty feet wide, with four to six feet of water in it; then a glacis about twenty feet high, water in it; then a glacis about twenty feet higs, sloping gradually to the parapet, on which is a protection for sharpshooters. Behind this, say one hundred yards, is another line of works, on which heavy field artillery are mounted. The correspondent of the Herald does not think it will be taken, except by starving out the grarmine.
