Children owe much of their Sickness to Colds.—
No matter where the disease may appear to be seated, its origin may be traced to suppressed perspiration or a Cold. Cramps and Lung Complaints are direct products of Colds. In short Colds are the harbingers of half the diseases that afflict humanity, for as they are caused by checked perspiration, and as five-eights of the waste matter of the body escapes through the pores, if these pores are closed, that portion of diseases necessarily follows. Keep clear, therefore, of Colds and Coughs, the great precursers of disease, or if contracted, break them up immediately, by a timely use of Madame Porter's Curative Bulsam. Sold by all Druggists, at 13 cents and 25 cents per bottle.

Induced by the extensive sale and universal popularity of Hoofland's German Bitters, (purely vegetable) hosts of ignorant Quacks and unscrupulous adventurers, have opened upon suffering humanity the flood gates of Nostrums in the shape of poor whiskey, vilely compounded with injurious drugs, and christened Tonics, Stomachies and Bitters.

Beware of the innumerable array of Alcoholic preparations in plethoric bottles, and big bellied kegs under the modest appellation of Bitters; which, instead of curing, only aggravate disease, and leave the disappointed sufferer in despair.

HOOFLAND'S GERMAN BITTERS.

From J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge.

Although not disposed to favor or recommend Patent medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reason why a man may not testify to the benefit he believes himself to have received from any simple preparation, in the hope that he may thus courtibute to the benefit of others.

I do this the more readily in regard to Roofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them fortmany years, under the impression that they were cheifly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and ong continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and had almost despaired of regaining. I therefore thank God and my friend for directing me to the use of them.

DR. JACKSON—DEAR SIR :-- I have been frequently DR. JACKSUN-DEAR SIR:—I have been frequently requested to connect my name with commendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and patticularly in my-own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail, but usually I doubt not it will be very beneficial to those who suffer from the above causes.

Germantown, June 1, 1861.

Dr. C. M. Jackson—Sir:—It gave me pleasure
two years ago, to give you a certificate, testifying
what the German Bitters had done for me. I am
now perfectly cured of all those diseases your medciene professes to cure, viz:—Dyspepsia, Chronic
and Nervous debility, diseases of the Kidneys, &c.
The powerful influence it exerts upon Nervous proxtration is surprising. I have been consulted frequently in reference to your Bitters, and without hesitation, have recommended it for the above complaints,
and in every instance it has effectually cured. Your
medicine has a great reputation in Germantown and
is now sold in every Drug store, and in most of the
Grocery stores here. If any one should question
what I say, let them come to Germantown, and I
will prove to their satisfaction, that the Bitters have
cured in this vicinity more than twenty cases of the
above disease. Respectfully.
